March 26, 2024

VIA: MSRB EMMA

To Whom it May Concern:

Attached hereto is the Fiscal Year 2023 Annual Disclosure Report ("Report") for the Public Utilities Commission of the City and County of San Francisco ("SFPUC"), Water Enterprise. This filing relates to the following associated base CUSIP number(s):

SFPUC Water Enterprise: 79765R and 79771F

This Report is being provided by the SFPUC in connection with our undertaking entered into in accordance with Rule 15c2-12, promulgated by the U.S. Securities and Exchange Commission. The information provided in this Report speaks only as of its date, March 26, 2024. The delivery of this Report may not, under any circumstances, create an implication that there has been no other change to the information provided in any final official statement. Other than as set forth in the Continuing Disclosure Agreement, SFPUC has not agreed to notify the secondary market of subsequent changes to the information in this Report.

The filing of this Report does not constitute or imply any representation (1) that any or all of the information provided is material to investors, (2) regarding any other financial, operating or other information relating to the security for the referenced securities, (3) that no changes, circumstances or events have occurred which may have a bearing on the security for the referenced securities or an investor's decision to buy, sell, or hold the referenced securities.

Any statements regarding the referenced securities, other than a statement made by the City and County of San Francisco in an official release or subsequent notice or annual report, published in a financial newspaper of general circulation and/or filed with the Municipal Securities Rulemaking Board ("MSRB") or on Electronic Municipal Market Access ("EMMA"), are not authorized by the SFPUC. The SFPUC shall not be responsible for the accuracy, completeness, or fairness of any such unauthorized statement.

If you have any questions regarding this Report, please contact Nikolai J. Sklaroff, Capital Finance Director at (415) 551-2973 or by e-mail at capitalfinance@sfgwater.org.

Sincerely,

/s/ Dennis J. Herrera

Loan Agreement	Purpose	Date	Agreement Amount	Disbursements Received (June 30, 2023)	Principal Outstanding (June 30, 2023)
-------------------	---------	------	---------------------	--	---

Clean Water State Revolving Fund Loan and Grant D17-01001	San Francisco Westside Recycled Water Project	September 14, 2017	\$186,220 ⁽⁴⁾	\$136,527 ⁽⁴⁾	\$131,525 ⁽⁵⁾
Clean Water State Revolving Fund Loan D21-02030	Mountain Tunnel Improvement Project	April 28, 2022	238,219	0	32,102 ⁽⁵⁾

- * All outstanding bonds held in trust by U.S. Bank Trust Company, National Association, as successor to U.S. Bank National Association (the "Trustee").
- (1) Represents outstanding indebtedness secured by a senior lien parity pledge of Net Revenues. Does not include subordinate debt.
- (2) The 2010 Sub-Series B, Sub-Series E, and Sub-Series G Bonds were issued as Build America Bonds.
- (3) Total excludes Commercial Paper. The Water Enterprise maintains a \$500 million Interim funding program, which is subordinate to the outstanding revenue bonds. As of June 30, 2023, the SFPUC had approximately \$371 million principal amount of Water Commercial Paper Notes outstanding. The Commercial Paper Notes are secured by respective bank credit facilities, as follows: (a) a \$100 million letter of credit from SMBC, which expires on May 16, 2025; (b) a \$200 million letter of credit from Sumitomo Mitsui, which expires on June 15, 2027 (c) a \$100 million letter of credit from Barclay's Bank PLC, which expires on July 19, 2024, and(d) a \$100 million Revolving Credit Agreement from U.S. Bank National Association, which expires on July 19, 2024; There was no outstanding amount on the Revolving Credit Agreement as of June 30, 2023. See "Subsequent Events" section for more information regarding the Water Enterprise Interim Funding Program.
- (4) Represents the maximum possible loan amount; a portion of this loan is anticipated to be a grant (\$15 million)
- (5) Principal outstanding includes disbursements requested but not received as of June 30, 2023.

City of San José	4.3	4.2	4.2	4.1	3.8	2.2%
All Other Wholesale Customers ⁽⁵⁾	30.0	31.0	31.5	29.5	26.7	15.6%
Wholesale water sales	125.0	131.6	135.0	128.4	118.5	69.5%
Total water sales^{(5) †}	184.5	190.9	188.6	180.8	170.5	100.0%
% Change from prior year	-2.9%	3.9%	-1.6%	-4.1%	-5.7%	

[†] Totals may not add due to independent rounding.

(1) Includes docks and ships under Commercial.

(2) The Municipal category includes the San Bruno Jail, a City department located outside San Francisco, and master metered Treasure Island water sales. Current Treasure Island usage represents purchases by the Treasure Island Development Authority and various commercial, residential, and governmental leases. As new development is completed on Treasure Island, customers will open individual accounts under the appropriate commercial or residential line items and the master-metered amount will be reduced accordingly.

(3) SFO is included as a Suburban Retail Customer because SFO re-sells the water to its tenants.

(4) California Water Service Company, Daly City, and San Bruno, participate in the conjunctive use groundwater program and receive a bill credit for regional water system usage in-lieu of groundwater pumping. Totals reported in this table exclude water credited under the conjunctive use program.

⁽⁵⁾ Unaccounted for in-city water was 6.7 mgd in Fiscal Year 2018-19, 6.3 mgd in Fiscal Year 2019-20, 4.8 mgd in Fiscal Year 2020-21, 5.9 mgd in Fiscal Year 2021-22, and 6.3 mgd in Fiscal Year 2022-23 as determined by comparing SFPUC Customer Service sales data with delivery data from City Distribution Division. Unaccounted for water includes water delivery system leaks and water not billed or tracked in the system (i.e., water used for firefighting, flushing water system pipes). Unaccounted for water has averaged approximately 11% of retail sales per year over the last 5 years. For Fiscal Year 2022-23, 6.3 mgd represents an unaccounted for water loss of approximately 12% of retail sales.

**SFPUC WATER ENTERPRISE
HISTORICAL AND ADOPTED PERCENTAGE INCREASES (DECREASES)
IN RETAIL AND WHOLESALE WATER RATES**

<u>Effective Date</u>	<u>Retail Rates</u>	<u>Wholesale Rates *</u>
July 1, 2014	12.0% ⁽¹⁾	19.6
July 1, 2015	12.0 ⁽¹⁾	28.0
July 1, 2016	10.0 ⁽¹⁾	9.3
July 1, 2017	7.0 ⁽¹⁾	0.0
July 1, 2018	7.8 ⁽²⁾	0.0
July 1, 2019	8.3 ⁽²⁾	0.0
July 1, 2020	7.8 ⁽²⁾	0.0
July 1, 2021	7.9 ⁽²⁾	0.0
July 1, 2022	0.0 ⁽³⁾	15.9
July 1, 2023	5.0 ⁽⁴⁾	9.7

* Pursuant to the 25-year Water Supply Agreement ("WSA"), wholesale rates are adopted annually based on an estimate of the Wholesale Revenue Requirement.

(1) Four-year rate increases for retail customers adopted effective July 1, 2014 through June 30, 2018.

(2) Four-year rate increases for retail customers adopted effective July 1, 2018 through June 30, 2022 resulting in revenue requirement increases of 9% in fiscal year ending 2019, 8% in fiscal year ending 2020, and 7% in fiscal year ending 2021 and 2022.

(3) No retail rate increase adopted and effective for Fiscal Year 2022-23.

(4) Three-year retail rate increases effective July 1, 2023 through June 30, 2026.

⁽¹⁾ Operating and Investment Income presented in this table differs from the Change in Net Assets presented in the Statement of Revenues, Expenses and Changes in Net Assets in the Audited Financial Statements. This table excludes certain elements of non-operating revenue and expenses included in the Statements of Revenues,

Expenses and Changes in Net Position. Examples of excluded elements are Grant Revenue, Interest Expense and Gains from Sale of Assets.

- (2) Increase between Fiscal Years 2021-22 and 2022-23 mainly due to an adopted rate increase of 15.9% for wholesale customers and a 5% drought surcharge for retail customers beginning July 1, 2022.
- (3) Decrease between Fiscal Years 2021-22 and 2022-23 mainly due to lease terminations.
- (4) Decrease between Fiscal Years 2021-22 and 2022-23 mainly due to decreased consumption by other City departments. Also, non-operating revenues were added in Fiscal Year 2021-22 per indenture.
- (5) Decrease between Fiscal Years 2021-22 and 2022-23 due to decrease of Capacity Fees permits issued.
- (6) Increase between Fiscal Years 2021-22 and 2022-23 due to prior year unrealized losses and higher interest earned on pooled cash.
- (7) Increase between Fiscal Years 2021-22 and 2022-23 due to pensions and OPEB based on actuarial reports.
- (8) Increase between Fiscal Years 2021-22 and 2022-23 due to custom work charges.
- (9) Increase between Fiscal Years 2021-22 and 2022-23 mainly due to water treatment supplies.
- (10) Increase between Fiscal Years 2021-22 and 2022-23 due to additional capital assets placed into service in the current fiscal year.
- (11) Increase between Fiscal Years 2021-22 and 2022-23 mainly due to additional water assessment fees paid to Hetchy Water.
- (12) Decrease between Fiscal Years 2021-22 and 2022-23 due to increase in construction in progress interest capitalization. Includes reduction for State Revolving Fund loan fees in lieu of interest, partially offset from increased capitalization, pending general liability expenses.
- (13) Represents adjustment to show investing activities annualized on a cash basis.
- (14) Changes in working capital represents adjustments to reconcile operating income to net cash provided by operating activities from the Statements of Cash Flows in the audited financial statements. Fiscal Year 2022-23 adjustments primarily driven by adjustments relating to receivables, accounts payable pension obligations, OPEB, the wholesale balancing account, damage claims liability and other liabilities.
- (15) Net revenues for the year ended June 30, 2023 include appropriated available funds from the Annual Appropriation Ordinance. Such amount offsets Operating and Maintenance Expenses in Current Basis calculations.
- (16) "Net Revenue" is presented on a cash basis.
- (17) Refundable Credits actually received by the SFPUC are reflected as reductions in Bond Debt Service and are excluded from Net Revenue. Prior to January 9, 2020, due to federal sequestration, the Indenture required that Refundable Credits not be reflected as reductions in Bond Debt Service but rather permitted an adjustment to Net Revenue; however, an amendment to the Indenture that allows for Refundable Credits actually received by the SFPUC to be reflected as reductions in Bond Debt Service and excluded from Net Revenue went into effect on January 9, 2020.
- (18) Per Indenture, in addition to current year cash flow, coverage calculation includes certain "Other Available Funds," which are not budgeted to be spent in such twelve months and legally available to pay debt service.
- (19) Coverage does not include debt service on subordinate obligations, including the Water Enterprise's share of lease payments associated with the 2009 Golden Gate COPs and debt service on Commercial Paper Notes.
- (20) Unaudited. Calculated as ratio between Net Revenues over debt service on all senior lien obligations; excludes "Other Available Funds."

SUBSEQUENT EVENTS

1. Water Revenue Bonds 2023 Series AB Issuances

On July 27, 2023, the SFPUC issued its San Francisco Water Revenue Bonds, 2023 Sub-Series A (Regional Water and Local Water) and 2023 Sub-Series B (Hetch Hetchy Water) in the aggregate principal amount of \$414,035,000 to (i) refund Commercial Paper Notes issued to finance and refinance a portion of the design, acquisition and construction of various capital projects of benefit to the SFPUC's Water Enterprise, (ii) finance and refinance a portion of the design, acquisition and construction of various capital projects of benefit to the SFPUC's Water Enterprise, and (iii) fund capitalized interest through May 1, 2025.

2. Water Revenue Bonds 2023 Series CD Issuances

On August 10, 2023, the SFPUC issued its San Francisco Water Revenue Bonds, 2023 Sub-Series C (Refunding) (WSIP) (Green Bonds), and 2023 Sub-Series D (Tax-exempt) (Local Water) an aggregate principal amount of \$514,855,000 to (i) pay the purchase price of certain outstanding water revenue bonds of the SFPUC tendered for cash pursuant to a tender offer and (ii) advance refund certain outstanding water revenue bonds of the SFPUC.

3. Water Enterprise Commercial Paper Program

On July 10, 2023, the SFPUC entered into new commercial paper dealer agreements with Bank of America Securities, Inc., J.P. Morgan Securities LLC and Wells Fargo Bank, National Association for the offering and sale, and remarketing from time to time of Commercial Paper Notes.

Independent Auditor's Report

Honorable Mayor and the Board of Supervisors
City and County of San Francisco, California

Opinion

We have audited the financial statements of the San Francisco Water Enterprise (the Enterprise), an enterprise fund of the City and County of San Francisco (City), as of and for the year ended June 30, 2023, and the related notes to the financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the Enterprise as of June 30, 2023, and the changes in financial position and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Enterprise, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matters

As discussed in Note 1, the financial statements present only the Enterprise and do not purport to, and do not, present fairly the financial position of the City, as of June 30, 2023 and 2022, the changes in its financial position, or, where applicable, its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

As discussed in Note 2 to the financial statements, effective July 1, 2021, the Enterprise adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 96, *Subscription-Based Information Technology Arrangements*. Our opinion is not modified with respect to this matter.

Other Matter

The financial statements of the Enterprise as of and for the year ended June 30, 2022, were audited by another auditor, who expressed an unmodified opinion on those statements on January 27, 2023.

Responsibilities of Management for the Financial Statements

The Enterprise's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Enterprise's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, as listed in the table of contents, be presented to supplement the financial statements. Such information is the responsibility of management and, although not a part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 26, 2023 on our consideration of the Enterprise's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Enterprise's internal control over financial reporting or on

compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Enterprise's internal control over financial reporting and compliance.

SAN FRANCISCO WATER ENTERPRISE
Management's Discussion and Analysis (Unaudited)
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

This section presents management's analysis of the San Francisco Water Enterprise's (the Enterprise) financial condition and activities as of and for fiscal years ended June 30, 2023 and 2022. Management's Discussion and Analysis (MDA) is intended to serve as an introduction to the Enterprise's financial statements. This information should be read in conjunction with the audited financial statements that follow this section. All dollar amounts, unless otherwise noted, are expressed in thousands of dollars.

The information in this MDA is presented under the following headings:

- Organization and Business
- Overview of the Financial Statements
- Financial Analysis
- Capital Assets
- Debt Administration
- Rates and Charges
- Request for Information

Organization and Business

The San Francisco Public Utilities Commission (SFPUC or the Commission) is a department of the City and County of San Francisco (the City) that is responsible for the maintenance, operation, and development of three utility enterprises: Water (the Enterprise), Hetch Hetchy Water and Power and CleanPowerSF, and Wastewater. The Enterprise collects, transmits, treats, and distributes high-quality drinking water to a total population of approximately 2.7 million people, including retail customers in the City and wholesale customers located in San Mateo, Santa Clara, and Alameda Counties. The Enterprise sold approximately 170 million gallons of water per day in the year ended June 30, 2023. Approximately 69% of the water delivered by the Enterprise is to wholesale customers. Retail customers use the remaining 31% and are primarily San Francisco consumers, including residential, commercial, industrial, and governmental users. Wholesale customers include cities, water districts, one private utility, and one non-profit university. Service to these customers is provided pursuant to the 25-year Amended and Restated Water Supply Agreement (WSA), commenced on July 1, 2009, which established the basis for determining the costs of wholesale service.

Overview of the Financial Statements

The Enterprise's financial statements include the following:

Statements of Net Position present information on the Enterprise's assets, deferred outflows, liabilities, and deferred inflows as of year-end, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Enterprise is improving or worsening.

While the *Statements of Net Position* provide information about the nature and amount of resources and obligations as of year-end, the *Statements of Revenues, Expenses, and Changes in Net Position* present the results of the Enterprise's operations over the course of the fiscal year and information as to how the net position changed during the year. These statements can be used as an indicator of the extent to which the Enterprise has successfully recovered its costs through user fees and other charges. All changes in net position are reported during the period in which the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in these statements from some items that will result in cash flows in future fiscal periods, such as delayed collection of operating revenues and the expenses of employee earned but unused vacation leave.

SAN FRANCISCO WATER ENTERPRISE
Management's Discussion and Analysis (Unaudited)
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

The *Statements of Cash Flows* present changes in cash and cash equivalents resulting from operational, capital financing, non-capital financing, and investing activities. These statements summarize the annual flow of cash receipts and cash payments, without consideration of the timing of the event giving rise to the obligation or receipt and exclude non-cash accounting measures of depreciation or amortization of assets.

The *Notes to Financial Statements* provide information that is essential to a full understanding of the financial statements that is not displayed on the face of the financial statements.

Financial Analysis

Financial Highlights for Fiscal Year 2023

- Total assets exceeded total liabilities by \$565,858.
- Net position increased by \$58,646 or 9.3% during the fiscal year.
- Capital assets, net of accumulated depreciation and amortization increased by \$30,720 or 0.5% to \$5,648,314.
- Current and other assets decreased by \$99,623 or 12.5% mainly due to bond principal and interest payments, capital project expenses, and payments for salaries.
- Operating revenues increased by \$117,974 or 20.6% to \$691,091.
- Operating expenses increased by \$58,489 or 14.6% to \$460,253.

Financial Highlights for Fiscal Year 2022

- Total assets exceeded total liabilities by \$727,284.
- Net position decreased by \$17,937 or 2.8% during the fiscal year.
- Capital assets, net of accumulated depreciation and amortization increased by \$29,795 or 0.5% to \$5,617,594.
- Current and other assets increased by \$8,816 or 1.1% mainly due to net pension asset.
- Operating revenues decreased by \$9,319 or 1.6% to \$573,117.
- Operating expenses decreased by \$47,018 or 10.5% to \$401,764.

SAN FRANCISCO WATER ENTERPRISE
Management's Discussion and Analysis (Unaudited)
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

Net Position, Fiscal Year 2023

For the period ended June 30, 2023, the Enterprise's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$692,073. Total net position increased from prior year by \$58,646 or 9.3% (see Table 1). The increase in net position was the result of a decrease of \$128,975 in liabilities and deferred inflows of resources offset by a decrease of \$70,329 in assets and deferred outflows of resources.

Current and other assets are primarily comprised of restricted and unrestricted balances of cash, receivables for water deliveries and services, interest and lease receivables, interfund receivables due from other governmental agencies, prepaids, and inventory.

During the fiscal year 2023, current and other assets decreased by \$99,623 or 12.5%. The decreases included \$100,407 in restricted net pension asset based on actuarial estimates, \$45,106 in restricted and unrestricted cash and investments mainly due to debt principal and interest payments, capital projects spending, payments for salaries and goods and services, \$6,625 in prepaid expenses of multiple software licensing and membership fees, \$2,535 in lease receivable due to lease payments received, \$882 in subscription asset from the implementation of Governmental Accounting Standards Board (GASB) Statement No. 96 - *Subscription-Based Information Technology Arrangements (SBITAs)*, \$632 in restricted interest and other receivables mainly due to capacity fees, and \$63 mainly for custom work projects due from the Department of Public Works (DPW). These decreases were offset by increases of \$28,594 for a reimbursement receivable from the State Water Resources Control Board (SWRCB) State Revolving Funds Loan relating to the Mountain Tunnel Improvement and SF Westside Recycled Water projects, \$11,007 in notes receivable from the sale of the Balboa Reservoir, \$10,052 in Wholesale Balancing Account receivable (see Note 11 for details), \$2,249 in interest receivable mainly due to higher interest rates, \$2,205 in charges for services receivable mainly due to a 15.9% rate increase for wholesale customers beginning July 1, 2022, \$1,389 in inventory due to more purchases than issuances during the fiscal year, and \$1,131 in lease asset due to additional leases in the current year.

Capital assets, net of accumulated depreciation and amortization, increased by \$30,720 or 0.5% mainly due to Mountain Tunnel Improvement and SF Westside Recycled Water projects. The largest portion of the Enterprise's net position of \$545,542 or 78.8% represents net investment in capital assets (see Capital Assets section of the MDA for more information), which decreased by \$39,104 or 6.7% from prior year's \$584,646. The change was explained by an increase of \$62,664 in liabilities related to capital assets mainly from State Revolving Funds Loan relating to the Mountain Tunnel Improvement and SF Westside Recycled Water projects, offset by a \$23,560 increase in capital assets mainly from increased buildings, structures and improvements.

Deferred outflows of resources decreased by \$1,426 due to decreases of \$14,846 from amortization for unamortized loss on refunding and \$3,829 in OPEB obligations based on actuarial estimates, offset by an increase of \$17,249 from pensions based on actuarial estimates.

Total liabilities increased by \$92,523, which was due to increases of \$165,162 in commercial paper from additional principal issuances, \$115,343 in pensions based on actuarial reports, \$41,866 in State Revolving Funds Loan payable due to additional loans related to the Mountain Tunnel Improvement and SF Westside Recycled Water projects, \$15,329 in restricted and unrestricted payables due to higher year end expense accruals for capital projects as compared to prior year, \$4,486 in OPEB obligations based on actuarial estimates, \$2,440 payable to San Francisco Municipal Transportation Agency for a settlement payable relating to the Van Ness Corridor Transit Improvement project, \$1,168 in accrued payroll, vacation and sick leave due to cost of living adjustments and actuarial entries, \$1,147 in lease liability from

SAN FRANCISCO WATER ENTERPRISE
Management's Discussion and Analysis (Unaudited)
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

additional leases, and \$762 in workers' compensation based on actuarial estimates. These increases were offset by decreases of \$150,089 in outstanding revenue bonds from \$125,285 in bond repayment, \$24,812 in bond premium amortization, offset by \$8 in bond discount amortization, \$79,150 in the Wholesale Balancing Account liability (see Note 11 for details), \$16,444 in general liability based on actuarial report, \$5,160 in unearned revenues mainly from lower custom work deposits and reduced Bay Area Water Supply and Conservation Agency (BAWSCA) Bond Surcharges, \$3,138 in certificates of participation from \$3,124 in principal repayment and \$14 in amortization of premium, \$848 in subscription liabilities from the implementation of GASB Statement No. 96 – SBITAs, and \$351 in interest payable from lower outstanding revenue bonds.

Deferred inflows of resources decreased by \$221,498 due to decreases of \$220,200 related to pensions based on actuarial estimates and \$3,025 in leases based on Controller's Office GASB 87 lease calculations, offset by an increase of \$1,727 in OPEB obligations based on actuarial estimates.

Net Position, Fiscal Year 2022

For the period ended June 30, 2022, the Enterprise's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$633,427. Total net position decreased from prior year by \$17,937 or 2.8% (see Table 1). The decrease in net position was the result of an increase of \$23,776 in liabilities and deferred inflows of resources offset by an increase of \$5,839 in assets and deferred outflows of resources.

Current and other assets are primarily comprised of restricted and unrestricted balances of cash, receivables for water deliveries and services, interfund receivables due from other governmental agencies, and inventory.

During the fiscal year 2022, current and other assets increased by \$8,816 or 1.1%. The increases included \$100,407 in restricted net pension asset based on actuarial estimates, \$6,276 in prepaid charges advances and other receivables mainly for a settlement from PG&E related to damages on Casitas Avenue in San Francisco, \$6,267 in charges for services attributed to more billings, net of decrease in allowance for doubtful accounts due to utility arrearage relief payment received from the State as Federal pass-through from the California Water and Wastewater Arrearages Payment Program (CWWAPP), \$1,577 in subscription asset from the implementation of GASB Statement No. 96, \$865 in inventory due to more purchases than issuances during the fiscal year, \$167 in interest, leases and other receivables due to higher interest rates, and \$159 in restricted interest and other receivables. These increases were offset by decreases of \$60,453 in restricted and unrestricted cash and investments mainly due to debt principal and interest payments, capital projects spending, payments for salaries and goods and services, \$41,993 reimbursement from the State Water Resources Control Board (SWRCB) State Revolving Funds Loan relating to the SF Westside Recycled Water project, \$2,945 in leases receivable from the implementation of Governmental Accounting Standards Board (GASB) Statement No. 87 – Leases, \$1,425 in lease asset from the implementation of GASB Statement No. 87 – Leases, \$70 mainly for custom work projects due from the Department of Public Works, and \$16 for a Federal grant of culvert repairs relating to the Santa Clara Unit Lightning Complex fires.

Capital assets, net of accumulated depreciation and amortization, increased by \$29,795 or 0.5% mainly due to Water Main Replacement, Treasure Island Well, Serramonte Well and all other well construction, and capital improvement activities. The largest portion of the Enterprise's net position of \$584,646 or 92.3% represents net investment in capital assets (see Capital Assets section of the MDA for more information), which increased by \$67,344 or 13.0% from prior year's \$517,302. The change was explained by an

SAN FRANCISCO WATER ENTERPRISE
Management's Discussion and Analysis (Unaudited)
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

increase of \$81,232 in capital assets mainly from increased buildings, structures and improvements, offset by a decrease of \$13,888 in liabilities related to capital assets mainly from bond principal repayment.

Deferred outflows of resources decreased by \$32,772 due to decreases of \$15,510 from amortization for unamortized loss on refunding, \$11,945 relating to pensions based on actuarial reports, and \$5,317 from OPEB obligations based on actuarial estimates.

Total liabilities decreased by \$220,549 which was due to decreases of \$216,417 in pensions based on actuarial report, \$133,840 in outstanding revenue bonds from principal repayments, \$4,656 from OPEB obligations due to actuarial report, \$3,025 in certificates of participation mainly due to principal repayments, \$1,381 in lease liability from the implementation of GASB Statement No. 87 - Leases, \$745 in interest payable mainly due to lower bonds outstanding, and \$654 in general liability based on actuarial report. These decreases were offset by increases of \$100,435 in commercial paper from additional principal issuances, \$14,354 in State Revolving Funds Loan payable due to additional loans related to the SF Westside Recycled Water project, \$4,759 in restricted and unrestricted payables due to higher year end accruals as compared to prior year, \$1,556 in subscription liability from the implementation of GASB Statement No. 96, \$463 in accrued payroll, vacation and sick leave due to actuarial entries, \$171 in unearned revenues mainly for deposits on custom work, and \$145 in workers' compensation based on actuarial estimates. The Enterprise owed the wholesale customers \$79,150, an increase of \$18,286 which was mainly due to annual revenues from the wholesale customers exceeding their share of expenditures. This amount was recorded as a liability in accordance with the 2009 Water Supply agreement. See Note 11, Water Supply Agreement, for additional details.

Deferred inflows of resources increased by \$244,325 due to an increase of \$243,819 related to pensions and \$4,033 from OPEB benefits based on actuarial reports, offset by a decrease of \$3,527 from leases due to the implementation of GASB Statement No. 87 - Leases.

Results of Operations

The following table summarizes the Enterprise's revenues, expenses, and changes in net position.

SAN FRANCISCO WATER ENTERPRISE
Management's Discussion and Analysis (Unaudited)
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

Results of Operations, Fiscal Year 2023

The Enterprise's total revenues of \$742,926 for the year represented an increase of \$138,834 or 23.0% from prior year (see Table 2). Increases included \$121,715 from charges for services, and \$22,052 in interest and investment income. These increases were offset by decreases of \$3,258 in other operating revenues, \$1,192 in other non-operating revenues, and \$483 in rents and concessions.

Charges for services were \$661,241, an increase of \$121,715 or 22.6% mainly due to an adopted rate increase of 15.9% for wholesale customers and a 5% drought surcharge for retail customers beginning July 1, 2022. Rents and concessions were \$13,282, a decrease of \$483 or 3.5% mainly due to lease terminations. Other operating revenues were \$16,568, a decrease of \$3,258 or 16.4% mainly due to decreased consumption by other City departments and fewer capacity fee applications. Interest and investment income was \$11,156, an increase of \$22,052 or 202.4% due to prior year unrealized losses and higher interest earned on pooled cash. Other non-operating revenues were \$40,679, a decrease of \$1,192 or 2.8% due to an accrued settlement and water utility arrearages relief grant received in prior year.

The Enterprise's total expenses were \$666,970, an increase of \$60,572 or 10.0%. Operating expenses were \$460,253, an increase of \$58,489 or 14.6%, as a result of increases of \$52,324 in personnel services mainly due to pensions based on actuarial estimates, \$6,937 in depreciation from additional capital assets placed into service, \$6,603 in services provided by other departments mainly for higher water assessments fees paid to Hetch Hetchy Water, \$4,357 in contractual services mainly for custom work and professional & specialized service charges, and increase of \$4,327 in materials and supplies mainly for water treatment supplies. These increases were offset by a decrease of \$16,059 in general administrative and other expenses mainly from judgement and claims. Interest expenses increased by \$1,232, compared to prior year, mainly due to increased commercial paper interest. Amortization of bond premium, discount, refunding loss and issuance costs increased by \$96 mainly due to amortization of bond refunding loss. Non-operating expenses increased by \$947 mainly for youth employment and employment projects.

Transfer in of \$5 from the General Fund was for the Mayor's Office's minimum compensation ordinance. Transfer out of \$20,032 included \$20,000 to Hetch Hetchy Water to fund various Mountain Tunnel Improvement projects, and \$32 to the Office of the City Administrator for the Enterprise's contribution to the Surety Bond Program. Capital contribution of \$2,717 was received from a developer for assets relating to the Potrero HOPE SF and Sunnysdale HOPE SF projects.

Results of Operations, Fiscal Year 2022

The Enterprise's total revenues of \$604,092 for the year represented a decrease of \$25,592 or 4.1% from prior year (see Table 2). Decreases included \$12,270 from interest and investment loss, \$10,780 from charges for services, and \$4,003 from other non-operating revenues. These decreases were offset by increases of \$1,431 in other operating revenues, and \$30 in rents and concessions.

Charges for services were \$539,526, a decrease of \$10,780 or 2.0% mainly due to 4.1% reduced consumption, offset by an adopted rate increase of 7.0% for retail customers beginning July 1, 2021. Rents and concessions were \$13,765, an increase of \$30 or 0.2% mainly due to a lease transfer fee and new tenants. Other operating revenues were \$19,826, an increase of \$1,431 or 7.8% mainly from increased capacity fee permits issued and a 7.0% adopted rate increase for retail customers. Interest and investment loss was \$10,896, a decrease of \$12,270 or 893.0% mainly due to unrealized losses as a result of the decline in market value of investments due to rising interest rates. Other non-operating revenues were \$41,871, a decrease of \$4,003 or 8.7% mainly due to \$15,000 in State revolving fund (SRF) grant recognized in the prior year, \$1,477 decrease in gain from sale of fixed assets, \$292 in federal bond

SAN FRANCISCO WATER ENTERPRISE
Management's Discussion and Analysis (Unaudited)
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

subsidies, offset by increases of \$6,750 from a PG&E settlement and \$5,929 from a water utility arrearages relief grant and \$87 in other non-operating revenues.

The Enterprise's total expenses were \$606,398, a decrease of \$21,488 or 3.4%. Operating expenses were \$401,764, a decrease of \$47,018 or 10.5%, the result of decreases of \$49,143 in personnel services mainly due to decreases in pension obligations based on actuarial report, \$5,357 in general and administrative and other expenses due to higher judgement and claims in prior year, and \$1,467 in contractual services mainly from other current expenses and subscriptions. These decreases were offset by increases of \$3,333 in depreciation due to additional capital assets placed into service, \$3,072 in services provided by other departments mainly for higher water assessment fees paid to Hetch Hetchy Water and higher gas and electric charges paid to Hetch Hetchy Power, and \$2,544 in materials and supplies mainly for water treatment supplies. Interest expenses increased by \$29,003 due to reduced bond interest capitalization resulting from the implementation of GASB 89, *Accounting for Interest Cost Incurred Before the End of a Construction Period*, in fiscal year 2022. Amortization of bond premium, discount, refunding loss and issuance costs increased by \$2,093 due to prior year bond issuance costs. Non-operating expenses decreased by \$1,380 mainly due to prior year grant payments for water conservation.

Transfers in of \$15,035 from the City included \$15,030 for the Earthquake Safety and Emergency Response program, and \$5 from the General Fund for low income assistance programs. Transfers out of \$30,666 included \$30,000 to Hetch Hetchy Water to fund various Mountain Tunnel projects, \$500 to DPW for the UN Plaza Large Alternative Water Source project and purchase of capital assets, \$134 for the Arts Commission for the arts enrichment fund for the new CDD Headquarters, and \$32 to the Office of the City Administrator for the Enterprise's contribution to the Surety Bond Program.

Capital Assets

The following table summarizes changes in the Enterprise's capital assets.

Table 3
Capital Assets, Net of Accumulated Depreciation and Amortization
As of June 30, 2023, 2022, and 2021

	2023	2022	2021	2023-2022 Change	2022-2021 Change
Facilities, improvements, machinery, and equipment	\$ 5,005,667	5,056,747	4,948,186	(51,080)	108,561
Intangible assets	2,331	3,152	2,763	(821)	389
Land and rights-of-way	113,322	113,441	104,248	(119)	9,193
Construction work in progress	526,994	444,254	532,602	82,740	(88,348)
Total	<u>\$ 5,648,314</u>	<u>5,617,594</u>	<u>5,587,799</u>	<u>30,720</u>	<u>29,795</u>

Capital Assets, Fiscal Year 2023

The Enterprise has net capital assets of \$5,648,314 invested in a broad range of utility capital assets as of June 30, 2023 (see Table 3). The investment in capital assets includes land, facilities, improvements, water treatment plants, aqueducts, water transmission, distribution mains, water storage facilities, pump stations, water reclamation facilities, machinery, and equipment. The Enterprise's net revenue and long-term debt are used to finance capital investments. Capital assets, net of accumulated depreciation and amortization, increased by \$30,720 from the prior year. Facilities, improvements, machinery, and equipment decreased by \$51,080 mainly due to depreciation. Intangible assets decreased by \$821 mainly due to amortization. Land decreased by \$119 from the sale of Balboa Reservoir. Construction work in progress increased by \$82,740 mainly from the Mountain Tunnel Improvement and SF Westside Recycled Water projects.

SAN FRANCISCO WATER ENTERPRISE
Management's Discussion and Analysis (Unaudited)
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

Major additions to construction work in progress during the year ended June 30, 2023 include the following:

Mountain Tunnel Improvements	\$	22,623
SF Westside Recycled Water Project		9,400
New Water Utility Service Facilities		7,594
Water Main Replacement and Auxiliary Water Supply System Pipeline - 19th Ave		7,183
College Hill Reservoir Outlet and Pipeline		7,087
Sunol Valley Water Treatment Plant Ozonation		6,987
Water Main Replacement - WD-2718 Prospect/Cortland/Fair Ave		5,987
Harry Tracy Water Treatment Plant - Filters No. 1 to 6 Underdrain Replacement		5,939
Water Main Replacement - WD-2859 Taraval Segment B		5,649
San Joaquin Pipeline Valve and Safe Entry Improvements		5,486
Water Main Replacement - WD-2843 Diamond/27th/28th Streets		5,372
Water Main Replacement - WD-2806 Vicente Street/19th to 25th Ave		5,189
Regional Groundwater Storage and Recovery		5,152
Other project additions individually below \$5,000		80,743
Total	\$	<u>180,391</u>

Major land, depreciable facilities, improvements, intangible assets, machinery, and equipment placed in service, including transfers of completed projects from construction work in progress, during the year ended June 30, 2023 include the following:

Auxiliary Water Supply System Pumping Station No. 2 Improvement - Structural System	\$	14,683
Water Main Replacement - WD-2811 17th/Clayton/Ord Streets		11,240
New Water Utility Service Facilities		7,594
Water Main Replacement - 19th Ave		7,018
Auxiliary Water Supply System Pumping Station No. 2 Improvement - Diesel Engine Generator		6,235
Other items individually below \$5,000		54,730
Total	\$	<u>101,500</u>

See Note 4 for additional information about Capital Assets.

Water System Improvement Program (WSIP)

The WSIP delivers capital improvements that enhance the Enterprise's ability to provide reliable, affordable, high-quality drinking water to its 27 wholesale customers and regional retail customers in Alameda, Santa Clara, and San Mateo Counties, as well as approximately 800,000 residential customers in San Francisco, in an environmentally sustainable manner. The program is structured to cost-effectively meet water quality requirements and long-term water supply objectives, as well as improve seismic and delivery reliability.

Overall, the \$4.8 billion WSIP to upgrade the City of San Francisco's regional and local drinking water systems is 99% completed with \$4.8 billion of project appropriations expended through fiscal year ended June 30, 2023. The program consists of 35 local projects located within San Francisco and 52 regional projects spread over seven different counties from the Sierra Foothills to San Francisco. As of June 30, 2023, 35 local projects were completed. For regional projects, 48 projects were completed, the Alameda Creek Recapture and Regional Groundwater Storage projects are under construction, the Bioregional Habitat Restoration project is in close-out, and Long-Term Mitigation Endowment project is not applicable as it does not include construction. The expected completion date is February 2027. Additional details regarding the WSIP are available at <https://sfpuc.org/construction-contracts/water-infrastructure-improvements>.

SAN FRANCISCO WATER ENTERPRISE
Management's Discussion and Analysis (Unaudited)
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

Capital Assets, Fiscal Year 2022

The Enterprise has net capital assets of \$5,617,594 invested in a broad range of utility capital assets as of June 30, 2022 (see Table 3). The investment in capital assets includes land, facilities, improvements, water treatment plants, aqueducts, water transmission, distribution mains, water storage facilities, pump stations, water reclamation facilities, machinery, and equipment. The Enterprise's net revenue and long-term debt are used to finance capital investments. Capital assets, net of accumulated depreciation and amortization, increased by \$29,795 from the prior year. Facilities, improvements, machinery, and equipment increased by \$108,561 mainly due to Water Main Replacement and Treasure Island Well projects. Land increased by \$9,193 mainly from the acquisition of Oak Ridge Ranch Estates and Arroyo Hondo Estates. Construction work in progress decreased by \$88,348 mainly due to Water Main Replacement and Treasure Island Well projects placed into service. Intangible assets increased by \$389 mainly due to Java to Groovy Conversion software and Cross-Connection Assembly asset additions.

Major additions to construction work in progress during the year ended June 30, 2022 include the following:

SF Recycled Water Project	\$ 18,684
Sunol Long Term Improvements	17,655
New Water Utility Service Facilities	8,843
Watershed Right of Way Land Acquisition	7,731
Upper Alameda Creek Filter Gallery	6,347
Regional Groundwater Storage & Recovery	5,769
Water Main Replacement - WD-2739 Castro/19th/26th Streets	5,504
Auxiliary Water Supply System - Pump Station No. 2	5,116
Other project additions individually below \$5,000	<u>99,542</u>
Total	<u>\$ 175,191</u>

SAN FRANCISCO WATER ENTERPRISE

The expected completion date is February 2027. Additional details regarding the WSIP are available at <https://sfpuc.org/construction-contracts/water-infrastructure-improvements>.

SAN FRANCISCO WATER ENTERPRISE
Management's Discussion and Analysis (Unaudited)
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

Debt Administration

As of June 30, 2023, the Enterprise had \$5,338,431 total debt outstanding, an increase of \$53,801 over the prior year, as shown below in Table 4. More detailed information about the Enterprise's debt activity is presented in Notes 6, 7, and 8 to the financial statements.

Table 4
Outstanding Debt, Net of Unamortized Costs
As of June 30, 2023, 2022, and 2021

	<u>2023</u>	<u>2022</u>	<u>2021</u>	<u>2023-2022</u> <u>Change</u>	<u>2022-2021</u> <u>Change</u>
Revenue bonds	\$ 4,710,846	4,860,935	4,994,775	(150,089)	(133,840)
Commercial paper	371,459	206,297	105,862	165,162	100,435
Certificates of participation	92,499	95,637	98,662	(3,138)	(3,025)
State revolving fund loans	163,627	121,761	107,407	41,866	14,354
Total	<u>\$ 5,338,431</u>	<u>5,284,630</u>	<u>5,306,706</u>	<u>53,801</u>	<u>(22,076)</u>

The decrease of \$150,089 in revenue bonds was due to decreases of \$125,285 from bond repayment, \$24,812 in bond premium from amortization, offset by a \$8 increase in bond discount from amortization. The \$3,138 decrease of certificates of participation was due to \$3,124 from principal repayment, and \$14 amortization of premium. The increase of \$41,866 in State revolving funds loans was mainly from additional reimbursement requests of \$32,102 for the Mountain Tunnel Improvement project and \$9,764 for SF Westside Recycled Water project. The Enterprise had \$343,767 in tax-exempt and \$27,692 in taxable commercial paper as of June 30, 2023, and \$179,600 in tax-exempt and \$26,697 in taxable commercial paper as of June 30, 2022. The increase of \$165,162 was due to additional issuances of \$164,167 in tax-exempt and \$995 in taxable commercial paper.

Credit Ratings and Bond Insurance – The Enterprise carried underlying ratings of “Aa2” and “AA-” from Moody's and Standard & Poor's (S&P) at June 30, 2023, and “Aa2” and “AA-” from Moody's and Standard & Poor's (S&P) at June 30, 2022, respectively.

Debt Service Coverage – Pursuant to the Amended and Restated Indenture, the Enterprise is required to collect sufficient net revenues each fiscal year, together with any Enterprise funds (except Bond Reserve Funds), which are available for payment of debt service and are not budgeted to be expended, at least equal to 1.25 times annual debt service for said fiscal year. During fiscal years 2023 and 2022, the Enterprise's net revenues, together with fund balances available to pay debt service and not budgeted to be expended, were sufficient to meet the rate covenant requirements under the Enterprise's Amended and Restated Indenture (see Note 8).

Debt Authorization – Pursuant to the Charter Section 8B.124, the Enterprise can incur indebtedness upon two-thirds vote of the Board of Supervisors, as approved by voters in Proposition E in November 2002. As of June 30, 2023, the Board of Supervisors has authorized the issuance of \$4,758,518 in revenue bonds under Proposition E, with \$3,903,617 issued against this authorization. The Enterprise can also incur indebtedness of up to \$1,628,000 for improvements to the water system pursuant to Proposition A that was approved by the voters in November 2002. As of June 30, 2023, \$1,499,230 of the \$1,628,000 Proposition A authorized bonds were issued. The Enterprise is also authorized to issue up to \$500,000 in commercial paper.

SAN FRANCISCO WATER ENTERPRISE
Management's Discussion and Analysis (Unaudited)
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

Cost of Debt Capital – The Enterprise's outstanding long-term debt has coupon interest rates ranging from 0.3% to 7.0% as of June 30, 2023 and 2022. The Enterprise's short-term debt has interest rates ranging from 1.2% to 5.3% during fiscal year 2023, and 0.1% to 2.0% during fiscal year 2022.

Rates and Charges

Rate Setting Process

Retail Customers

Proposition E, as approved by the voters in November 2002, amended the City Charter by adding the new Article VIII B, entitled "Public Utilities," which changed the Commission's ability to issue new revenue bonds and set retail water rates. For the retail water rate setting, the Commission is required to:

- Establish rates, fees, and charges based on cost of service;
- Retain an independent rate consultant to conduct cost of service studies at least every five years;
- Consider establishing new connection fees;
- Consider conservation incentives and lifeline rates;
- Adopt a rolling five-year forecast annually; and
- Establish a Rate Fairness Board.

Pursuant to the City and County of San Francisco Charter Section 8B.125, an independent rate study is performed at least once every five years. In compliance with City Charter section 8B.125, a rate study was completed in spring 2023. In May 2023, the Commission subsequently adopted three years of retail rate increases from July 1, 2023 through June 30, 2026.

Other miscellaneous fees for service and charges were last approved in 2018, and generally increase annually by the Consumer Price Index from the Controller's Office of the City and County of San Francisco, or the 20-City Average Construction Index (CCI) published by Engineering News-Record (ENR) Magazine.

All current SFPUC Rates Schedules and Fees are available at <https://sfpuc.org/accounts-services/water-power-and-sewer-rates>.

Wholesale Customers

The Water Supply Agreement (WSA) prescribes the rate setting process for the wholesale water rates. The WSA has a 25-year term, beginning on July 1, 2009, with two 5-year extension options, and was most recently amended and restated in January 2023. Compared to the prior contract with the wholesale customers, the WSA changed the rate basis by which the capital cost recovery is determined from a "utility basis" to a "cash basis," resulting in the repayment of the cost of capital over the life of the debt funding of those assets or at the time of budget appropriation and spending for revenue-funded capital projects, rather than the life of the asset. The WSA requires the rate be calculated and set annually and include a reconciliation between prior year revenues and expenses. Refer to Note 11 of the notes to financial statements for further discussion on the balancing account of the wholesale customers.

SAN FRANCISCO WATER ENTERPRISE
Management's Discussion and Analysis (Unaudited)
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

The following table is the Enterprise's ten-year average percent rate adjustments:

Ten-year Average Rate Adjustments		
Effective Date:	Retail	Wholesale ⁵
July 1, 2016	10.0 ¹	9.3
July 1, 2017	7.0 ¹	-
July 1, 2018	9.0 ²	-
July 1, 2019	8.0 ²	-
July 1, 2020	7.0 ²	-
July 1, 2021	7.0 ²	-
July 1, 2022	- ³	15.9
July 1, 2023	5.0 ⁴	9.7
July 1, 2024	5.0 ⁴	
July 1, 2025	5.0 ⁴	

¹ Four-year retail rate increases adopted and effective July 1, 2014.

² Four-year retail rate increases adopted and effective July 1, 2018.

³ No retail rate increase adopted and effective July 1, 2022.

⁴ Three-year rate increases adopted and effective July 1, 2023.

⁵ Wholesale rates adopted annually.

Request for Information

This report is designed to provide our citizens, customers, investors, and creditors with an overview of the Enterprise's finances and to demonstrate the Enterprise's accountability for the money it receives. Questions regarding any of the information provided in this report or requests for additional financial information should be addressed to San Francisco Public Utilities Commission, Chief Financial Officer, 525 Golden Gate Avenue, 13th Floor, San Francisco, CA 94102. This report is available at <https://sfpuc.org/about-us/reports/audited-financial-statements-reports>.

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

(1) Description of Reporting Entity

The San Francisco Water Enterprise (the Enterprise) was established in 1930 under the provisions of the Charter of the City and County of San Francisco (the City). The Enterprise acquired the fully developed, mature water works for San Francisco on March 3, 1930. Since then, the City has operated and maintained the water works as the San Francisco Water Enterprise. The Board of Supervisors of the City has adopted resolutions (the Water Resolutions) providing for the issuance of various water revenue and refunding bond series. The Water Resolutions require the City to keep separate books of records and accounts of the Enterprise. The Enterprise, which consists of a system of reservoirs, storage tanks, water treatment plants, pump stations, and pipelines, is engaged in the distribution of water to San Francisco and certain suburban areas. In fiscal year 2023, the Enterprise sold approximately 62,227 million gallons, i.e., about 170 million gallons per day of water, to approximately 2.7 million people within San Francisco and certain suburban areas.

The San Francisco Public Utilities Commission (SFPUC or the Commission), established in 1932, is responsible for providing operational oversight of the public utility enterprises of the City, which include the Enterprise along with the City's power and sewer utilities (i.e., Hetch Hetchy Water and Power and CleanPowerSF, of which the Power Enterprise is a component, and the San Francisco Wastewater Enterprise). The Commission is responsible for determining such matters as the rates and charges for services, approval of contracts, and organizational policy.

Until August 1, 2008, the Commission consisted of five members, all appointed by the Mayor. Proposition E, a City Charter SEC. 4.112 amendment approved by the voters in the June 3, 2008 election, terminated the terms of all five existing members of the Commission, changed the process for appointing new members, and set qualifications for all members. Under the amended Charter, the Mayor continues to nominate candidates to the Commission, but nominees do not take office until the Board of Supervisors votes to approve their appointments by a majority (at least six members). The amended Charter provides for staggered four-year terms for the Commission members and requires them to meet the following qualifications:

- Seat 1 must have experience in environmental policy and an understanding of environmental justice issues.
- Seat 2 must have experience in ratepayer or consumer advocacy.
- Seat 3 must have experience in project finance.
- Seat 4 must have expertise in water systems, power systems, or public utility management.
- Seat 5 is an at-large member.

The SFPUC is a department of the City, and as such, the financial operations of the Enterprise, Hetch Hetchy Water and Power and CleanPowerSF, and the Wastewater Enterprises are included in the Annual Comprehensive Financial Report of the City as enterprise funds. These financial statements are intended to present only the financial position, and the changes in financial position and cash flows of only that portion of the City that is attributable to the transactions of the Enterprise. They do not purport to, and do not, present fairly the financial position of the City as of June 30, 2023 and 2022, the changes in its financial position, or, where applicable, the cash flows for the years then ended, in conformity with U.S. generally accepted accounting principles (GAAP).

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

(2) Significant Accounting Policies

(a) *Basis of Accounting and Measurement Focus*

The accounts of the Enterprise are organized on the basis of a proprietary fund type and are included as an enterprise fund of the City. The activities of this Enterprise are accounted for with a separate set of self-balancing accounts that comprise the Enterprise's assets, deferred outflows, liabilities, deferred inflows, net position, revenues, and expenses. Enterprise funds account for activities (i) that are financed with debt that is secured solely by a pledge of the net revenues from fees and charges of the activity; or (ii) that are required by laws or regulations that the activity's costs of providing services, including capital costs (such as depreciation or debt service), be recovered with fees and charges, rather than with taxes or similar revenues; or (iii) that the pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation or debt service).

The financial activities of the Enterprise are accounted for on a flow of economic resources measurement focus, using the accrual basis of accounting in accordance with U.S. GAAP. Under this method, all assets and liabilities associated with its operations are included on the statement of net position; revenues are recognized when earned, and expenses are recognized when liabilities are incurred. Operating revenues are defined as charges to customers, rental income, and capacity fees.

The Enterprise applies all applicable Governmental Accounting Standards Board (GASB) pronouncements.

(b) *Cash and Cash Equivalents*

The Enterprise considers its pooled cash and investments held with the City Treasury to be demand deposits and, therefore, cash and cash equivalents for financial reporting. The City Treasury also holds non-pooled cash and investments for the Enterprise. Non-pooled restricted deposits and investments held outside the City Treasury with original maturities of three months or less are also considered to be cash equivalents.

(c) *Investments*

Money market funds are carried at cost, which approximates fair value. All other investments are stated at fair value based on quoted market prices. Changes in fair value are recognized as investment gains or losses and are recorded as a component of non-operating revenues.

(d) *Inventory*

Inventory consists primarily of construction materials and maintenance supplies and is valued at average cost. Inventory is expensed as it is consumed.

(e) *Capital Assets*

Capital assets are defined as assets with an initial individual cost of more than \$5 and an estimated useful life in excess of one year. Capital assets with an original acquisition date prior to July 1, 1977 are recorded in the financial statements at estimated cost, as determined by an independent professional appraisal, or at cost, if known. All subsequent acquisitions have been recorded at cost. All donated capital assets at the time of donation and capital assets received in a service concession arrangement, are valued at acquisition value. Depreciation and

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

amortization are computed using the straight-line method over the estimated useful lives of the related assets, which range from 1 to 100 years for equipment and 1 to 200 years for buildings, structures, and improvements. No depreciation or amortization is recorded in the year of acquisition, and depreciation or amortization is recorded in the year of disposal.

(f) Intangible Assets

Intangible assets are defined as identifiable, non-financial assets capable of being separated, sold, transferred, or licensed, and include contractual or legal rights. Examples of intangible assets include rights-of-way easements, land use rights, water rights, licenses, permits, leases, and SBITAs. The Enterprise capitalizes purchased or internally developed intangible assets with a useful life extending beyond one reporting period. It has established a capitalization threshold of \$100. Intangible assets are amortized over the benefit period or the contract term for leases and SBITAs, except for certain assets having an indefinite useful life. Assets with an indefinite useful life generally provide a benefit that is not constrained by legal or contractual limitations or any other external factor and, therefore, are not amortized (see Note 4).

(g) Construction Work in Progress

The cost of acquisition and construction of major plant and equipment is recorded as construction work in progress. Costs of discontinued construction projects are recorded as an expense in the year in which the decision is made to discontinue such projects.

(h) Bond Discount, Premium, and Issuance Costs

Bond issuance costs related to prepaid insurance costs are capitalized and amortized using the effective interest method. Other bond issuance costs are expensed when incurred. Original issue bond discount or premium is offset against the related debt and is also amortized using the effective interest method.

(i) Accrued Vacation and Sick Leave

Accrued vacation pay, which may be accumulated up to 10 weeks per employee, is charged to expense as earned. Sick leave earned subsequent to December 6, 1978 is non-vesting and may be accumulated up to six months per employee.

(j) Workers' Compensation

The Enterprise is self-insured for workers' compensation claims and accrues the estimated cost of those claims, including the estimated cost of incurred but not reported claims (see Note 14(b)).

(k) General Liability

The Enterprise is self-insured for general liability and uninsurable property damage claims. Commercially uninsurable property includes assets that are underground or provide transmission and distribution. Maintained commercial coverage does not cover claims attributed to loss from earthquake, contamination, pollution remediation efforts, and other specific naturally occurring contaminants such as mold. The liability represents an estimate of the cost of all outstanding claims, including adverse loss development and estimated incurred but not reported claims (see Note 14(a)).

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

(l) Arbitrage Rebate Payable

Certain bonds are subject to arbitrage rebate requirements in accordance with regulations issued by the U.S. Treasury Department. The requirements generally stipulate that earnings from the investment of the tax-exempt bond proceeds that exceed related interest costs on the bonds must be remitted to the federal government on every fifth anniversary of each bond issue. The arbitrage rebate liability was \$0 as of June 30, 2023 and 2022.

(m) Refunding of Debt

Gains or losses occurring from refunding of debt prior to maturity are reported as deferred outflows and deferred inflows of resources from refunding of debt. Deferred outflows and deferred inflows of resources are recognized as a component of interest expense using the effective interest method over the remaining life of the old debt or the life of the new debt, whichever is shorter.

(n) Income Taxes

As a department of a government agency, the Enterprise is exempt from both federal income taxes and California state franchise taxes.

(o) Revenue Recognition

Water service charges are based on water usage as determined by the Enterprise. Effective July 2013, the majority of residential and non-residential customers are billed on a monthly basis except for building and contractor customers, which are billed on a bi-monthly basis. Revenues earned but unbilled are accrued as charges for services and reflected as a receivable on the statements of net position. The unbilled amounts for the fiscal years ending June 30, 2023 and 2022 were \$31,704 and \$29,774, respectively.

(p) Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(q) Accounting and Financial Reporting for Pollution Remediation Obligations

According to GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*, a government would have to estimate its expected outlays for pollution remediation if it knows a site is polluted, and any of the following recognition triggers occur:

- Pollution poses an imminent danger to the public or environment and a government has little or no discretion to avoid fixing the problem;
- A government has violated a pollution prevention-related permit or license;
- A regulator has identified (or evidence indicates it will identify) a government as responsible (or potentially responsible) for cleaning up pollution, or for paying all or some of the cost of the cleanup;

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

- A government is named (or evidence indicates that it will be named) in a lawsuit to compel it to address the pollution; or
- A government begins or legally obligates itself to begin cleanup or post-cleanup activities (limited to amounts the government is legally required to complete).

As a part of ongoing operations, situations may occur requiring the removal of pollution or other hazardous material. These situations typically arise in the process of acquiring an asset, preparing an asset for its intended use, or during the design phase of projects under review by the project managers. Other times, pollution may arise during the implementation and construction of a major or minor capital project. Examples of pollution may include, but are not limited to: asbestos or lead paint removal, leaking of sewage in underground pipes or neighboring areas, chemical spills, removal and disposal of known toxic waste, harmful biological and chemical pollution of water, or contamination of surrounding soils by underground storage tanks (see Note 15(d)).

(r) Leases

Leases are defined as a contract that conveys control of the right to use another entity's underlying asset for a specified period. The Enterprise is a lessee and lessor for various noncancellable leases of land, building, equipment, vehicles, easement, etc.

Short-term Leases

For leases with a maximum possible term of 12 months or less at commencement, the Enterprise recognizes lease revenue if the Enterprise executes a lessor lease or lease expense if the Enterprise executes a lessee lease based on the provisions of the lease contract. Liabilities are only recognized if payments are received in advance, and receivables are only recognized if payments are received subsequent to the reporting period.

Leases Other Than Short-term

For all other leases (i.e. those that are not short-term), the Enterprise recognizes a lease liability and intangible right-to-use lease asset for the Enterprise as lessee leases, or lease receivable and deferred inflow of resources for the Enterprise as lessor leases.

Measurement of Lease Amounts (Lessee)

The Enterprise's lease liability is recorded at the present value of future minimum lease payments as of the date of commencement. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, less lease payments made at or before the lease commencement date, plus any initial direct costs ancillary to placing the underlying asset into service, less any lease incentives received at or before the lease commencement date. Subsequently, the lease asset is amortized into depreciation and amortization expense on a straight-line basis over the shorter of the lease term. If the Enterprise is reasonably certain of exercising a purchase option contained in a lease, the lease asset will be amortized over the useful life of the underlying asset.

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

Measurement of Lease Amounts (Lessor)

The Enterprise's lease receivable is measured at the present value of payments expected to be received during the lease term, reduced by any provision of estimated uncollectible amounts. Subsequently, the lease receivable is reduced by the principal portion of lease payments collected. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, less any lease incentives paid to, or on behalf of, the lessee at or before the commencement of the lease term, plus lease payments received from the lease at or before the commencement of the lease term that related to future periods. Subsequently, the deferred inflow of resources as lease revenue is on a straight-line basis over the lease term.

Key Estimates and Judgements

Key estimates and judgements include how the Enterprise determines (a) the discount rate it uses to calculate the present value of the expected lease payments, (b) lease terms, (c) lease payments, and (d) materiality threshold for equipment.

- The Enterprise generally uses its estimated incremental borrowing rate as the discount rate for leases unless the rate implicit in the lease. The City's incremental borrowing rate (IBR) is established using the average of Municipal Market Data (MMD) AAA benchmark interest rate index by maturity date (year 1 to 30+), plus the average credit spread based on City's Aa/AA, COP, Tax-exempt to generate the yield curve and discount rate table. The City's incremental borrowing rate for leases is based on the rate of interest it would need to pay if it issued general obligation bonds to borrow an amount equal to the lease payments under similar terms at the commencement or remeasurement date.
- The lease term includes the noncancellable period of the lease, plus any additional periods covered by either lessee or lessor unilateral option to (1) extend for which it is reasonably certain to be exercised, or (2) terminate for which it is reasonably certain not to be exercised. Periods in which both the lessee and lessor have an option to terminate (or if both parties have to agree to extend) are excluded from the lease term.
- Payments are evaluated by the Enterprise to determine if they should be included in the measurement of the lease receivables or lease liabilities, including those payments that require a determination of whether they are reasonably certain of being made, such as residual value guarantees, purchase options, payments for termination penalties, and other payments.
- Equipment and other leases have a capitalization threshold of \$100. 70% below market rent and/or ground leases are determined to be below market rent (BMR), excluded from lease capitalization.

Remeasurement of Lease

The Enterprise monitors changes in circumstances that may require remeasurement of a lease. When certain changes occur that are expected to significantly affect the amount of the lease receivable or lease liability, the receivable or liability is remeasured and a corresponding adjustment is made to the deferred inflow of resources or lease asset, respectively.

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

Presentation in Statement of Net Position

Lease assets are reported with current and non-current assets, lease liabilities are reported with current and long-term liabilities, and both lease assets and liabilities are reported under net investment in capital assets in the statement of net position (see Note 9).

(s) *Subscription-Based Information Technology Arrangements*

Subscription-Based Information Technology Arrangements (SBITAs) are defined as a contract that conveys control of the right to use another entity's IT software, alone or in combination with tangible capital assets for a specified period. The Enterprise has noncancellable subscription arrangements (similar to a lease) for the right to use various information technology hardware and software SBITAs.

Short-term SBITAs

For SBITAs with a maximum possible term of 12 months or less at commencement, the Enterprise recognizes subscription expense based on the provisions of the SBITA. Liabilities are only recognized if payments are received in advance, and receivables are only recognized if payments are received subsequent to the reporting period.

SBITAs Other Than Short-term

For all other SBITAs (i.e., those that are not short-term) the Enterprise recognizes SBITA liability and intangible right-to-use subscription asset for the Enterprise.

The Enterprise's subscription liability is recorded at the present value of future minimum subscription payments as of the date of commencement. Subsequently, the subscription liability is reduced by the principal portion of subscription payments made. The subscription asset is initially measured as the initial amount of the subscription liability, less payments made at or before the subscription commencement date, plus any initial direct costs ancillary to placing the underlying asset into service, less any subscription incentives received at or before the subscription commencement date. For SBITAs, subscription assets also include qualify software implementation costs. Subsequently, the subscription asset is amortized into depreciation and amortization expense on a straight-line basis over the subscription term.

Key Estimates and Judgements

Key estimates and judgements include how the Enterprise determines (a) the discount rate it uses to calculate the present value of the expected subscription payments, (b) subscription terms, (c) subscription payments, and (d) materiality threshold.

- The Enterprise generally uses its estimated incremental borrowing rate as the discount rate for SBITAs unless the rate is implicit in the agreement. The Enterprise incremental borrowing rate (IBR) is established using the average of Municipal Market Data (MMD) AAA benchmark interest rate index by maturity date (year 1 to 30+), plus the average credit spread based on Enterprise's Aa/AA, COP, Tax-exempt to generate the yield curve and discount rate table.
- The subscription term includes the noncancellable period of the subscription, plus any additional periods covered by either subscriber or lessor unilateral option to (1) extend for which it is reasonably certain to be exercised, or (2) terminate for which it is reasonably certain not to

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

be exercised. Periods in which both the subscriber and lessor have an option to terminate (or if both parties have to agree to extend) are excluded from the subscription term.

- Payments are evaluated by Enterprise to determine if they should be included in the measurement of the subscription liabilities, including those payments that require a determination of whether they are reasonably certain of being made, such as residual value guarantees, purchase options, payments for termination penalties, and other payments.

- SBITAs have a capitalization threshold of \$100.

Remeasurement of Lease or SBITAs

The Enterprise monitors changes in circumstances that may require remeasurement of SBITA. When certain changes occur that are expected to significantly affect the amount of the subscription liability, the liability is remeasured, and a corresponding adjustment is made to the subscription asset.

Presentation in Statement of Net Position

Subscription assets are reported with current and non-current assets, subscription liabilities are reported with short-term and long-term liabilities, and both subscription assets and liabilities are reported under net investment in capital assets in the statement of net position (see Note 10).

(t) Other Post-Employment Benefits Other Than Pensions (OPEB)

As prescribed under GASB 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions*, net OPEB liability, deferred outflows/inflows of resources related to OPEB, and OPEB expense are actuarially determined on a citywide basis. Net OPEB liability is measured as the portion of the present value of projected benefit payments to be provided to current active and inactive employees attributed to those employees' past service, less the amount of the Retiree Healthcare Trust Fund investments measured at fair value (see Note 12(b)).

(u) New Accounting Standards Adopted in Fiscal Year 2023

- 1) In May 2019, the GASB issued Statement No. 91, *Conduit Debt Obligations*. GASB Statement No. 91 enhances the compatibility and consistency of conduit debt obligation reporting and reporting of related transactions by State and local government issuers. The new standard is effective for periods beginning after December 15, 2021. The SFPUC adopted the provisions of Statement No. 91 in fiscal year 2023 which did not have a significant effect on its financial statements.
- 2) In March 2020, the GASB Issued Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*. The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). The SFPUC adopted the provisions of Statement No. 94 in fiscal year 2023 which did not have a significant effect on its financial statements.
- 3) In May 2020, the GASB issued Statement No. 96, *Subscription-Based Information Technology Arrangements*. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) by

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

a government. The new standard is effective for periods beginning after June 15, 2022. The Enterprise adopted the provisions of Statement No. 96 in fiscal year 2023 (see Note 10 for more details). As a result of adoption, the cumulative effect of applying this Statement is recorded as beginning balance for the following accounts as of July 1, 2021:

Water	FY 2022		FY 2022
	Beginning Balance	FY2022 Activities	Ending Balance
Subscription asset	\$ 2,344	\$ 106	\$ 2,450
Accumulated amortization	-	(873)	(873)
Accrued interest payable	-	(12)	(12)
Subscription liability - current	(1,636)	788	(848)
Subscription liability - LT	(708)	-	(708)
Expenses	-	(9)	(9)
Change to net position	<u>\$ -</u>	<u>\$ (9)</u>	<u>\$ (9)</u>

(v) GASB Statements Implemented in Fiscal Year 2022

- 1) In June 2017, the GASB issued Statement No. 87, Leases. GASB Statement No. 87 establishes a single model for lease accounting and requires reporting of certain lease liabilities that currently are not reported. The new standard is effective for periods beginning after June 15, 2021. The beginning balances as of July 1, 2020 were restated as a result of adopting this standard.
- 2) In June 2018, the GASB issued Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*. GASB Statement No. 89 establishes accounting requirements for interest cost incurred before the end of construction period. The new standard is effective for periods beginning after December 15, 2020. The Enterprise adopted the provisions of Statement No. 89 in fiscal year 2022.
- 3) In January 2020, the GASB issued Statement No. 92, *Omnibus 2020*. GASB Statement No. 92 addresses practice issues that have been identified during implementation and application of certain GASB Statements. The new standard is effective for periods beginning after June 15, 2021. The Enterprise adopted the provisions of Statement No. 92 in fiscal year 2022, which did not have a significant effect on its financial statements.
- 4) In March 2020, the GASB issued Statement No. 93, *Replacement of Interbank Offered Rates (IBOR)*. The objective of this Statement is to address those and other accounting and financial reporting implications that result from the replacement of an IBOR. The new standard is effective for periods beginning after June 15, 2021. The Enterprise adopted the provisions of Statement No. 93 in fiscal year 2022, which did not have a significant effect on its financial statements.

(w) Future Implementation of New Accounting Standards

- 1) In April 2022, the GASB issued Statement No. 99, *Omnibus 2022*. GASB Statement No. 99 addresses a variety of topics. The requirements related to extension of the use of the London Interbank Offered Rate, accounting for Supplemental Nutrition Assistance Program distributions, disclosures of nonmonetary transactions, pledges of future revenues by

SAN FRANCISCO WATER ENTERPRISE

Notes to Financial Statements

June 30, 2023 and 2022

(Dollars in thousands, unless otherwise stated)

pledging governments, clarification of certain provisions in Statement No. 34, and terminology updates related to Statement No. 53 and Statement No. 63 are effective upon issuance and did not have a significant impact on the Enterprise for the year ended June 30, 2022. The requirements related to leases, public-public and public-private partnerships, and subscription-based information technology arrangements are effective for fiscal years beginning after June 15, 2022, and effective for the Enterprise's year ending June 30, 2023. The requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement No. 53 are effective for fiscal years beginning after June 15, 2023, and effective for the Enterprise's year ending June 30, 2024. The Enterprise is currently analyzing its accounting practices to determine the potential impact of the provisions of Statement No. 99 applicable in future years.

- 2) In June 2022, the GASB issued Statement No. 100, *Accounting Changes and Error Corrections*. This Statement enhances accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The new standard is effective for periods beginning after June 15, 2023. The SFPUC will implement the provisions of Statement No. 100 in fiscal year 2024.
- 3) In June 2022, the GASB issued Statement No. 101, *Compensated Absences*. This Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. The new standard is effective for periods beginning after December 15, 2023. The SFPUC will implement the provisions of Statement No. 101 in fiscal year 2025.

(x) *Reclassifications*

The Enterprise has reclassified certain amounts relating to the prior period to conform to its current period presentation. For fiscal year 2022, cash received from settlements in the amount of \$6,750 was reclassified to cash received from customers including cash deposits to conform with the fiscal year 2023 presentation. In addition, for fiscal year 2022, net pension assets in the amount of \$100,407 was reclassified from unrestricted to restricted for other purposes in the statement of net position. These reclassifications had no effect on previously reported changes in net position.

(3) *Cash, Cash Equivalents, and Investments*

The Enterprise's cash, cash equivalents, and investments with the City Treasury are invested in an unrated City pool pursuant to investment policy guidelines established by the City Treasurer. The objectives of the policy guidelines are, in order of priority, preservation of capital, liquidity, and yield. The policy addresses soundness of financial institutions in which the City will deposit funds, types of investment instruments as permitted by the California Government Code, and the percentage of the portfolio that may be invested in certain instruments with longer terms to maturity. The City Treasurer allocates income from the investment of pooled cash at month-end in proportion to the Enterprise's average daily cash balances. The primary objectives of the Enterprise's investment policy are consistent with the City's policy.

Restricted assets are held by an independent trustee outside the City's investment pool. The assets are held for the purpose of paying future interest and principal on the bonds and for eligible capital project expenditures. The current balances as of June 30, 2023 and 2022 were \$77,345 and

SAN FRANCISCO WATER ENTERPRISE

Notes to Financial Statements

June 30, 2023 and 2022

(Dollars in thousands, unless otherwise stated)

\$75,957, respectively. The Enterprise held all investments in guaranteed investment contracts, treasury and government obligations, commercial paper, corporate bonds, and notes, as well as money market mutual funds consisting of Treasury and Government Obligations.

Funds held by the trustee established under the 2002 Amended and Restated Indentures agreements are invested in "Permitted Investments," as defined in the agreement, which includes money market funds and investment agreements. The agreement permits investment in money market funds registered under the Federal Investment Company Act of 1940 whose shares are registered under the Federal Securities Act of 1933 and have a rating by S&P of "AAAm-G," "AAAm," or "Aam," and a rating by Moody's of "Aaa," "Aa1," or "Aa2". The credit ratings of the money market funds invested in as of June 30, 2023 were "Aaa-mf" and "P-1" by Moody's, and "AAAm" and "A-1" by S&P. The credit ratings of the money market funds invested in as of June 30, 2022 were "Aaa-mf" and "P-1" by Moody's, and "AAAm" and "A-1+" by S&P. Investment agreements must be with a U.S. bank or trust company that have a rating by Moody's and S&P of "A" or higher, or are guaranteed by any entity with a rating of "A" or higher, at the time the agreement is entered.

The Enterprise categorizes its fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure fair value of the assets. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. The inputs and techniques used for valuing securities are not necessarily an indication of risk associated with investing in those securities.

The following tables present the restricted and unrestricted cash and investments outside City Treasury as of June 30, 2023 and 2022:

Cash and Investments outside City Treasury								
Investments	Credit Ratings (S&P/Moody's)	June 30, 2023		Investments exempt from fair value	Fair Value Measurements Using			
		Maturities	Fair Value		prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Unobservable Inputs (Level 3)

SAN FRANCISCO WATER ENTERPRISE

Notes to Financial Statements

June 30, 2023 and 2022

(Dollars in thousands, unless otherwise stated)

Commercial paper is valued using a variety of techniques such as matrix pricing; market corroborated pricing inputs such as yield curve, indices, and other market related data. Commercial paper, money market investments, and cash and cash equivalents are exempt from fair value treatment under GASB Statement No. 72.

The restricted cash and investments outside City Treasury as of June 30, 2023 and 2022 included an unrealized gain due to changes in fair value on commercial paper of \$0.

Additional cash outside of the investment pool included revolving fund and cash in transit. The revolving fund has a balance of \$28 and \$28 as of June 30, 2023 and 2022, respectively, which is held in a commercial bank in non-interest bearing checking accounts covered by Federal Deposit Insurance Corporation depository insurance. These accounts were established as provided by the City's Administrative Code for revolving fund needs. The cash in transit was \$164 and \$290 as of June 30, 2023 and 2022, respectively.

The Enterprise's cash, cash equivalents, and investments are shown on the accompanying statements of net position as follows:

	<u>2023</u>	<u>2022</u>
Current assets:		
Cash and investments with City Treasury	\$ 402,885	460,954
Cash and investments outside City Treasury	192	318
Restricted cash and investments outside City Treasury	10,863	11,063
Non-current assets:		
Restricted cash and investments with City Treasury	21,000	9,299
Restricted cash and investments outside City Treasury	<u>66,482</u>	<u>64,894</u>
Total cash, cash equivalents, and investments	<u>\$ 501,422</u>	<u>546,528</u>

The following table shows the percentage distribution of the City's pooled investments by maturity:

<u>Fiscal years ended June 30</u>	<u>Investment maturities (in months)</u>			
	<u>Under 1</u>	<u>1 to less than 6</u>	<u>6 to less than 12</u>	<u>12 to 60</u>
2023	21.5%	18.0%	14.5%	46.0%
2022	20.2%	14.0%	14.9%	50.9%

(Dollars in thousands, unless otherwise stated)

(4) Capital Assets

Capital assets as of June 30, 2023 and 2022 consist of the following:

	<u>2022</u>	<u>Increases</u>	<u>Decreases</u>	<u>2023</u>
Capital assets not being depreciated and amortized:				
Land	\$ 113,441	—	(119)	113,322
Intangible assets **	679	—	—	679
Construction work in progress	444,254	180,391	(97,651) *	526,994
Total capital assets not being depreciated and amortized	<u>558,374</u>	<u>180,391</u>	<u>(97,770)</u>	<u>640,995</u>
Capital assets being depreciated and amortized:				
Facilities and improvements	6,660,691	94,616	—	6,755,307
Intangible assets**	25,142	979	—	26,121
Machinery and equipment	332,473	5,905	(579)	337,799
Total capital assets being depreciated and amortized	<u>7,018,306</u>	<u>101,500</u>	<u>(579)</u>	<u>7,119,227</u>
Less accumulated depreciation and amortization for:				
Facilities and improvements	(1,688,717)	(140,215)	—	(1,828,932)
Intangible assets**	(22,669)	(1,800)	—	(24,469)
Machinery and equipment	(247,700)	(11,386)	579	(258,507)
Total accumulated depreciation and amortization	<u>(1,959,086)</u>	<u>(153,401)</u>	<u>579</u>	<u>(2,111,908)</u>

Capital assets being depreciated and amortized:				
Facilities and improvements	6,413,238	247,453	—	6,660,691
Intangible assets**	23,772	1,370	—	25,142
Machinery and equipment	326,126	6,662	(315)	332,473
Total capital assets being depreciated and amortized	<u>6,763,136</u>	<u>255,485</u>	<u>(315)</u>	<u>7,018,306</u>
Less accumulated depreciation and amortization for:				
Facilities and improvements	(1,554,515)	(134,202)	—	(1,688,717)
Intangible assets**	(21,688)	(981)	—	(22,669)
Machinery and equipment	(236,663)	(11,352)	315	(247,700)
Total accumulated depreciation and amortization	<u>(1,812,866)</u>	<u>(146,535)</u>	<u>315</u>	<u>(1,959,086)</u>
Total capital assets being depreciated and amortized, net	<u>4,950,270</u>	<u>108,950</u>	<u>—</u>	<u>5,059,220</u>
Total capital assets, net	<u>\$ 5,587,799</u>	<u>293,334</u>	<u>(263,539)</u>	<u>5,617,594</u>

* Decrease in construction work in progress of \$8,054 includes \$4,592 in capital project write-offs, mainly related to Stern Grove Emergency Restoration and Lake Merced Water Level Restoration projects and \$9,193 transferred to land. The remaining difference of \$5,731 is mainly due to direct additions to facilities and improvements, intangible assets and machinery and equipment.

** Right-to-use lease and subscription assets are reported separately from intangible assets in Notes 9 and 10, respectively.

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

(5) Restricted Assets

Pursuant to the Indentures, all revenues of the Enterprise (except amounts on deposit in the rebate fund) are irrevocably pledged to the punctual payment of debt service on the Water Revenue and Refunding Bonds. Accordingly, the revenues of the Enterprise shall not be used for any other purpose while any of its Water Revenue and Refunding Bonds are outstanding, except as expressly permitted by the Indentures. Further, all revenues shall be deposited by the City Treasurer, by instruction of the Enterprise, in special funds designated as the Water Enterprise Revenue Fund (the Water Revenue Fund), which must be maintained in the City Treasury. These funds, held at the City Treasury, are recorded in the statement of net position of the Enterprise as cash and investments. Deposits in the Water Revenue Fund, including earnings thereon, shall be appropriated, transferred, expended, or used for the following purposes pertaining to the financing, maintenance, and operation of the Enterprise in accordance with the following priority:

1. The payment of operation and maintenance expenses for such utility and related facilities;
2. The payment of pension charges and proportionate payments to such compensation and other insurance or outside reserve funds as the Enterprise may establish or the Board of Supervisors may require with respect to employees of the Enterprise;
3. The payment of principal, interest, reserve, sinking fund, and other mandatory funds created to secure Revenue Bonds and parity State revolving fund loans issued by the Enterprise for the acquisition, construction, or extension of facilities owned, operated, or controlled by the Enterprise;
4. The payment of principal and interest on General Obligation Bonds issued by the City for the Enterprise's purposes;
5. Reconstruction and replacement as determined by the Enterprise or as required by any of the Enterprise's Revenue Bond ordinances duly adopted and approved; and
6. The acquisition of land, real property, or interest in real property for, and the acquisition, construction, enlargement, and improvement of, new and existing buildings, structures, facilities, equipment, appliances, and other property necessary or convenient to the development or improvement of such utility owned, controlled, or operated by the Enterprise; and for any other lawful purpose of the Enterprise, including the transfer of surplus funds pursuant to the Charter.

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

In accordance with the Indenture, the bond financing program maintains that certain restricted cash and investment balances be held in trust. Restricted assets held in trust consisted of the following as of June 30, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Cash and investments with City Treasury:		
Water revenue bond construction fund	\$ 21,000	9,299
Cash and investments outside City Treasury:		
2010A Water revenue bond fund	12	—
2010B Water revenue bond fund	21,861	21,386
2010D Water revenue bond fund	12	1
2010E Water revenue bond fund	16,643	16,304
2010F Water revenue bond fund	8	—
2010G Water revenue bond fund	18,178	17,703
2012A Water revenue bond fund	—	1
2015A Water revenue refunding bond fund	4	—
2016A Water revenue refunding bond fund	8	—
2016B Water revenue refunding bond fund	1	—
2016C Water revenue bond fund	2	—
2017B Water revenue bond fund	2	—
2017C Water revenue bond fund	1	—
2017D Water revenue refunding bond fund	4	—
2017E Water revenue refunding bond fund	1	—
2019A Water revenue refunding bond fund	5	—
2020A Water revenue bond fund	2	86
2020B Water revenue bond fund	1	34
2020C Water revenue bond fund	1	54
2020D Water revenue bond fund	—	38
2020E Water revenue refunding bond fund	2	—
2020F Water revenue refunding bond fund	13	12
2020G Water revenue refunding bond fund	23	22
2020H Water revenue refunding bond fund	8	7
2009C Certificates of participation - 525 Golden Gate	1,696	1,638
2009D Certificates of participation - 525 Golden Gate	5,761	5,567
Commercial Paper - Tax Exempt	15	14
Commercial Paper - Taxable	28	37
Habitat reserve endowment fund	13,053	13,053
Total cash and investments outside City Treasury	<u>77,345</u>	<u>75,957</u>
Interest and other receivables:		
Water bond construction fund including interest, prepaids, and other receivables	3,514	4,146
Due from other government for State Revolving Fund	36,147	7,553
Total restricted assets	<u>\$ 138,006</u>	<u>96,955</u>

Restricted assets listed above as cash and investments with City Treasury are held in fund accounts within the Water Revenue Fund of the City Treasury.

(6) Short-Term Debt

The Commission and the Board of Supervisors have authorized the issuance of up to \$500,000 in commercial paper pursuant to the voter-approved 2002 Proposition E. As of June 30, 2023 and 2022, amounts outstanding under Proposition E were \$371,459 and \$206,297, respectively. Commercial paper interest rates ranged from 1.2% to 5.3%.

With maturities up to 270 days, the Enterprise intends to maintain the program by remarketing the commercial paper upon maturity over the near-to-medium term, at which time outstanding commercial paper will likely be refunded with revenue bonds. This is being done to take advantage of the continued low interest rate environment. If the commercial paper interest rates rise to a level that

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

exceeds these benefits, the Enterprise will refinance the commercial paper with the long-term, fixed-rate debt.

As of June 30, 2023, the Enterprise had \$371,459 in outstanding commercial paper which were repaid by the 2023 Series AB Water Revenue Bonds issued in July 2023. The \$371,459 has been reclassified to long-term liabilities on the financial statements.

In accordance with GASB Statement No. 88, *Certain Disclosures Related to Debt, Including Direct Borrowing and Direct Placements*, the Enterprise had \$128,541 and \$293,703 in unused authorization as of June 30, 2023 and 2022, respectively. Significant Events of default as specified in the Reimbursement Agreements, or Revolving Credit Agreement include 1) payment defaults 2) material breach of warranty, representation, or other non-remedied breach of covenants as specified in the respective agreements (not cured within applicable grace periods) and 3) bankruptcy and insolvency events, which may result in all outstanding obligations to be immediately due and payable (unless waived by the respective Bank, if applicable); or issuance of a No-Issuance Notice, reduction in credit to outstanding amount plus interest coverage, and/or termination of the respective agreement. As of June 30, 2023, there were no such events describe herein.

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

The payments of principal and interest amounts on various bonds are secured by net revenues of the Enterprise.

(a) Water Revenue Bonds 2010 Series B

The 2010 Series B Bonds in the par amount of \$417,720 were issued as taxable Build America Bonds (with Direct Pay Subsidy) to provide \$364,757 in new money for WSIP capital projects and pay financing costs. The 2010 Series B bonds were issued as serial and term bonds with coupons ranging from 4.0% to 6.0% and have a final maturity of 2040. The Series B bonds have a true interest cost (net of federal subsidy) of 3.9%. As of June 30, 2023 and 2022, the principal amount outstanding was \$336,390 and \$349,170, respectively.

(b) Water Revenue Bonds 2010 Series DE

In July 2010, the Enterprise issued revenue bonds 2010 Series DE in the combined principal amount of \$446,925. The purpose of the bonds is to advance refund \$31,570 of outstanding 2002 Series A revenue bonds and to provide \$372,689 in new money for WSIP capital projects, with the balance applied to financing costs and a cash-funded debt service reserve fund. The bonds were rated “AA-” and “Aa2” from S&P and Moody’s, respectively. The bonds included serial and term bonds with interest rates ranging from 3.0% to 6.0%.

The 2010 Series D Bonds in the par amount of \$102,725 were issued as tax-exempt bonds to provide \$72,243 in new money for WSIP capital projects and \$35,080 to advance refund a portion of outstanding 2002 Series A revenue bonds. The Series D bonds were issued as serial bonds with coupons ranging from 3.0% to 5.0% and have a final maturity of 2021. The Series D bonds have a true interest cost of 2.5%.

On February 27, 2013, the Wholesale Water Customers BAWSCA made an early repayment of \$356,139 to the Enterprise. \$12,360 of the repayment proceeds were deposited with the trustee, acting as escrow agent under the irrevocable Escrow Agreement, dated February 27, 2013, to refund and legally defease a portion of the outstanding 2010 Series D bonds. BAWSCA repayment funds were combined with \$165 from the 2010 Series D Capitalized Interest Account. This deposit, together with certain other available monies, was held by the escrow agent under the Escrow Agreement and invested in non-callable Federal Securities consisting of United States Treasury Securities – SLGS. The principal and interest on monies held by the escrow agent will be sufficient to partially defease a portion of the 2010 Series D bonds maturing November 1, 2015 through 2017. A portion of the proceeds from 2020 Series E and 2020 Series G refunding bonds was deposited with the trustee, acting as escrow agent under the irrevocable Escrow Agreements, dated October 1, 2020, to refund and legally defease the outstanding 2010 Series D bonds. These deposits, together with certain other available monies were held by the escrow agent under the Escrow Agreement and invested in non-callable Federal Securities. The principal and interest on monies held by the escrow agent will be sufficient to refund and legally defease all of the maturities of the 2010 Series D bonds starting on November 1, 2021. As of June 30, 2023 and 2022, the principal amount of 2010 Series D bonds outstanding was \$0.

The 2010 Series E Bonds in the par amount of \$344,200 were issued as taxable Build America Bonds (with Direct Pay Subsidy) to provide \$300,446 in new money proceeds for WSIP capital projects. The Series E bonds were issued as serial and term bonds with coupons ranging from 4.9% to 6.0% and have a final maturity of 2040. The Series E bonds have a true interest cost

SAN FRANCISCO WATER ENTERPRISE

Notes to Financial Statements

June 30, 2023 and 2022

(Dollars in thousands, unless otherwise stated)

(net of federal subsidy) of 3.8%. As of June 30, 2023 and 2022, the principal amount of 2010 Series E bonds outstanding was \$331,455 and \$344,200, respectively.

(c) Water Revenue Bonds 2010 Series FG

In December 2010, the Enterprise issued revenue bonds 2010 Series FG in the combined principal amount of \$532,430. The purpose of the bonds is to provide \$437,980 in new money for WSIP capital projects, with the balance applied to financing costs and a cash-funded debt service reserve. The bonds were rated "AA-" and "Aa2" from S&P and Moody's, respectively. The bonds included serial and term bonds with interest rates ranging from 3.0% to 7.0%.

The \$351,470 Series G bonds were issued as taxable Build America Bonds (with Direct Pay Subsidy) to provide \$288,252 in new money for WSIP capital projects. The Series G bonds were issued as term bonds with a coupon of 7.0% and have a final maturity of 2050. The Series G bonds have a true interest cost (net of federal subsidy) of 4.5%. As of June 30, 2023 and 2022, the principal amount of 2010 Series G bonds outstanding was \$351,470.

(d) Water Revenue Bonds 2011 Series ABCD

In August 2011, the Enterprise issued revenue bonds, 2011 Series ABCD in the combined principal amount of \$720,750. The purpose of the bonds is to provide new money for WSIP capital projects, to finance Hetch Hetchy Water Improvements, and to finance the Local Water Main Replacement Projects, as well as refund \$56,670 of outstanding 2001 Series A and 2002 Series A revenue bonds, with the balance applied to financing costs and a cash-funded debt service reserve. The bonds were rated "AA-" and "Aa3" from S&P and Moody's, respectively. The bonds included serial and term bonds with interest rates varying from 3.0% to 5.0%.

The \$602,715 Series A bonds were issued as tax-exempt bonds to provide \$525,000 in new money for WSIP capital projects. The Series A bonds were issued as serial and term bonds with coupons ranging from 4.3% to 5.0% and have a final maturity of 2041. The Series A bonds have a true interest cost of 4.6%.

A portion of the proceeds of the 2017 Series D and G and 2019 Series A refunding bonds was deposited with the trustee, acting as escrow agent under the irrevocable Escrow Agreements, dated December 1, 2017 and December 1, 2019, respectively, to refund and legally defease a portion of the outstanding 2011 Series A bonds. These deposits, together with certain other available monies was held by the escrow agent under the Escrow Agreement and invested in non-callable Federal Securities. The principal and interest on monies held by the escrow agent will be sufficient to redeem the maturities of the 2011 Series A bonds starting on November 1, 2020 and thereafter. As of June 30, 2023 and 2022, the principal amount of 2011 Series A bonds outstanding was \$0.

The \$28,975 Series B bonds were issued as tax-exempt bonds to provide \$27,710 to finance improvements to certain up-country water storage and transmission facilities under the jurisdiction of Hetch Hetchy Water and Power and CleanPowerSF. SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

(p) Proposition A

On November 5, 2002, the San Francisco voters passed Proposition A, which provides for the issuance of revenue bonds and/or other forms of indebtedness by the Commission in a principal amount not to exceed \$1,628,000 to finance the acquisition and construction of improvements to the City's Water System. As of June 30, 2023, there was no commercial paper outstanding pursuant to this authorization and \$1,499,230 of bonds had been issued in fiscal years 2006, 2010, 2012, 2021 against Prop A. The total authorization against Prop A was \$1,499,230 as of June 30, 2023.

(q) Proposition E

On November 5, 2002, the San Francisco voters passed Proposition E, which authorizes the Board of Supervisors' approval of the issuance of revenue bonds and/or other forms of indebtedness by the Commission to finance costs for the Commission's capital programs, including WSIP. As of June 30, 2023, the Board of Supervisors authorized the issuance of \$4,758,518 in revenue bonds with \$3,903,617 issued against this authorization; in September 2017 and amended in April 2023, the SFPUC entered into an Installment Sale Agreement with the State Water Resources Control Board for a Clean Water State Revolving Fund (CWSRF) Loan and Grant to fund the Enterprise's SF Westside Recycled Water Project in the amount of \$186,220 (which includes a \$15,000 grant) and in April 2022, the SFPUC entered in to an Installment Sale Agreement with the State Water Resources Control Board for a Drinking Water State Revolving Fund (DWSRF) Loan to fund the Mountain Tunnel Improvement Project in the amount of \$238,219. Additionally, \$371,459 and \$206,297 in commercial paper was outstanding pursuant to this authorization as of June 30, 2023 and 2022, respectively.

(r) Certificates of Participation Issued for the 525 Golden Gate Avenue Headquarters Building

In October 2009, the City issued \$167,670 in certificates of participation to fund the headquarters building of the SFPUC at 525 Golden Gate Avenue. The 2009 Series C were issued for \$38,120 and 2009 Series D for \$129,550 as "Build America Bonds" on a taxable basis under the 2009 American Recovery and Reinvestment Act. The 2009 Series C certificates carry interest rates ranging from 2.0% to 5.0% and mature on November 1, 2022. The 2009 Series D certificates carry interest rates ranging from 6.4% to 6.5% and mature on November 1, 2041, after adjusting for the federal interest subsidy, the true interest cost averages 3.4% and 4.3% for Series C and Series D, respectively.

Under the terms of a memorandum of understanding (MOU) between the City and the SFPUC dated October 1, 2009, the City conveyed the real property to the Trustee, the Bank of New York Mellon Trust Company, N.A., which was replaced by U.S. Bank in March 2014 under a property lease in exchange for the proceeds of the sale of the certificates. The Trustee has leased the property back to the City for the City's use under a project lease. The City is obligated under the project lease to pay base rental payments and other payments to the Trustee each year during the 32-year term of the project lease. The Commission makes annual base rental payments to the City for the building equal to annual debt service on the certificates. It is anticipated these lease costs will be offset with reductions in costs associated with current office rental expense. There are no events of default stated in the MOU.

Each of the three Enterprises has an ownership interest in the building equal to their projected usage of space as follows: Water (73%), Wastewater (15%), and Power (12%). Similarly, each Enterprise is responsible for a portion of the annual base rental payment based on their

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

ownership percentages less contributed equity. The percentage share of base rental payments for the Enterprises is as follows: Water (71.4%), Wastewater (18.9%), and Power (9.7%).

The future annual debt services relating to the certificates of participation 2009 Series D outstanding as of June 30, 2023 are as follows:

Certificates of Participation 2009 Series D (Taxable)	Principal	Interest before subsidy	Federal interest subsidy *	Interest net of subsidy
Fiscal years ending June 30:				
2024	\$ 3,267	5,864	(1,935)	3,929
2025	3,402	5,652	(1,865)	3,787
2026	3,545	5,431	(1,792)	3,639
2027	3,695	5,201	(1,716)	3,485
2028	3,852	4,961	(1,637)	3,324
2029-2033	21,834	20,808	(6,868)	13,940
2034-2038	26,918	12,940	(4,271)	8,669
2039-2042	25,986	3,460	(1,142)	2,318
Total	<u>92,499</u>	<u>64,317</u>	<u>(21,226)</u>	<u>43,091</u>
Less: Current portion	(3,267)			
Long-term portion as of June 30, 2023	<u>\$ 89,232</u>			

* The SFPUC received an IRS notice dated May 25, 2023 that the federal interest subsidy on the 2009 Series D bonds is reduced by 5.7%, or a total reduction of \$1,283, due to sequestration over the remaining life of the bonds assuming the sequestration rate will remain the same after fiscal year 2023.

(s) Events of Default and Remedies

In accordance with GASB Statement No. 88, *Certain Disclosures Related to Debt, Including Direct Borrowing and Direct Placements*. Significant Events of default as specified in the Water Enterprise Indenture (applicable to Water Revenue Bonds, and SRF Loan) include 1) Non-payment 2) material breach of warranty, representation or indenture covenants (not cured within applicable grace periods) and 3) bankruptcy and insolvency events, which may result in the Trustee (upon written request by the majority of the owners (by aggregate amount of the bond obligations or of a credit provider), declaring the principal and the interest accrued thereon, to be due and payable immediately. As of June 30, 2023 and 2022, there were no such events describe herein.

(8) Revenue Pledge

The Enterprise has pledged future revenues to repay various revenue bonds and State Revolving Fund loans. Proceeds from the revenue bonds and State Revolving Fund loans provided financing for various capital construction projects, and to refund previously issued bonds. The bonds and State Revolving Fund loans are payable solely from revenues of the Enterprise through the fiscal year ending 2058.

The original amount of revenue bonds and State Revolving Funds loan issued, total principal and interest remaining, principal and interest paid during fiscal years 2023 and 2022, applicable net revenues and funds available for debt service are as follows:

Variable lease payments

Variable lease payments, other than those payments that depend on an index or rate or are fixed in substance, are excluded from the measurement of the lease liability. Such amounts are recognized as lease expenses in the period in which the obligation for those payments is incurred.

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

Certain equipment or facility rental leases require the Enterprise to make variable lease payments that based on usage, related to the property taxes levied on the lessor, and insurance payments made by the lessor; these amounts are generally determined annually. The amounts recognized as expense for variable lease payments not included in the measurement of the lease liability were \$263 and \$34 during the year ended June 30, 2023 and 2022, respectively.

Water Enterprise as Lessor

The Enterprise has leased facilities, easements, communication site and equipment to various tenants. The terms and conditions for these leases vary, which range between 1- 65 years.

Variable payments include percentage of sales, or payments depended on an index made by the lessee; these amounts are generally determined periodically. The Enterprise did not incur revenue related to residual value guarantees or lease termination penalties. The total amounts for lease revenue, interest revenue, and other lease-related revenues recognized during the year ended June 30, 2023 and 2022 were \$1,161 and \$2,332, respectively.

(11) Wholesale Balancing Account

Water Supply Agreement

From 1984-2009, the Enterprise provided water service pursuant to the terms of the 1984 Water Settlement Agreement and Master Water Sales Contract, which established the basis for water rates to be charged to those customers (Wholesale Customers). The Master Water Sales Contract expired on June 30, 2009. The Commission and the Wholesale Customers approved a Water Supply Agreement (WSA) effective July 1, 2009 (the contract was most recently restated and amended in January 2023). The WSA has a 25-year term from July 1, 2009, with two options for five-year extensions. The existing 184 million gallons per day (mgd) Supply Assurance continues under the WSA and no increase in the Supply Assurance will be considered before December 31, 2028. During the period from 2009 to 2028, the WSA limits the quantity of water delivered to Retail Customers and Wholesale Customers from the watersheds to 265 mgd. Under the WSA, annual operating expenses, including debt service on bonds sold to finance regional system improvements and regional capital projects funded from revenues, will be allocated between Retail Customers and Wholesale Customers on the basis of proportionate annual water use. The original WSA stated the Wholesale Customers' share of net book value of existing regional assets as of June 30, 2009 would be recovered on level annual payment over the 25-year term of the WSA at an interest rate of 5.13%. The 25-year term repayment obligation was settled in February 2013. The Wholesale Customers made an early repayment to the Enterprise of the outstanding balance of \$356,139 as allowed by Section 5.03 of the WSA. The WSA continues much of the rate setting, accounting, and dispute resolution provisions contained in the expired contract, and has emergency and drought-pricing adjustment provisions.

Pursuant to the terms of the WSA, the Enterprise is required to establish water rates applicable to the Wholesale Customers annually. The wholesale water rates are based on an estimate of the level of revenues necessary to recoup the cost of distributing water to the Wholesale Customers in accordance with the methodology outlined in Article V of the WSA (the Wholesale Revenue Requirement (WRR)). During fiscal years ending in 2023 and 2022, the WRR, net of adjustments, charged to such wholesale customers was \$300,502 and \$289,828, respectively. Such amounts are subject to final review by the Wholesale Customers, along with a trailing wholesale balancing account compliance audit of the WRR calculation.

Pursuant to Article VII, Section 7.02 of the WSA, the Enterprise is required to re-compute the WRR after the close of each fiscal year based on the actual costs incurred in the delivery of water to the Wholesale Customers. The difference between the wholesale revenues earned during the year and the "actual" WRR is recorded in a separate account (the Balancing Account) and represents the cumulative amount that is either owed to the Wholesale Customers (if the wholesale revenues exceed the WRR) or owed to the City (if the WRR exceeds the wholesale revenues paid). In accordance with

SAN FRANCISCO WATER ENTERPRISE

Notes to Financial Statements

June 30, 2023 and 2022

(Dollars in thousands, unless otherwise stated)

Article VI of the WSA, the amount recorded in the Balancing Account shall earn interest at a rate equal to the average rate received by the City during the year on the invested pooled funds of the City Treasury and shall be taken into consideration in the determination of subsequent wholesale water rates. The Wholesale Customers owed the Enterprise \$10,052 as of June 30, 2023. The Enterprise owed the Wholesale Customers \$79,150 as of June 30, 2022. Refer to the compliance audit report for the final balancing account available at <https://sfpu.org/about-us/reports/audited-financial-statements-annual-financial-reports>.

(12) Employee Benefits

(a) Pension Plan

The Enterprise participates in a cost-sharing multiple-employer defined benefit pension Plan (SFERS Plan). For purposes of measuring the net pension liability, deferred outflows/inflows of resources related to pensions, pension expense, information about the fiduciary net position of the SFERS Plan, and additions to/deductions from the SFERS Plan's fiduciary net position have been determined on the same basis as they are reported by the SFERS Plan. Contributions are recognized in the period in which they are due pursuant to legal requirements. Benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

Replacement Benefits Plan – The Replacement Benefits Plan (RBP) is a qualified excess benefit plan established in October 1989. Internal Revenue Code Section 415(m) provides for excess benefit arrangements that legally permit benefit payments above the Section 415 limits, provided that the payments are not paid from the SFERS Plan. The RBP allows the City to pay SFERS retirees any portion of the Charter-mandated retirement allowance that exceeds the annual Section 415(b) limit. The RBP plan does not meet the criteria of a qualified trust under GASB Statement No. 73 because RBP assets are subject to the claims of the employer's general creditors under federal and state law in the event of insolvency.

GASB Statements No. 68 and 73 require that the SFERS Plan and RBP reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used:

Fiscal Year 2023	
Valuation Date (VD)	June 30, 2021 updated to June 30, 2022
Measurement Date (MD)	June 30, 2022
Measurement Period (MP)	July 1, 2021 to June 30, 2022

Fiscal Year 2022	
Valuation Date (VD)	June 30, 2020 updated to June 30, 2021
Measurement Date (MD)	June 30, 2021
Measurement Period (MP)	July 1, 2020 to June 30, 2021

The City is an employer of the plan with a proportionate share of 94.87% as of June 30, 2022 (measurement date), and 94.64% as of June 30, 2021 (measurement date), 0.23% increase from prior year. The Enterprise's allocation percentage was determined based on the Enterprise's employer contributions divided by the City's total employer contributions for fiscal years 2022 and 2021. The Enterprise's net pension liability/(assets), deferred outflows/inflows of resources related to pensions, amortization of deferred outflows/inflows, and pension expense is based on the Enterprise's allocated percentage. The Enterprise's allocation of the

SAN FRANCISCO WATER ENTERPRISE

Notes to Financial Statements

June 30, 2023 and 2022

(Dollars in thousands, unless otherwise stated)

City's proportionate share was 4.27% as of June 30, 2022, and 4.27% as of June 30, 2021 (measurement dates).

Replacement Benefits Plan – The Enterprise's allocation percentage was determined based on the Enterprise's total pension liabilities divided by the City's total pension liabilities for fiscal year 2022. The Enterprise's total pension liability/(assets), deferred outflows/inflows of resources related to pensions, amortization of deferred outflows/inflows and pension expense is based on the Enterprise's allocated percentage. The Enterprise's allocation of the City's proportionate share was 2.31% as of June 30, 2022, and 1.85% as of June 30, 2021 (measurement dates).

SFERS Plan Description – The Plan provides basic service retirement, disability, and death benefits based on specified percentages of defined final average monthly salary and provides annual cost-of-living adjustments (COLA) after retirement. The Plan also provides pension continuation benefits to qualified survivors. The San Francisco City and County Charter and the Administrative Code are the authorities which establish and amend the benefit provisions and employer obligations of the Plan. The Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for the Plan. That report may be obtained on the Retirement System's website or by writing to the San Francisco City and County Employees' Retirement System, 1145 Market Street, 5th Floor, San Francisco, CA 94103 or by calling (415) 487-7000.

SFERS Benefits – Retirement System provides service retirement, disability and death benefits based on specified percentages of defined final average monthly salary and annual cost of living adjustments after retirement. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan. The Retirement System pays benefits according to the category of employment and the type of benefit coverage provided by the City and County. The four main categories of Plan members are:

- a) Miscellaneous Non-Safety Members – staff, operational, supervisory, and all other eligible employees who are not in special membership categories.
- b) Sheriff's Department and Miscellaneous Safety Members – sheriffs assuming office on and after January 7, 2012, and undersheriffs, deputized personnel of the sheriff's department, and miscellaneous safety employees hired on and after January 7, 2012.
- c) Firefighter Members – firefighters and other employees whose principal duties are in fire prevention and suppression work or who occupy positions designated by law as firefighter member positions.
- d) Police Members – police officers and other employees whose principal duties are in active law enforcement or who occupy positions designated by law as police member positions.

The membership groups and the related service retirement benefits are included in the Notes to the Basic Financial Statements of San Francisco Employees' Retirement System.

All members are eligible to apply for a disability retirement benefit, regardless of age, when they have 10 or more years of credited service and they sustain an injury or illness that prevents them from performing their duties. Safety members are eligible to apply for an industrial disability retirement benefit from their first day on the job if their disability is caused by an illness or injury that they receive while performing their duties.

All retired members receive a benefit adjustment each July 1, which is the Basic COLA. The majority of adjustments are determined by changes in CPI with increases capped at 2%. The

SAN FRANCISCO WATER ENTERPRISE

Notes to Financial Statements

June 30, 2023 and 2022

(Dollars in thousands, unless otherwise stated)

Plan provides for a Supplemental COLA in years when there are sufficient “excess” investment earnings in the Plan. The maximum benefit adjustment each July 1 is 3.5% including the Basic COLA. Effective July 1, 2012, voters approved changes in the criteria for payment of the Supplemental COLA benefit, so that Supplemental COLAs would only be paid when the Plan is also fully funded on a market value of assets basis. Certain provisions of this voter-approved proposition were challenged in the Courts. A decision by the California Courts modified the interpretation of the proposition. Effective July 1, 2012, members who retired before November 6, 1996 will receive a Supplemental COLA only when the Plan is also fully funded on a market value of assets basis. However, the “full funding” requirement does not apply to members who retired on or after November 6, 1996 and were hired before January 7, 2012. For all members hired before January 7, 2012, all Supplemental COLAs paid to them in retirement benefits will continue into the future even where an additional Supplemental COLA is not payable in any given year. For members hired on and after January 7, 2012, a Supplemental COLA will only be paid to retirees when the Plan is fully funded on a market value of asset basis and in addition for these members, Supplemental COLAs will not be permanent adjustments to retirement benefits. That is, in years when a Supplemental COLA is not paid, all previously paid Supplemental COLAs will expire.

Funding and Contribution Policy

SFERS Plan – Contributions are made by both the City and the participating employees. Employee contributions are mandatory as required by the Charter. Employee contribution rates varied from 7.5% to 13.0% as a percentage of gross covered salary in fiscal years 2023 and 2022. Most employee groups agreed through collective bargaining for employees to contribute the full amount of the employee contributions on a pretax basis. The City is required to contribute at an actuarially determined rate. Based on the July 1, 2021 actuarial report, the required employer contribution rate for fiscal year 2023 was 17.85% to 21.35%. Based on the July 1, 2020 actuarial report, the required employer contribution rate for fiscal year 2022 was 19.91% to 24.41%

Employer contributions and employee contributions made by the employer to the Plan are recognized when due and the employer has made a formal commitment to provide the contributions. The City’s proportionate share of employer contributions recognized by the Retirement System in fiscal year ended June 30, 2022 and 2021 (measurement period) were \$729,578 and \$791,736, respectively. The Enterprise’s allocation of employer contributions for fiscal year 2022 and 2021 (measurement period) were \$31,151 and \$33,367, respectively.

Replacement Benefits Plan – The RBP is and will remain unfunded and the rights of any participant and beneficiary are limited to those specified in the RBP. The RBP constitutes an unsecured promise by the City to make benefit payments in the future to the extent funded by the City. The City paid \$4,472 replacement benefits in the year ended June 30, 2023.

Pension Liabilities/(Asset), Pension Expenses, and Deferred Outflows and Inflows of Resources Related to Pensions

Fiscal Year 2023

As of June 30, 2023, the City reported net pension liability (NPL) for its proportionate share of the net pension liability of the SFERS Plan and net pension liability of RBP of \$2,708,927. The City’s NPL/net pension assets (NPA) for each of its cost-sharing plans is measured as a proportionate share of the plans’ net pension liability. The net pension liability of the SFERS Plan

SAN FRANCISCO WATER ENTERPRISE

Notes to Financial Statements

June 30, 2023 and 2022

(Dollars in thousands, unless otherwise stated)

is measured as of June 30, 2022 (measurement date), and the total pension liability for the SFERS Plan and RBP used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021 rolled forward to June 30, 2022 using standard update procedures. The City's proportion of the net pension liability for the SFERS Plan was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. The Enterprise's allocation of the City's proportionate share of the net pension liability for the SFERS Plan as of June 30, 2023 (reporting year) was \$111,743. The Enterprise's allocation of total pension liability for the RBP as of June 30, 2023 was \$3,600.

For the year ended June 30, 2023, the City's recognized pension expense was \$1,771 including amortization of deferred outflow/inflow related pension items. The Enterprise's allocation of pension expense including amortization of deferred outflow/inflow related pension items was \$6,225. Pension expense increased from the prior year, largely due to the amortization of deferrals

As of June 30, 2023, the Enterprise reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Fiscal Year 2023 Schedule of Deferred Outflows and Inflows of Resources				
	SFERS Plan		Replacement Benefits Plan	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contribution subsequent to measurement date	\$ 27,925	-	-	-
Differences between expected and actual experience	10,200	-	475	455
Changes in assumptions	29,035	8,713	579	778
Net difference between projected and actual earnings on pension plan investments	-	13,890	-	-
Change in employer's proportion	1,869	3,138	18	1,530
Total	\$ 69,029	25,741	1,072	2,763

Amounts reported as deferred outflows, exclusive of contributions made after the measurement date, and deferred inflows of resources will be amortized annually and recognized in pension expense (benefit) as follows:

Fiscal Years	SFERS Plan	Replacement Benefits Plan
2024	\$ (5,899)	(283)
2025	(8,602)	(374)
2026	(17,636)	(589)
2027	47,500	(445)
Total	\$ 15,363	(1,691)

Fiscal Year 2022

As of June 30, 2022, the City reported net pension assets (NPA) for its proportionate share of the net pension (asset) of the SFERS Plan and net pension liability of RBP of \$2,227 million. The City's net pension asset for the SFERS Plan is measured as the proportionate share of the net pension asset. The net pension (asset) of the SFERS Plan is measured as of June 30, 2021 (measurement date), and the total pension asset for the SFERS Plan and RBP used to calculate the net pension (asset) was determined by an actuarial valuation as of June 30, 2020 rolled forward to June 30, 2021 using standard update procedures. The City's proportion of the net pension (asset) for the SFERS Plan was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating

SAN FRANCISCO WATER ENTERPRISE

Notes to Financial Statements

June 30, 2023 and 2022

(Dollars in thousands, unless otherwise stated)

employers, actuarially determined. The Enterprise's allocation of the City's proportionate share of the net pension (asset) for the SFERS Plan and RBP as of June 30, 2022 (reporting year) was (\$100,407). The Enterprise's allocation of total pension liability for the RBP as of June 30, 2022 was \$4,056.

For the year ended June 30, 2022, the City's recognized pension (benefit) was (\$922,979) including amortization of deferred outflow/inflow related pension items. The Enterprise's allocation of pension (benefit) including amortization of deferred outflow/inflow related pension items was (\$29,908). Pension (benefit) increased from the prior year, largely due to the amortization of deferrals

As of June 30, 2022, the Enterprise reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Fiscal Year 2022 Schedule of Deferred Outflows and Inflows of Resources				
	SFERS Plan		Replacement Benefits Plan	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contribution subsequent to measurement date	\$ 31,151	—	—	—
Differences between expected and actual experience	9,593	343	552	—
Changes in assumptions	7,068	18,339	757	—
Net difference between projected and actual earnings on pension plan investments	—	226,935	—	—
Change in employer's proportion	3,531	1,706	200	1,381
Total	\$ 51,343	247,323	1,509	1,381

Amounts reported as deferred outflows, exclusive of contributions made after the measurement date, and deferred inflows of resources will be amortized annually and recognized in pension/(benefits) as follows:

Fiscal Years	Deferred Outflows/(Inflows)	Replacement Benefits Plan
2023	\$ (57,166)	247
2024	(51,954)	52
2025	(54,608)	1
2026	(63,403)	(172)
Total	\$ (227,131)	128

Actuarial Assumptions

Fiscal Year 2023

A summary of the actuarial assumptions and methods used to calculate the Total Pension Liability for both SFERS Plan and RBP as of June 30, 2022 (measurement year) is provided below, including any assumptions that differ from those used in the July 1, 2021 actuarial valuation. Refer to the July 1, 2021 actuarial valuation report for a complete description of all other assumptions, which can be found on the Retirement System's website <http://mysfers.org>.

(Dollars in thousands, unless otherwise stated)

Discount Rate

Fiscal Year 2023

SFERS Plan – The beginning and end of year measurements are based on different assumptions and contribution methods that may result in different discount rates. The discount rate was 7.20% as of June 30, 2022 (measurement date) and 7.40% June 30, 2021 (measurement date).

The discount rate used to measure the Total Pension Liability as of June 30, 2022 was 7.20%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will continue to be made at the rates specified in the Charter. Employer contributions were assumed to be made in accordance with the contribution policy in effect for July 1, 2021 actuarial valuation. That policy includes contributions equal to the employer portion of the entry age normal costs for members as of the valuation date, a payment for the expected administrative expenses, and an amortization payment on the unfunded actuarial liability.

The amortization payment is based on closed periods that vary in length depending on the source. Charter amendments prior to July 1, 2014 are amortized over 20 years. After July 1, 2014, any Charter changes to active member benefits are amortized over 15 years and changes to inactive member benefits, including Supplemental COLAs, are amortized over 5 years. The remaining unfunded actuarial liability not attributable to Charter amendments as of July 1, 2013 is amortized over a 19-year period commencing July 1, 2014. Experience gains and losses and assumption or method changes on or after July 1, 2014 are amortized over 20 years. The full amortization payment for the 2015 assumption changes is phased in over a period of 5 years. For the July 1, 2016 valuation, the increase in the unfunded actuarial liability attributable to the Supplemental COLAs granted on July 1, 2013 and July 1, 2014 are amortized over 17-years and 5-years respectively. All amortization schedules are established as a level percentage of payroll so payments increase 3.25% each year. The unfunded actuarial liability is based on an actuarial value of assets that smooths investment gains and losses over five years and a measurement of the actuarial liability that excludes the value of any future Supplemental COLAs.

While the contributions and measure of actuarial liability in the funding valuation do not anticipate any future Supplemental COLAs, the projected contributions for the determination of the discount rate include the anticipated future amortization payments on future Supplemental COLAs for current members when they are expected to be granted. For members who worked after November 6, 1996 and before Proposition C passed (Post 97 Retirees), a Supplemental COLA is granted if the actual investment earnings during the year exceed the expected investment earnings on the actuarial value of assets. For members who did not work after November 6, 1996 and before Proposition C passed, the market value of assets must also exceed the actuarial liability at the beginning of the year for a Supplemental COLA to be granted. When a Supplemental COLA is granted, the amount depends on the amount of excess earnings and the basic COLA amount for each membership group. The large majority of members receive a 1.50% supplemental COLA when granted.

Because the probability of a Supplemental COLA depends on the current funded level of the Retirement System for certain members, an assumption was developed as of June 30, 2022 for the probability and amount of Supplemental COLA for each future year. A full Supplemental COLA will be paid to all retired members, and their beneficiaries, who were retired effective July 1, 2022. The table below shows the net assumed Supplemental COLA for members with a 2.00% Basic COLA for sample years.

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

Assumed Supplemental COLA for Members with a 2.00% Basic COLA

<u>Fiscal Years</u>	<u>96 - Prop C</u>	<u>Before 11/6/96 or After Prop C</u>
2024	0.75 %	0.70 %
2025	0.75	0.60
2026	0.75	0.60
2027+	0.75	0.50

The projection of benefit payments to current members for determining the discount rate includes the payment of anticipated future Supplemental COLAs .

Based on these assumptions, the Retirement System's fiduciary net position was projected to be available to make projected future benefit payments for current members for all future years. Projected benefit payments are discounted at the long-term expected return on assets of 7.20% to the extent the fiduciary net position is available to make the payments and at the municipal bond rate of 3.54% to the extent they are not available. The single equivalent rate used to determine the Total Pension Liability as of June 30, 2022 is 7.20%.

The long-term expected rate of return on pension plan investments was 7.20%. It was set by the Retirement Board after consideration of both expected future returns and historical returns experienced by the Retirement System. Expected future returns were determined by using a building-block method in which best-estimate ranges of expected future real rates of return were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Target allocation and best estimates of geometric long-term expected real rates of return (net of pension plan investment expense and inflation) for each major asset class are summarized in the following table.

Long- Term Expected Real Rates of Return

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Global Equity	37.0 %	4.8 %
Private Equity	23.0	7.9
Private Credit	10.0	5.8
Real Assets	10.0	4.7
Hedge Funds/Absolute Return	10.0	3.4
Treasuries	8.0	0.6
Liquid Credit	5.0	3.5
Leverage	-3.0	0.6
Total	<u>100.0</u>	

Replacement Benefits Plan – The beginning and end of year measurements are based on different assumptions that result in different discount rates. The discount rate was 3.54% as of June 30, 2022. This reflects the yield for a 20-year, tax-exempt general obligation municipal bond with an average rating of AA/Aa or higher. The Municipal Bond Yields are the Bond Buyer 20-Year GO Index as of June 24, 2021 and June 30, 2022. These are the rates used to determine the total pension liability as of June 30, 2022.

The inflation assumption of 2.50% compounded annually was used for projecting the annual IRC Section 415(b) limitations. The actual IRC Section 415(b) limitations published by the IRS of \$245 for was used for the 2022 measurement date.

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

The SFERS assumptions about Basic and Supplemental COLA previously discussed also apply to the Replacement Benefits Plan, including the impact of the State Appeals Court determination that the full funding requirement for payment of Supplemental COLA included in Proposition C was unconstitutional and the impact is accounted for as a change in benefits.

On June 30, 2023, City's membership in the RBP had a total of 327 active members and 160 retirees and beneficiaries currently receiving benefits. The Enterprise has 7 active members and 6 retirees and beneficiary currently receiving benefits.

Fiscal Year 2022

SFERS Plan – The beginning and end of year measurements are based on different assumptions and contribution methods that may result in different discount rates. The discount rate was 7.40% as of June 30, 2021 (measurement date) and June 30, 2020 (measurement date).

The discount rate used to measure the Total Pension Liability as of June 30, 2021 was 7.40%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will continue to be made at the rates specified in the Charter. Employer contributions were assumed to be made in accordance with the contribution policy in effect for July 1, 2020 actuarial valuation. That policy includes contributions equal to the employer portion of the entry age normal costs for members as of the valuation date, a payment for the expected administrative expenses, and an amortization payment on the unfunded actuarial liability.

The amortization payment is based on closed periods that vary in length depending on the source. Charter amendments prior to July 1, 2014 are amortized over 20 years. After July 1, 2014, any Charter changes to active member benefits are amortized over 15 years and changes to inactive member benefits, including Supplemental COLAs, are amortized over 5 years. The remaining unfunded actuarial liability not attributable to Charter amendments as of July 1, 2013 is amortized over a 19-year period commencing July 1, 2014. Experience gains and losses and assumption or method changes on or after July 1, 2014 are amortized over 20 years. The full amortization payment for the 2015 assumption changes is phased in over a period of 5 years. For the July 1, 2016 valuation, the increase in the unfunded actuarial liability attributable to the Supplemental COLAs granted on July 1, 2013 and July 1, 2014 are amortized over 17-years and 5-years respectively. All amortization schedules are established as a level percentage of payroll so payments increase 3.25% each year. The unfunded actuarial liability is based on an actuarial value of assets that smooths investment gains and losses over five years and a measurement of the actuarial liability that excludes the value of any future Supplemental COLAs.

While the contributions and measure of actuarial liability in the funding valuation do not anticipate any future Supplemental COLAs, the projected contributions for the determination of the discount rate include the anticipated future amortization payments on future Supplemental COLAs for current members when they are expected to be granted. For members who worked after November 6, 1996 and before Proposition C passed (Post 97 Retirees), a Supplemental COLA is granted if the actual investment earnings during the year exceed the expected investment earnings on the actuarial value of assets. For members who did not work after November 6, 1996 and before Proposition C passed, the market value of assets must also exceed the actuarial liability at the beginning of the year for a Supplemental COLA to be granted. When a Supplemental COLA is granted, the amount depends on the amount of excess earnings and the basic COLA amount for each membership group. The large majority of members receive a 1.50% supplemental COLA when granted.

June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

Because the probability of a Supplemental COLA depends on the current funded level of the Retirement System for certain members, an assumption was developed as of June 30, 2021 for the probability and amount of Supplemental COLA for each future year. A full Supplemental COLA will be paid to all retired members, and their beneficiaries, who were retired effective July 1, 2021. The table below shows the net assumed Supplemental COLA for members with a 2.00% Basic COLA for sample years.

Assumed Supplemental COLA for Members with a 2.00% Basic COLA

<u>Fiscal Years</u>	<u>96 - Prop C</u>	<u>Before 11/6/96 or After Prop C</u>
2023	0.75 %	0.70 %
2025	0.75	0.70
2027	0.75	0.60
2029	0.75	0.60
2031	0.75	0.60
2033+	0.75	0.50

The projection of benefit payments to current members for determining the discount rate includes the payment of anticipated future Supplemental COLAs.

Based on these assumptions, the Retirement System's fiduciary net position was projected to be available to make projected future benefit payments for current members for all future years. Projected benefit payments are discounted at the long-term expected return on assets of 7.40% to the extent the fiduciary net position is available to make the payments and at the municipal bond rate of 2.16% to the extent they are not available. The single equivalent rate used to determine the Total Pension Liability as of June 30, 2021 is 7.40%.

The long-term expected rate of return on pension plan investments was 7.40%. It was set by the Retirement Board after consideration of both expected future returns and historical returns experienced by the Retirement System. Expected future returns were determined by using a building-block method in which best-estimate ranges of expected future real rates of return were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Target allocation and best estimates of geometric long-term expected real rates of return (net of pension plan investment expense and inflation) for each major asset class are summarized in the following table.

Long-Term Expected Real Rates of Return

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Global Equity	37.0 %	4.2 %
Private Equity	23.0	7.9
Private Credit	10.0	5.1
Real Assets	10.0	5.1
Hedge Funds/Absolute Return	10.0	2.9
Treasuries	8.0	0.0
Liquid Credit	5.0	2.3
Leverage	-3.0	0.1
Total	<u>100.0</u>

(Dollars in thousands, unless otherwise stated)

Replacement Benefits Plan – The beginning and end of year measurements are based on different assumptions that result in different discount rates. The discount rate was 2.16% as of June 30, 2021. This reflects the yield for a 20-year, tax-exempt general obligation municipal bond with an average rating of AA/Aa or higher. The Municipal Bond Yields are the Bond Buyer 20-Year GO Index as of June 25, 2020 and June 24, 2021. These are the rates used to determine the total pension liability as of June 30, 2021.

The inflation assumption of 2.50% compounded annually was used for projecting the annual IRC Section 415(b) limitations. However, the actual IRC Section 415(b) limitations published by the IRS of \$230 for 2021 was used for the 2021 measurement date.

The SFERS assumptions about Basic and Supplemental COLA previously discussed also apply to the Replacement Benefits Plan, including the impact of the State Appeals Court determination that the full funding requirement for payment of Supplemental COLA included in Proposition C was unconstitutional and the impact is accounted for as a change in benefits.

On June 30, 2022, City’s membership in the RBP had a total of 350 active members and 135 retirees and beneficiaries currently receiving benefits. The Enterprise has 9 active members and 3 retirees and beneficiary currently receiving benefits.

Sensitivity of Proportionate Share of the Net Pension Liability (NPL)/Net Pension Assets (NPA) to Changes in the Discount Rate – The following presents the Enterprise’s allocation of the employer’s proportionate share of the net pension liability/(asset) for the SFERS Plan, calculated using the discount rate, as well as what the Enterprise’s allocation of the employer’s proportionate share of the net pension liability/(asset) would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rate.

Fiscal Year 2023

Employer	1% Decrease Share of NPL @ 6.20%	Share of NPL @ 7.20%	1% Increase Share of NPA @ 8.20%
Water	\$ 305,993	111,743	(48,394)

Fiscal Year 2022

Employer	1% Decrease Share of NPL @ 6.40%	Share of NPA @ 7.40%	1% Increase Share of NPA @ 8.40%
Water	\$ 69,621	(104,463)	(248,184)

The allocation of the employer’s proportionate share of the total pension liability for the Replacement Benefits Plan, calculated using the discount rate, as well as what the Enterprise’s allocation of the employer’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rate.

Fiscal Year 2023

Employer	1% Decrease @ 2.54%	Measurement Date @ 3.54%	1% Increase @ 4.54%
Water	\$ 4,270	3,600	3,072

Fiscal Year 2022

Employer	1% Decrease @ 1.16%	Measurement Date @ 2.16%	1% Increase @ 3.16%
Water	\$ 4,889	4,056	3,411

(b) Other Post-Employment Benefits

The Enterprise participates in a single-employer defined benefit other postemployment benefits plan (the Plan). The Plan is maintained by the City and is administered through the City’s Health Service System. It provides postemployment medical, dental and vision insurance benefits to eligible employees, retired employees, surviving spouses, and domestic partners. Health benefit provisions are established and may be amended through negotiations between the City and the respective bargaining units. The City does not issue a separate report on its other postemployment benefit plan.

GASB Statement No. 75 requires that reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used.

San Francisco Health Service System Retiree Plan - Single-Employer

Fiscal year 2023	
Valuation Date (VD)	June 30 2022
Measurement Date (MD)	June 30, 2022
Measurement Period (MP)	July 1, 2021 to June 30, 2022
Fiscal year 2022	
Valuation Date (VD)	June 30 2020, updated to June 30, 2021
Measurement Date (MD)	June 30, 2021
Measurement Period (MP)	July 1, 2020 to June 30, 2021

The Enterprise’s proportionate share percentage of the Plan was determined based on its percentage of citywide “pay-as-you-go” contributions for the year ended June 30, 2022 and June 30, 2021. The Enterprise’s net OPEB liability, deferred outflows/inflows of resources related to OPEB, amortization of deferred outflows/inflows and OPEB expense to each department is based on the Enterprise’s allocated percentage. The Enterprise’s proportionate share of the City’s OPEB elements as of June 30, 2022 and 2021 measurement dates were 3.97% and 3.90%, respectively.

Benefits

Permanent full-time and elected employees are eligible to retire and receive postretirement health insurance benefits when they are eligible for retirement benefits from the City and County of San Francisco’s Retirement System. The eligibility requirements are as follows:

Normal Retirement	Miscellaneous	Age 50 with 20 years of credited service ¹ Age 60 with 10 years of credited service
	Safety	Age 50 with 5 years of credited service
	Disabled Retirement ²	Any age with 10 years of credited service
Terminated Vested		5 years of credited service at separation

¹ Age 53 with 20 years of credited service, age 60 with 10 years of credited service, or age 65 for Miscellaneous members hired on or after January 7, 2012 under Charter Section 8.603.

² No service requirement for Safety members retiring under the industrial disability benefit or for surviving spouses / domestic partners of those killed in the line of duty.

SAN FRANCISCO WATER ENTERPRISE

Notes to Financial Statements

June 30, 2023 and 2022

(Dollars in thousands, unless otherwise stated)

Retiree healthcare benefits are administered by the San Francisco Health Service System and include the following:

Medical:	PPO – Blue Shield (self-insured) and UHC Medicare Advantage (fully-insured) HMO – Kaiser (fully-insured) and Blue Shield (flex-funded) and Health Net (flex-funded)
Dental:	Delta Dental, DeltaCare USA, and UnitedHealthcare Dental
Vision:	Vision benefits are provided under the medical insurance plans and are administered by Vision Service Plan.

Projections of the sharing of benefit related costs are based on an established pattern of practice.

Contributions

Benefits provided under the Plan are currently paid through “pay as you go” funding. Additionally, under the City Charter, active officers and employees of the City who commenced employment on or after January 10, 2009, shall contribute to the Retiree Health Care Trust Fund (Trust Fund) a percentage of compensation not to exceed 2% of pre-tax compensation. The City shall contribute 1% of compensation for officers and employees who commenced employment on or after January 10, 2009 until the City’s GASB Actuary has determined that the City’s portion of the Trust Fund is fully funded. At that time, the City’s 1% contribution shall cease, and officers and employees will each contribute 50% of the maximum 2% of pre-tax compensation.

Starting July 1, 2016, active officers and employees of the City who commenced employment on or before January 9, 2009, shall contribute 0.25% of pre-tax compensation into the Trust Fund. Beginning on July 1st of each subsequent year, the active officers and employees of the City who commenced employment on or before January 9, 2009, shall contribute an additional 0.25% of pre-tax compensation up to a maximum of 1%. Starting July 1, 2016, the City shall contribute 0.25% of compensation into the Trust Fund for each officer and employee who commenced employment on or before January 9, 2009. Beginning on July 1st of each subsequent year, the City shall contribute an additional 0.25% of compensation, up to a maximum of 1% for each officer and employee who commenced employment on or before January 9, 2009. When the City’s actuary has determined that the City’s portion of the Trust Fund is fully funded, the City’s 1% contribution shall cease, and officers and employees will each contribute 50% of the maximum 1% of pre-tax compensation.

Additional or existing contribution requirements may be established or modified by amendment to the City’s Charter.

For the fiscal years ending June 30, 2023 and 2022, funding was based on “pay-as-you-go” plus a contribution of \$45,241 and \$41,841 to the Retiree Healthcare Trust Fund, respectively. The “pay-as-you-go” portion paid by the City was \$215,408 for a total contribution of \$260,649 for the fiscal year ending June 30, 2023, and \$211,025 for a total contribution of \$252,866 for the fiscal year ending June 30, 2022. The Enterprise’s proportionate share of the City’s contributions for fiscal year 2023 was \$10,339, and for fiscal year 2022 was \$9,873, and will be recognized as a reduction of the net OPEB liability in the subsequent fiscal period.

OPEB liabilities, OPEB Expenses and Deferred Outflows/Inflows of Resources Related to OPEB

Fiscal Year 2023

As of June 30, 2023, the City reported net OPEB liabilities related to the Plan of \$3,746,270. The Enterprise's proportionate share of the City's net OPEB liability as of June 30, 2023 was \$148,601.

For the year ended June 30, 2023, the City's recognized OPEB expense was \$256,974. Amortization of the City's deferred outflows and inflows is included as a component of OPEB expense. The Enterprise's proportionate share of the City's OPEB expense was \$20,381.

As of June 30, 2023, the Enterprise reported its proportionate share of the City's deferred outflows/inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Contributions subsequent to measurement date	\$ 10,339	\$ -
Differences between expected and actual experience	3,299	24,740
Changes in assumptions	6,344	-
Net difference between projected and actual earnings on plan investments	2,392	-
Change in Proportion	6,242	2,335
Total	<u>\$ 28,616</u>	<u>\$ 27,075</u>

Amounts reported as deferred outflows, exclusive of contributions made after the measurement date, and deferred inflows of resources will be amortized annually and recognized in OPEB expense as follows:

Year ended June 30:	
2024	\$ (2,253)
2025	(2,213)
2026	(720)
2027	(1,132)
Thereafter	<u>(2,480)</u>
Total	<u>\$ (8,798)</u>

Fiscal Year 2022

As of June 30, 2022, the City reported net OPEB liabilities related to the Plan of \$3,691,122. The Enterprise's proportionate share of the City's net OPEB liability as of June 30, 2022 was \$144,115.

For the year ended June 30, 2022, the City's recognized OPEB expense was \$272,001. Amortization of the City's deferred outflows and inflows is included as a component of OPEB expense. The Enterprise's proportionate share of the City's OPEB expense was \$14,566.

SAN FRANCISCO WATER ENTERPRISE

Actuarial Assumptions

Fiscal Year 2023

A summary of the actuarial assumptions and methods used to calculate the Total OPEB Liability as of June 30, 2022 (measurement date) is provided below:

Key Actuarial Assumptions

Valuation Date	June 30, 2022
Measurement Date	June 30, 2022
Actuarial Cost Method	The Entry Age Actuarial Cost Method is used to measure the Plan's Total OPEB Liability
Healthcare Cost Trend Rates	Pre-Medicare trend starts at 7.74% trending down to ultimate rate of 3.93% in 2076 Medicare trend starts at 7.74% trending down to ultimate rate of 3.94% in 2076 10-County average trend starts at 5.00% trending down to ultimate rate of 3.94% in 2076 Vision and expenses trend remains a flat 3.0% for all years
Expected Rate of Return on Plan Assets	7.00%
Salary Increase Rate	Wage Inflation Component: 3.25% Additional Merit Component (dependent on years of service): Police: 0.50% - 7.50% Fire: 0.50% - 14.00% Muni Drivers: 0.00% - 16.00% Craft: 0.50% - 3.75% Misc: 0.30% - 5.50%
Inflation Rate	Wage Inflation: 3.25% compounded annually Consumer Price Inflation: 2.50% compounded annually
Mortality Tables	Base mortality tables are developed by multiplying a published table by an adjustment factor developed in SFERS experience study for the period ending June 30, 2019.

Non-Annuitants

	Published Table	Adjustment Factor	
		Male	Female
Miscellaneous	PubG-2010 Employee	0.834	0.866
Safety	PubS-2010 Employee	1.011	0.979

Healthy Retirees

	Published Table	Adjustment Factor	
		Male	Female
Miscellaneous	PubG-2010 Employee	1.031	0.977

(Dollars in thousands, unless otherwise stated)

Sensitivity of Liabilities to Changes in the Healthcare Cost Trend Rate and Discount Rate

The following presents the Enterprise's proportionate share of the City's net OPEB liability calculated using the healthcare cost trend rate, as well as what the Enterprise's allocation of the City's net OPEB liability would be if it were calculated using a healthcare cost trend rate that is 1% lower or 1% higher than the current rate:

Fiscal Year 2023

Employer	-1.00%	Healthcare Trend	1.00%
Water	\$ 127,125	\$ 148,601	\$ 175,238

Fiscal Year 2022

Employer	-1.00%	Healthcare Trend	1.00%
Water	\$ 122,667	\$ 144,115	\$ 170,851

Discount Rate

Fiscal Year 2023

The discount rate used to measure the Total OPEB Liability as of June 30, 2022 was 7.0%. Based on the assumption that plan member contributions will continue to be made at the rates specified in the Charter, it was determined that the Plan's projected fiduciary net position will be greater than or equal to the benefit payments projected for each future period. As such, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

The long-term expected rate of return on OPEB plan investments was 7.0% based on expected future returns and historical returns experienced by the Trust Fund. Expected future returns were determined based on 10-year and 20-year capital market assumptions for the Trust Fund's asset allocation. Target allocation for each major asset class and best estimates of geometric real rates of return are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Real Rate of Return
Equities		
U.S. Large Cap	28.0%	6.8%
U.S. Small Cap	3.0%	7.4%
Developed Market Equity (non-U.S.)	15.0%	7.5%
Emerging Market Equity	13.0%	8.4%
Credit		
Bank Loans	3.0%	4.0%
High Yield Bonds	3.0%	4.4%

The City issues a publicly available financial report that includes the complete note disclosures and required supplementary information related to the City's postemployment health care obligations. The report may be obtained by writing to the City and County of San Francisco, Office of the Controller, 1 Dr. Carlton B. Goodlett Place, Room 316, San Francisco, California 94102, or by calling (415) 554-7500.

(13) Related Parties

Various common costs incurred by the Commission are allocated among the Enterprise, Hetch Hetchy Water and Power and CleanPowerSF Enterprise, and the Wastewater Enterprise. The allocations are based on the Commission management's best estimate and may change from year to year depending on the activities incurred by each Enterprise and the information available. The administrative costs of \$55,121 or 48.2% and \$52,769 or 49.2% were allocated to the Enterprise for the years ended June 30, 2023 and 2022, respectively.

The City performs certain administrative services such as maintenance of accounting records and investment of cash for all fund groups within the City. The various funds are charged for these services based on the City's indirect cost allocation plan.

The Enterprise purchases water from Hetch Hetchy Water. The amounts, totaling \$49,636 and \$45,815 for the years ended June 30, 2023 and 2022, respectively, have been included in the services provided by other departments in the accompanying financial statements.

The Enterprise purchases electricity from Hetch Hetchy Power at market rates. The amounts, totaling \$11,398 and \$11,394 for the years ended June 30, 2023 and 2022, respectively, have been included in services provided by other departments in the accompanying financial statements.

The Enterprise sold water to the Wastewater Enterprise at retail rates. This amount, totaling \$1,552 and \$1,819 for the years ended June 30, 2023 and 2022, respectively, has been included in charges for services in the accompanying financial statements.

Since fiscal year 2008, the Enterprise has charged City departments for water usage except for fire hydrants, which are used for general public safety. In fiscal years 2023 and 2022, the Enterprise delivered water for fire hydrant purposes totaling \$9 and \$8, respectively, based on metered usage and applicable water rates, and the amount has been excluded from operating revenues in the accompanying financial statements.

A variety of City departments provide services such as engineering, purchasing, legal, data processing, telecommunications, and human resources to the Enterprise and charge amounts designed to recover those departments' costs. These charges, totaling \$18,690 and \$15,951 for the years ended June 30, 2023 and 2022, respectively, have been included in services provided by other departments in the accompanying financial statements.

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

During the fiscal year ended June 30, 2023, the Enterprise transferred \$20,000 to Hetch Hetchy Water to fund various Mountain Tunnel Improvement projects, and \$32 to the Office of the City Administrator for the Enterprise's contribution to the Surety Bond Program. The Enterprise received \$5 from the General Fund for Mayor's Office instructions relating to the minimum compensation ordinance.

As of June 30, 2023, the Enterprise had interfund receivables of \$115 from DPW relating to custom work projects. As of June 30, 2022, the Enterprise had interfund receivables of \$102 from DPW relating to custom work projects and \$69 from Academy of Sciences for unpaid interdepartmental services.

The Enterprise had receivables due from the Treasure Island Development Authority for capacity fees of \$195 as of June 30, 2022, and from the Office of Community Investment and Infrastructure for custom work projects of \$0 and \$7 for the years ended June 30, 2023 and 2022, respectively.

SFPUC's 75-year lease agreement with the San Francisco Recreation and Park Department, for the use of parking spaces for its fleet of vehicles at the Civic Center Garage, commenced on February 1, 2011. The total payment under this agreement is \$6,274, which was fully made as of fiscal year 2015. The expenses and prepayments among the three SFPUC Enterprises are based on 525 Golden Gate occupancy. As of June 30, 2023, the Enterprise's allocable shares of expenses and prepayment were \$45 and \$3,220, respectively; and as of June 30, 2022, the Enterprise's allocable shares of expenses and prepayment were \$44 and \$3,265, respectively.

The Enterprise had a \$2,440 payable to San Francisco Municipal Transportation Agency for a settlement payable relating to the Van Ness Corridor Transit Improvement project as of June 30, 2023.

(14) Risk Management

The Enterprise's Risk Management program includes both self-insured (i.e., self-retention) and insured exposures at risk. Risk assessments and purchasing of insurance coverage are collaboratively coordinated by SFPUC Risk Management and the City's Office of Risk Management. With certain exceptions, the City and the Enterprise's general approach is to first evaluate the exposure at risk for self-insurance. Based on this analysis, internal mitigation strategies and financing through a self-retention mechanism is generally more economical as the SFPUC in coordination with the City Attorney's Office, administers, adjusts, settles, defends, and pays claims from budgeted resources (i.e., pay-as-you-go fund). When economically more viable or when required by debt financing covenants, the Enterprise obtains commercial insurance. At least annually, the City actuarially determines general liability and workers' compensation risk exposures. The Enterprise does not maintain commercial earthquake coverage, with certain minor exceptions, such as a sub-limit for fire-sprinkler leakage due to earthquake under the SFPUC Property Insurance program. In the past three years, there was no settlements that exceeded insurance coverage.

SAN FRANCISCO WATER ENTERPRISE

Notes to Financial Statements

June 30, 2023 and 2022

(Dollars in thousands, unless otherwise stated)

<u>Risk</u>	<u>Coverage Approach</u>
(a) General Liability	Self-Insured
(b) Workers' Compensation	Self-Insured through Citywide Pool
(c) Property	Purchased Insurance and Self-Insured
(d) Public Officials Liability	Purchased Insurance
(e) Employment Practices Liability	Purchased Insurance
(f) Cyber Liability	Purchased Insurance
(g) Crime	Purchased Insurance
(h) Electronic Data Processing	Purchased Insurance and Self-Insured
(i) Surety Bonds	Purchased and Contractual Risk Transfer
(j) Errors and Omissions	Purchased and Contractual Risk Transfer
(k) Builders' Risk	Contractual Risk Transfer

(a) General Liability

Through coordination with the Controller Office and the City Attorney's Office, the general liability risk exposure is actuarially determined and is addressed through pay-as-you-go funding as part of the budgetary process. Associated costs and estimates are recorded as expenses as required under GAAP for financial statement purposes for both the Enterprise and the City and County of San Francisco's Annual Comprehensive Financial Report. The claim expense allocations are determined based on actuarially determined anticipated claim payments and the projected timing of disbursement.

The changes for the general liability (damage claims) for the years ended June 30, 2023 and 2022 are as follows:

<u>Fiscal years</u>	<u>Beginning of year</u>	<u>Claims</u>	<u>Claims paid and changes in estimates</u>	<u>End of year</u>
2023	\$ 36,069	1,898	(18,342)	19,625
2022	36,723	452	(1,106)	36,069

(b) Workers' Compensation

The City actuarially determines and allocates workers' compensation costs to the Enterprise according to a formula based on the following: (i) the dollar amount of claims; (ii) yearly projections of payments based on historical experience; and (iii) the size of the Enterprise's payroll. The administration of workers' compensation claims and payouts are handled by the Workers' Compensation Division of the City's Department of Human Resources. Statewide workers' compensation reforms have resulted in budgetary savings in recent years. The City continues to develop and implement improved programs, such as return-to-work programs, to lower or mitigate the growth of workers' compensation costs. Programs include accident prevention, investigation, and duty modification for injured employees with medical restrictions so return to work can occur as soon as possible.

The changes in the liabilities for workers' compensation for the years ended June 30, 2023 and 2022 are as follows:

<u>Fiscal years</u>	<u>Beginning of year</u>	<u>Claims and changes in estimates</u>	<u>Claims paid</u>	<u>End of year</u>
2023	\$ 8,973	3,984	(3,222)	9,735
2022	8,828	2,793	(2,648)	8,973

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

(c) Property

The Enterprise's property risk management approach varies depending on whether the facility is currently under construction, the property is part of revenue-generating operations, the property is of high value, or is mission-critical in nature. During the course of construction, the Enterprise requires each contractor to provide its own insurance, while ensuring the full scope of work be covered with satisfactory levels to limit the Enterprise's risk exposure. Once construction is complete, the Enterprise performs an assessment to determine whether liability/loss coverage will be obtained through the commercial property policy or self-insurance. The majority of property scheduled in the insurance program is for either: (1) revenue generating facilities, (2) debt-financed facilities, (3) mandated coverage to meet statutory requirements for bonding of various public officials, or (4) high-value, mission-critical property or equipment.

(d) Public Officials Liability

All Enterprise public officials with financial oversight responsibilities are provided coverage through a commercial Public Officials Liability Policy.

(e) Employment Practices Liability

A Policy is retained to protect against employment-related claims and liabilities.

(f) Cyber Liability

A Policy is retained to protect against cyber-related claims and liabilities.

(g) Crime

The Enterprise also retains a Commercial Crime Policy, in lieu of bonding its employees, to provide coverage against liabilities or losses due to third-party crime or employee fraud.

(h) Electronic Data Processing

The Electronic Data Processing policy protects selected high-value electronic property in case of damage or loss.

(i) Surety Bonds

Bonds are required in most phases of the public utilities construction contracting process for such phases as bid, performance, and payment or maintenance. Additionally, bonds may be required in other contracts where goods or services are provided to ensure compliance with applicable terms and conditions such as warranty.

(j) Errors and Omissions

Errors and omissions, also known as Professional Liability, are commonly transferred through contract to the contracted professional, or retained through self-insurance on a case-by-case basis depending on the size, complexity, or scope of construction or professional service contracts. Examples of such contracts are inclusive of services provided by engineers, architects, design professionals, and other licensed or certified professional service providers.

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

(k) Builders' Risk

Builders' risk policies of insurance are required to be provided by the contractor on all construction projects for the full value of construction.

(15) Commitments and Litigation

(a) Commitments

As of June 30, 2023 and 2022, the Enterprise has outstanding commitments with third parties of \$220,706 and \$322,132, respectively, for various capital projects and other purchase agreements for materials and services.

(b) Grants

Grants that the Enterprise receives are subject to audit and final acceptance by the granting agency. Current and prior year costs of such grants are subject to adjustment upon audit.

(c) Litigation

The Enterprise is a defendant in various legal actions and claims that arise during the normal course of business. The final disposition of those legal actions and claims is not determinable. However, in the opinion of management, the outcome of any litigation of these matters will not have a material effect on the financial position or changes in net position of the Enterprise.

(d) Environmental Issue

As of June 30, 2023 and 2022, the pollution remediation liability of \$1,271 is related to the Pacific Rod & Gun Club site.

Notes to Financial Statements
June 30, 2023 and 2022
(Dollars in thousands, unless otherwise stated)

(16) Subsequent Events

(a) *Water Revenue Bonds, Series 2023 AB Issuance*

On July 27, 2023, the SFPUC issued its San Francisco Water Revenue Bonds, 2023 Sub-Series A (Regional and Local Water, Tax-exempt) and Sub-Series B (Hetch Hetchy Water, Tax-exempt) in the aggregate principal amount of \$414,035 to (i) refund principal and interest on Commercial Paper Notes issued to finance and refinance a portion of the design, acquisition and construction of various capital projects of benefit to the SFPUC's Water Enterprise, (ii) finance and refinance a portion of the design, acquisition and construction of various capital projects of benefit to the SFPUC's Water Enterprise, and (iii) fund capitalized interest through May 1, 2025 and other financing costs.

(b) *Water Revenue Bonds, Series 2023 CD Issuance*

On August 10, 2023, the SFPUC issued its San Francisco Water Revenue Bonds, 2023 Sub-Series C (Tax-exempt Refunding - WSIP, Green Bonds), and Sub-Series D (Tax-exempt Refunding -Local Water) an aggregate principal amount of \$514,855 to refund all or a portion of various series of the SFPUC's Outstanding Bonds.

(c) *Water Enterprise Commercial Paper Program*

On July 10, 2023, the SFPUC entered into new commercial paper dealer agreements with BofA Securities, Inc., J.P. Morgan Securities LLC and Wells Fargo Bank, National Association for the offering and sale, and remarketing from time to time of water commercial paper program notes.

**Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance
and Other Matters Based on an Audit of Financial Statements Performed in
Accordance With *Government Auditing Standards***

Honorable Mayor and the Board of Supervisors
City and County of San Francisco, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the San Francisco Water Enterprise (the Enterprise), an enterprise fund of the City and County of San Francisco (City), as of and for the year ended June 30, 2023, and the related notes to the financial statements, and have issued our report thereon dated December 26, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Enterprise's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Enterprise's internal control. Accordingly, we do not express an opinion on the effectiveness of the Enterprise's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Enterprise's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal

control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditors' Report

The Honorable Mayor and Board of Supervisors
City and County of San Francisco:

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the San Francisco Water Enterprise (the Enterprise), as of and for the years ended June 30, 2022 and 2021, and the related notes to the financial statements, which collectively comprise the Enterprise's basic financial statements for the years then ended as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the Enterprise, as of June 30, 2022 and 2021, and the changes in its financial position and its cash flows for the years then ended in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Enterprise and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note 1, the financial statements of the Enterprise are intended to present the financial position, the changes in financial position, and, where applicable, cash flows of only that portion of the business-type activities and each major fund of the City and county of San Francisco, California that is attributable to the transactions of the Enterprise. They do not purport to, and do not, present fairly the financial position of the City and County of San Francisco, California, as of June 30, 2022 and 2021, the changes in its financial position, or, where applicable, its cash flows for the years then ended in accordance with U.S. generally accepted accounting principles. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from

fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Enterprise's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

U.S. generally accepted accounting principles require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 27, 2023 on our consideration of the Enterprise's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Enterprise's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Enterprise's internal control over financial reporting and compliance.

KPMG LLP

San Francisco, California

SAN FRANCISCO WATER ENTERPRISE
Management's Discussion and Analysis (Unaudited)
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

This section presents management's analysis of the San Francisco Water Enterprise's (the Enterprise) financial condition and activities as of and for the fiscal years ended June 30, 2022 and 2021. Management's Discussion and Analysis (MDA) is intended to serve as an introduction to the Enterprise's financial statements. This information should be read in conjunction with the audited financial statements that follow this section. All dollar amounts, unless otherwise noted, are expressed in thousands of dollars.

The information in this MDA is presented under the following headings:

- Organization and Business
- Overview of the Financial Statements
- COVID-19
- Financial Analysis
- Capital Assets
- Debt Administration
- Rates and Charges
- Request for Information

Organization and Business

The San Francisco Public Utilities Commission (SFPUC or the Commission) is a department of the City and County of San Francisco (the City) that is responsible for the maintenance, operation, and development of three utility enterprises: Water (the Enterprise), Hetch Hetchy Water and Power and CleanPowerSF, and Wastewater. The Enterprise collects, transmits, treats, and distributes high-quality drinking water to a total population of approximately 2.7 million people, including retail customers in the City and wholesale customers located in San Mateo, Santa Clara, and Alameda Counties. The Enterprise sold approximately 181 million gallons of water per day in the year ended June 30, 2022. Approximately three-quarter of the water delivered by the Enterprise is to wholesale customers. Retail customers use the remaining one-quarter and are primarily San Francisco consumers, including residential, commercial, industrial, and governmental users. Wholesale customers include cities, water districts, one private utility, and one non-profit university. Service to these customers is provided pursuant to the 25-year Amended and Restated Water Supply Agreement (WSA), commenced on July 1, 2009, which established the basis for determining the costs of wholesale service.

Overview of the Financial Statements

The Enterprise's financial statements include the following:

Statements of Net Position present information on the Enterprise's assets, deferred outflows, liabilities, and deferred inflows as of year-end, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Enterprise is improving or worsening.

While the *Statements of Net Position* provide information about the nature and amount of resources and obligations as of year-end, the *Statements of Revenues, Expenses, and Changes in Net Position* present the results of the Enterprise's operations over the course of the fiscal year and information as to how the net position changed during the year. These statements can be used as an indicator of the extent to which the Enterprise has successfully recovered its costs through user fees and other charges. All changes in net position are reported during the period in which the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in these

SAN FRANCISCO WATER ENTERPRISE
Management's Discussion and Analysis (Unaudited)
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

statements from some items that will result in cash flows in future fiscal periods, such as delayed collection of operating revenues and the expenses of employee earned but unused vacation leave.

The *Statements of Cash Flows* present changes in cash and cash equivalents resulting from operational, capital financing, non-capital financing, and investing activities. These statements summarize the annual flow of cash receipts and cash payments, without consideration of the timing of the event giving rise to the obligation or receipt and exclude non-cash accounting measures of depreciation or amortization of assets.

The *Notes to Financial Statements* provide information that is essential to a full understanding of the financial statements that is not displayed on the face of the financial statements.

COVID-19

On February 25, 2020, the City's Mayor issued a proclamation declaring a local emergency to exist in connection with the imminent spread within the City of the novel coronavirus ("COVID-19"). On March 16, 2020, the City's Health Officer issued a stay safe at home order, Health Officer Order No. C19-07 (the "Stay Safe At Home Order"), requiring most people and City employees to remain in their homes subject to certain exceptions including obtaining essential goods such as "food and necessary supplies", and requiring the closure of nonessential businesses. In addition, Section 2 of the second supplement to the emergency proclamation authorized the SFPUC to suspend the (a) discontinuation or shut off of water service for residents and businesses in the City for non-payment of water and sewer bills and (b) the imposition of late payment penalties or fees for delinquent water and/or sewer bills through July 11, 2020. The proclamation was extended on December 8, 2020 through June 30, 2021 and then again on April 27, 2021, through March 31, 2022. The suspension was extended again to July 31, 2022 for shut off of water service and to June 30, 2023 for late payment penalties. This proclamation did not have a material effect on the operations of the Water enterprise.

Financial Analysis

Financial Highlights for Fiscal Year 2022

- Total assets exceeded total liabilities by \$727,275.
- Net position decreased by \$17,946 or 2.8% during the fiscal year.
- Capital assets, net of accumulated depreciation and amortization increased by \$29,795 or 0.5% to \$5,617,594.
- Current and other assets increased by \$7,239 or 0.9% mainly due to net pension asset.
- Operating revenues decreased by \$9,319 or 1.6% to \$573,117.
- Operating expenses decreased by \$46,996 or 10.5% to \$401,786.

Financial Highlights for Fiscal Year 2021

- Total assets exceeded total liabilities by \$418,167.
- Net position increased by \$8,502 or 1.3% during the fiscal year.
- Capital assets, net of accumulated depreciation and amortization increased by \$57,254 or 1.0% to \$5,587,799.

SAN FRANCISCO WATER ENTERPRISE
Management's Discussion and Analysis (Unaudited)
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

- Current and other assets increased by \$31,110 or 4.4% mainly due to bond proceeds from the issuance of 2020 Series ABCD bonds.
- Operating revenues decreased by \$1,739 or 0.3% to \$581,612.
- Operating expenses increased by \$50,726 or 12.7% to \$448,843.

Financial Position

The following table summarizes the Enterprise's changes in net position.

Table 1
Comparative Condensed Net Position
June 30, 2022, 2021, and 2020

SAN FRANCISCO WATER ENTERPRISE
Management's Discussion and Analysis (Unaudited)
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

Net Position, Fiscal Year 2022

For the period ended June 30, 2022, the Enterprise's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$633,418. Total net position decreased from prior year by \$17,946 or 2.8% (see Table 1). The decrease in net position was the result of an increase of \$22,208 in liabilities and deferred inflows of resources offset by an increase of \$4,262 in assets and deferred outflows of resources.

Current and other assets are primarily comprised of restricted and unrestricted balances of cash, receivables for water deliveries and services, interfund receivables due from other governmental agencies, and inventory.

During the fiscal year 2022, current and other assets increased by \$7,239 or 0.9%. The increases included \$100,407 in net pension asset based on actuarial estimates, \$6,276 in prepaid charges advances and other receivables mainly for a settlement from PG&E related to damages on Casitas Avenue in San Francisco, \$6,267 in charges for services attributed to more billings, net of decrease in allowance for doubtful accounts due to utility arrearage relief payment received from the State as Federal pass-through from the California Water and Wastewater Arrearages Payment Program (CWWAPP), \$865 in inventory due to more purchases than issuances during the fiscal year, \$167 in interest, leases and other receivables due to higher interest rates, and \$159 in restricted interest and other receivables. These increases were offset by decreases of \$60,453 in restricted and unrestricted cash and investments mainly due to debt principal and interest payments, capital projects spending, payments for salaries and goods and services, \$41,993 reimbursement from the State Water Resources Control Board (SWRCB) State Revolving Funds Loan relating to the SF Recycled Water project, \$2,945 in leases receivable from the implementation of Governmental Accounting Standards Board (GASB) Statement No. 87 - Leases, \$1,425 in lease asset from the implementation of GASB Statement No. 87 - Leases, \$70 mainly for custom work projects due from the Department of Public Works, and \$16 for a Federal grant of culvert repairs relating to the Santa Clara Unit Lightning Complex fires.

Capital assets, net of accumulated depreciation and amortization, increased by \$29,795 or 0.5% mainly due to Water Main Replacement, Treasure Island Well, Serramonte Well and all other well construction, and capital improvement activities. The largest portion of the Enterprise's net position of \$537,644 or 84.9% represents net investment in capital assets (see Capital Assets section of the MDA for more information), which increased by \$20,342 or 3.9% from prior year's \$517,302. The change was explained by an increase of \$29,794 in capital assets mainly from increased buildings, structures and improvements, offset by a increase of \$9,452 in liabilities related to capital assets mainly from bond principal repayment.

Deferred outflows of resources decreased by \$32,772 due to decreases of \$15,510 from amortization for unamortized loss on refunding, \$11,945 relating to pensions based on actuarial reports, and \$5,317 from OPEB obligations based on actuarial estimates.

Total liabilities decreased by \$222,117 which was due to decreases of \$216,417 in pensions based on actuarial report, \$133,840 in outstanding revenue bonds from principal repayments, \$4,656 from OPEB obligations due to actuarial report, \$3,025 in certificates of participation mainly due to principal repayments, \$1,381 in lease liability from the implementation of GASB Statement No. 87 - Leases, \$757 in interest payable mainly due to lower bonds outstanding, and \$654 in general liability based on actuarial report. These decreases were offset by increases of \$100,435 in commercial paper from additional principal issuances, \$14,354 in State Revolving Funds Loan payable due to additional loans related to the SF Westside Recycled Water project, \$4,759 in restricted and unrestricted payables due to higher year end accruals as compared to prior year, \$463 in accrued payroll, vacation and sick leave due to actuarial

SAN FRANCISCO WATER ENTERPRISE
Management's Discussion and Analysis (Unaudited)
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

entries, \$171 in unearned revenues mainly for deposits on custom work, and \$145 in workers' compensation based on actuarial estimates. The Enterprise owed the wholesale customers \$79,150, an increase of \$18,286 which was mainly due to annual revenues from the wholesale customers exceeding their share of expenditures. This amount was recorded as a liability in accordance with the 2009 Water Supply agreement. See Note 10, Water Supply Agreement, for additional details.

Deferred inflows of resources increased by \$244,325 due to an increase of \$243,819 related to pensions and \$4,033 from OPEB benefits based on actuarial reports, offset by a decrease of \$3,527 from leases due to the implementation of GASB Statement No. 87 - Leases.

Net Position, Fiscal Year 2021

For the period ended June 30, 2021, the Enterprise's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$649,517. Total net position increased from prior year by \$8,502 or 1.3% (see Table 1). The increase in net position was the result of an increase of \$107,058 in assets and deferred outflows, offset by a net increase of \$98,556 in liabilities and deferred inflows of resources.

Current and other assets are primarily comprised of restricted and unrestricted balances of cash, receivables for water deliveries and services, interfund receivables due from other governmental agencies, and inventory. They also include receivables, which represent cumulative amounts due from the wholesale customers to match revenues with the Enterprise's costs of providing service (the Balancing Account), in accordance with the provisions set forth in the WSA effective July 1, 2009. Balances are applied to future year rates. As of June 30, 2021, the Enterprise owed the wholesale customers \$60,864, which was mainly due to higher water demand by the wholesale customers. This amount was recorded as a liability in accordance with the 2009 agreement. See Note 10, Water Supply Agreement, for additional details.

During the fiscal year 2021, current and other assets increased by \$31,110 or 4.4%. The increases included \$57,567 in restricted and unrestricted cash and investments mainly due to the issuance of the 2020 Series ABCD bonds, \$2,372 in prepaid charges advances and others mainly for prepaid expenses of multiple software licensing and membership fees, \$209 in restricted interest and other receivables, and \$160 in inventory due to more purchases than issuances during the fiscal year. The increases were offset by decreases of \$23,725 from the State Water Resources Control Board (SWRCB) State Revolving Funds Loan relating to the SF Recycled Water project mainly from reimbursements received for prior year receivable, \$4,470 in charges for services due to more collections than billings and an increase in allowance for doubtful accounts (allowance for doubtful accounts increased by \$2,934 primarily due to the Mayor's COVID-19 proclamation suspending shutoff of water service and collection of past due accounts), \$994 in interest receivable mainly due to lower interest rates and higher cash distributions than interest earnings, \$7 due to cash received from other governments for grants relating to water efficiency, and \$2 mainly due to collections from the Department of Public Works (DPW) for custom work projects.

Capital assets, net of accumulated depreciation and amortization, increased by \$57,254 or 1.0% mainly due to San Andreas Pipeline No. 2 and San Francisco Groundwater Supply construction and capital improvement activities. The largest portion of the Enterprise's net position of \$517,302 or 79.6% represents net investment in capital assets (see Capital Assets section of the MDA for more information), which decreased by \$10,554 or 2.0% from prior year's \$527,856. The change was explained by an increase of \$67,808 in liabilities related to capital assets mainly from the issuance of 2020 Series ABCD and 2020 Series EFGH bonds, offset by an increase of \$57,254 in capital assets in buildings, structures, and improvements and construction in progress from depreciation.

SAN FRANCISCO WATER ENTERPRISE
Management's Discussion and Analysis (Unaudited)
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

Deferred outflows of resources increased by \$18,694 due to increases of \$10,802 for unamortized loss on refunding (the result of a \$27,010 increase from the issuance of 2020 Series EFGH bonds, offset by a \$15,156 decrease from amortization and \$1,052 from refunding of the 2010 Series D, 2011 Series D and 2012 Series C bonds), and \$10,179 from OPEB obligations based on actuarial reports. These increases were offset by a \$2,287 decrease relating to pensions based on actuarial reports.

Total liabilities increased by \$119,022 or 2.1% which is due to increases of \$299,480 in outstanding revenue bonds mainly due to the issuance of 2020 Series ABCD and 2020 Series EFGH bonds, \$38,284 in net pension liability based on actuarial report, \$34,136 increase in State Revolving Funds Loan payable due to additional loans relating to the SF Westside Recycled Water project, \$25,956 in general liability based on actuarial report, \$3,650 in accrued payroll, vacation and sick leave mainly due to actuarial estimates, 3% increase of cost of living adjustment (COLA), and more days in current year-end payroll accrual compared to prior year-end accrual, \$2,921 in restricted and unrestricted payables due to higher accruals as compared to prior year mainly for the Information Technology project and 19th Ave. Infrastructure Improvement project, and \$792 in unearned revenues mainly due to additional customer credit balances from overpayments. These increases were offset by decreases of \$256,492 in commercial paper primarily due to refunding from the 2020 Series ABCD bonds, \$14,913 in other post-employment benefits obligations from actuarial estimates, \$6,557 in interest payable mainly due to refunding from the 2020 Series EFGH Bonds, \$3,993 in the Wholesale Balancing Account due to higher demand from the wholesale customers (see Note 9 for details), \$2,916 in certificates of participation from repayments and amortization of premium, \$674 in due to other City departments from payments made for legal services provided by the City Attorney and projects performed by the Department of Public Works for Sidewalk Inspection and Repair projects, \$346 in workers' compensation based on actuarial estimates, and \$306 in pollution remediation liability as a result of additional expenditures incurred for the Lake Merced Pacific Rod and Gun Club and 17th and Folsom sites (see Note 13(d) for details).

Deferred inflows of resources decreased by \$20,466 from a \$30,009 decrease related to pensions based on actuarial reports, offset by a \$9,543 increase from OPEB obligations based on actuarial reports.

Results of Operations

The following table summarizes the Enterprise's revenues, expenses, and changes in net position.

SAN FRANCISCO WATER ENTERPRISE
Management's Discussion and Analysis (Unaudited)
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

Results of Operations, Fiscal Year 2022

The Enterprise's total revenues of \$604,092 for the year represented a decrease of \$25,592 or 4.1% from prior year (see Table 2). Decreases included \$12,270 from interest and investment loss, \$10,780 from charges for services, and \$4,003 from other non-operating revenues. These decreases were offset by increases of \$1,431 in other operating revenues, and \$30 in rents and concessions.

Charges for services were \$539,526, a decrease of \$10,780 or 2.0% mainly due to 4.1% reduced consumption, offset by an adopted rate increase of 7.0% for retail customers beginning July 1, 2021. Rents and concessions were \$13,765, an increase of \$30 or 0.2% mainly due to a lease transfer fee and new tenants. Other operating revenues were \$19,826, an increase of \$1,431 or 7.8% mainly from increased capacity fee permits issued and a 7.0% adopted rate increase for retail customers. Interest and investment loss was \$10,896, a decrease of \$12,270 or 893.0% mainly due to unrealized losses as a result of the decline in market value of investments due to rising interest rates. Other non-operating revenues were \$41,871, a decrease of \$4,003 or 8.7% mainly due to \$15,000 in State revolving fund (SRF) grant recognized in the prior year, \$1,477 decrease in gain from sale of fixed assets, \$292 in federal bond subsidies, offset by increases of \$6,750 from a PG&E settlement and \$5,929 from a water utility arrears relief grant and \$87 in other non-operating revenues.

The Enterprise's total expenses were \$606,407, a decrease of \$21,479 or 3.4%. Operating expenses were \$401,786, a decrease of \$46,996 or 10.5%, the result of decreases of \$49,143 in personnel services mainly due to decreases in pension obligations based on actuarial report, \$5,357 in general and administrative and other expenses due to higher judgement and claims in prior year, and \$572 in contractual services mainly from other current expenses and subscriptions. These decreases were offset by increases of \$3,072 in services provided by other departments mainly for higher water assessment fees paid to Hetch Hetchy Water and higher gas and electric charges paid to Hetch Hetchy Power, \$2,544 in materials and supplies mainly for water treatment supplies, and \$2,460 in depreciation due to additional capital assets placed into service. Interest expenses increased by \$28,990 due to reduced bond interest capitalization resulting from the implementation of GASB 89, *Accounting for Interest Cost Incurred Before the End of a Construction Period*, in fiscal year 2022. Amortization of bond premium, discount, refunding loss and issuance costs increased by \$2,093 due to prior year bond issuance costs. Non-operating expenses decreased by \$1,380 mainly due to prior year grant payments for water conservation.

Transfers in of \$15,035 from the City included \$15,030 for the Earthquake Safety and Emergency Response program, and \$5 from the General Fund for low income assistance programs. Transfers out of \$30,666 included \$30,000 to Hetch Hetchy Water to fund various Mountain Tunnel projects, \$500 to DPW for the UN Plaza Large Alternative Water Source project and purchase of capital assets, \$134 for the Arts Commission for the arts enrichment fund for the new CDD Headquarters, and \$32 to the Office of the City Administrator for the Enterprise's contribution to the Surety Bond Program.

Results of Operations, Fiscal Year 2021

The Enterprise's total revenues of \$627,826 for the year represented a decrease of \$60,776 or 8.8% from prior year (see Table 2). Decreases included \$48,860 from other non-operating revenues, \$10,177 from interest and investment income, \$2,079 from other operating revenues, and \$447 from charges for service. These decreases were offset by an increase of \$787 from rents and concessions.

Charges for services were \$550,306, a decrease of \$447 or 0.1% mainly due to an 8.8% decrease in consumption for retail customers, and the COVID-19 emergency proclamation issued by the City's Mayor suspending collection of past due accounts, mainly resulting in a \$2,945 increase in the allowance for doubtful accounts which reduced charges for services. This was offset by an adopted rate increase of 7.0%

SAN FRANCISCO WATER ENTERPRISE
Management's Discussion and Analysis (Unaudited)
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

for retail customers beginning July 1, 2020. Rents and concessions were \$12,911, an increase of \$787 or 6.5% mainly due to rent increases and increased royalty revenues. Other operating revenues were \$18,395, a decrease of \$2,079 or 10.2% due to reduced capacity fees and sale of water to other City departments as a result of the SF Health Order relating to COVID-19, offset by a 7.0% adopted rate increase. Interest and investment income was \$340, a decrease of \$10,177 or 96.8% mainly due to unrealized losses resulting from decreases in value of fixed income securities from the City Treasury pool and lower interest earned on cash balances. Other non-operating revenues were \$45,874, a decrease of \$48,860 or 51.6% mainly due to a prior year one-time gain of \$63,600 from the property transfer of 2000 Marin Street and 639 Bryant Street offset by a \$15,000 grant from the State of California for the SF Westside Recycle Water project in current year.

The Enterprise's total expenses were \$627,875, an increase of \$51,735 or 9.0%. Operating expenses were \$448,843, an increase of \$50,726 or 12.7%, the result of increases of \$27,126 in general administrative and other mainly from judgement and claims based on actuarial estimates, \$12,585 in personnel services mainly due to pension obligations based on actuarial report and a 3% cost of living adjustment, \$9,107 in services provided by other departments mainly from higher water assessment fees paid to Hetch Hetchy Water, \$1,805 in depreciation and amortization due to additional capital assets placed into service, and \$978 in contractual services mainly from equipment maintenance. These increases were offset by a decrease of \$875 in materials and supplies mainly for building and construction supplies. Interest expenses decreased by \$6,640, as compared to prior year, mainly due to refunded bonds. Amortization of bond premium, discount, refunding loss and issuance costs decreased by \$5,970 due to the issuance of the 2020 Series EFGH revenue bonds, which refunded 2010 Series D, 2011 Series D, 2012 Series ABC, and 2017 Series ABC revenue bonds. Non-operating expenses increased by \$1,679 due to increased grants and rebates awarded for water conservation relating to the Onsite Water Reuse Grant Program and community-based services.

Transfers in of \$21,025 from the City included \$20,040 for the Emergency Firefighting Water System and \$985 from the General Fund for Native Plant Garden project and low income assistance programs. Transfers out of \$16,654 included \$16,000 to Hetch Hetchy Water to fund various upcountry water projects, \$622 to the Arts Commission for arts enrichment fund for the SF Recycled Water, Sunol Valley Water Improvement and Mountain Tunnel Improvement projects, and \$32 to the Office of the City Administrator for the Enterprise's contribution to the Surety Bond Program. Capital contribution of \$4,180 was received for water pipeline assets from the Department of Public Works in the current year.

SAN FRANCISCO WATER ENTERPRISE

(Dollars in thousands, unless otherwise stated)

Capital Assets

The following table summarizes changes in the Enterprise's capital assets.

Table 3
Capital Assets, Net of Accumulated Depreciation and Amortization
As of June 30, 2022, 2021, and 2020

	<u>2022</u>	<u>2021</u>	<u>2020</u>	<u>2022-2021</u> Change	<u>2021-2020</u> Change
Facilities, improvements, machinery, and equipment	\$ 5,056,747	4,948,186	4,928,438	108,561	19,748
Intangible assets	3,152	2,763	4,089	389	(1,326)
Land and rights-of-way	113,441	104,248	105,336	9,193	(1,088)
Construction work in progress	444,254	532,602	492,682	(88,348)	39,920
Total	<u>\$ 5,617,594</u>	<u>5,587,799</u>	<u>5,530,545</u>	<u>29,795</u>	<u>57,254</u>

Capital Assets, Fiscal Year 2022

The Enterprise has net capital assets of \$5,617,594 invested in a broad range of utility capital assets as of June 30, 2022 (see Table 3). The investment in capital assets includes land, facilities, improvements, water treatment plants, aqueducts, water transmission, distribution mains, water storage facilities, pump stations, water reclamation facilities, machinery, and equipment. The Enterprise's net revenue and long-term debt are used to finance capital investments. Capital assets, net of accumulated depreciation and amortization, increased by \$29,795 from the prior year. Facilities, improvements, machinery, and equipment increased by \$108,561 mainly due to Water Main Replacement and Treasure Island Well projects. Land increased by \$9,193 mainly from the acquisition of Oak Ridge Ranch Estates and Arroyo Hondo Estates. Construction work in progress decreased by \$88,348 mainly due to Water Main Replacement and Treasure Island Well projects placed into service. Intangible assets increased by \$389 mainly due to Java to Groovy Conversion software and Cross-Connection Assembly asset additions.

Major additions to construction work in progress during the year ended June 30, 2022 include the following:

SF Recycled Water Project	\$ 18,684
Sunol Long Term Improvements	17,655
New Water Utility Service Facilities	8,843
Watershed Right of Way Land Acquisition	7,731
Upper Alameda Creek Filter Gallery	6,347
Regional Groundwater Storage & Recovery	5,769
Water Main Replacement - WD-2739 Castro/19th/26th Streets	5,504
Auxiliary Water Supply System - Pump Station No. 2	5,116
Other project additions individually below \$5,000	99,542
Total	<u>\$ 175,191</u>

SAN FRANCISCO WATER ENTERPRISE
Management's Discussion and Analysis (Unaudited)
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

Major land, depreciable facilities, improvements, intangible assets, machinery, and equipment placed in service, including transfers of completed projects from construction work in progress, during the year ended June 30, 2022 include the following:

Water Main Replacement - WD-2739 Castro/19th/26th Streets	\$ 15,666
Treasure Island Well - Civil/Electrical/I&C/Mechanical/Pipeline/Plumbing	11,656
Serramonte Well - Architectural/Structural/Well	10,977
Lake Merced Well - Civil/Electrical/I&C/Mechanical/Pipeline/Plumbing	8,851
New Water Utility Service Facilities	8,843
Colma BART Well - Architectural/Structural/Well	8,739
Serramonte Well - Civil/Electrical/I&C/Mechanical/Pipeline/Plumbing	8,351

Treasure Island Well - Architectural/Structural/Well	7,646
Hickey Well - Architectural/Structural/Well	7,137
Auxiliary Water Supply System - Pipelines on 19th Ave	6,990
Linear Park Well - Architectural/Structural/Well	6,576
Water Main Replacement - WD-2616 Baker/Sutter Streets	6,567
Hickey Well - Civil/Electrical/I&C/Mechanical/Pipeline/Plumbing	6,465
Funeral Home Well - Civil/Electrical/I&C/Mechanical/Pipeline/Plumbing	6,447
Millbrae Yard Well - Civil/Electrical/I&C/Mechanical/Pipeline/Plumbing	6,086
Linear Park Well - Civil/Electrical/I&C/Mechanical/Pipeline/Plumbing	5,736
Water Main Replacement - WD-2842 Casitas/Lansdale Ave	5,423
Lake Merced Well - Architectural/Structural/Well	5,266
Other items individually below \$5,000	113,430
Total	<u>\$ 264,678</u>

See Note 4 for additional information about Capital Assets.

Water System Improvement Program (WSIP)

The WSIP delivers capital improvements that enhance the Enterprise's ability to provide reliable, affordable, high-quality drinking water to its 27 wholesale customers and regional retail customers in Alameda, Santa Clara, and San Mateo Counties, as well as approximately 800,000 residential customers in San Francisco, in an environmentally sustainable manner. The program is structured to cost-effectively meet water quality requirements and long-term water supply objectives, as well as improve seismic and delivery reliability.

Overall, the \$4.8 billion WSIP to upgrade the City of San Francisco's regional and local drinking water systems is 99% completed with \$4.8 billion of project appropriations expended through fiscal year ended June 30, 2022. The program consists of 35 local projects located within San Francisco and 52 regional projects spread over seven different counties from the Sierra Foothills to San Francisco. As of June 30, 2022, 35 local projects were completed. For regional projects, 47 projects are completed, the Alameda Creek Recapture, Regional Groundwater Storage and Recovery Phase 2A, Regional Groundwater Storage and Recovery Phase 2B projects are under construction, the Bioregional Habitat Restoration project is in close-out, and Long-Term Mitigation Endowment project is not applicable as it does not include construction. The expected completion date is February 2027. Additional details regarding the WSIP are available at <https://sfpuc.org/construction-contracts/water-infrastructure-improvements>.

(Dollars in thousands, unless otherwise stated)

Capital Assets, Fiscal Year 2021

The Enterprise has net capital assets of \$5,587,799 invested in a broad range of utility capital assets as of June 30, 2021 (see Table 3). The investment in capital assets includes land, facilities, improvements, water treatment plants, aqueducts, water transmission, distribution mains, water storage facilities, pump stations, water reclamation facilities, machinery, and equipment. The Enterprise's net revenue and long-term debt are used to finance capital investments. Capital assets, net of accumulated depreciation and amortization, increased by \$57,524 from the prior year. Construction work in progress increased by \$39,920 primarily due to additions from the SF Recycled Water project, Sunol Long Term Improvements and Regional Groundwater Storage and Recovery projects. Facilities, improvements, machinery, and equipment increased by \$19,748 mainly attributable to the San Andreas Pipeline No. 2 and Water Main Replacement projects. Intangible assets decreased by \$1,326 due to \$1,601 in amortization, offset by \$143 addition for information technology and \$132 addition for automated meter reading system. Land decreased by \$1,088 as the result of sale of the Wool Ranch property in the Alameda Creek Watershed and reimbursement of land costs for 2000 Marin Street, San Francisco, CA.

Major additions to construction work in progress during the year ended June 30, 2021 include the following:

SF Recycled Water Project	\$ 41,231
Sunol Long Term Improvements	15,516
Regional Groundwater Storage & Recovery	12,298
New Water Utility Services	7,992
San Andreas Pipeline No. 2 Replacement	7,961
Water Main Replacement - WD-2739 Castro/19th/26th Streets	7,953
Calaveras Dam Replacement	7,915
Water Main Replacement - WD-2766 Taraval Street	5,172
Auxiliary Water Supply System - Pump Station No. 2	5,135
Other project additions individually below \$5,000	86,496
Total	<u>\$ 197,669</u>

Major depreciable facilities, improvements, intangible assets, machinery, and equipment placed in service, including transfers of completed projects from construction work in progress, during the year ended June 30, 2021 include the following:

San Andreas Pipeline No. 2 Replacement - 4 Segments in San Bruno	\$ 43,340
Water Main Replacement - WD-2692 Geary Blvd/36th/48th/Point Lobos Ave	9,329
Water Main Replacement - WD-2719 22nd/Valencia St/Potrero Ave	8,004
New Water Utility Services	7,992
Alameda Creek Watershed Fish Passage Facilities	7,465
Water Main Replacement - WD-2766 Taraval Street	7,328
Water Main Replacement - WD-2793 Geary Blvd/Cleary Ct/Market St	6,655
Other items individually below \$5,000	72,342
Total	<u>\$ 162,455</u>

See Note 4 for additional information about Capital Assets.

(Dollars in thousands, unless otherwise stated)

Water System Improvement Program

The WSIP delivers capital improvements that enhance the Enterprise's ability to provide reliable, affordable, high-quality drinking water to its 27 wholesale customers and regional retail customers in Alameda, Santa Clara, and San Mateo Counties, as well as approximately 800,000 residential customers in San Francisco, in an environmentally sustainable manner. The program is structured to cost-effectively meet water quality requirements and long-term water supply objectives, as well as improve seismic and delivery reliability.

Overall, the \$4.8 billion WSIP to upgrade the City of San Francisco's regional and local drinking water systems is 99% completed with \$4.8 billion of project appropriations expended through fiscal year ended June 30, 2021. The program consists of 35 local projects located within San Francisco and 52 regional projects spread over seven different counties from the Sierra Foothills to San Francisco. As of June 30, 2021, 35 local projects were completed, and the completion date was June 3, 2020. For regional projects, 44 are completed and the expected completion date is May 2023. Additional details regarding the WSIP are available at <https://sfpuc.org/construction-contracts/water-infrastructure-improvements>.

Debt Administration

As of June 30, 2022, the Enterprise had \$5,284,630 total debt outstanding, a decrease of \$22,076 over the prior year, as shown below in Table 4. More detailed information about the Enterprise's debt activity is presented in Notes 6, 7, and 8 to the financial statements.

Table 4
Outstanding Debt, Net of Unamortized Costs
As of June 30, 2022, 2021, and 2020

	2022	2021	2020	2022-2021 Change	2021-2020 Change
Revenue bonds	\$ 4,860,935	4,994,775	4,695,295	(133,840)	299,480
Commercial paper	206,297	105,862	362,354	100,435	(256,492)
Certificates of participation	95,637	98,662	101,578	(3,025)	(2,916)
State revolving fund loans	121,761	107,407	73,271	14,354	34,136
Total	<u>\$ 5,284,630</u>	<u>5,306,706</u>	<u>5,232,498</u>	<u>(22,076)</u>	<u>74,208</u>

The decrease of \$133,840 in revenue bonds was due to decreases of \$108,500 from bond repayment, \$25,349 in bond premium from amortization, offset by a \$9 increase in bond discount from amortization. The \$3,025 decrease of certificates of participation was due to a \$2,970 decrease for principal repayment, and a \$55 decrease for amortization of premium. The increase of \$14,354 in State revolving funds loans was from additional reimbursement requests for the SF Westside Recycled Water project. The Enterprise had \$179,600 in tax-exempt and \$26,697 in taxable commercial paper as of June 30, 2022, and \$79,251 in tax-exempt and \$26,611 in taxable commercial paper as of June 30, 2021. The increase of \$100,435 was due to additional issuances of \$130,135 in tax-exempt and \$86 in taxable commercial paper, offset by \$29,786 from repayment of tax-exempt commercial paper.

Credit Ratings and Bond Insurance – The Enterprise carried underlying ratings of “Aa2” and “AA-” from Moody's and Standard & Poor's (S&P) at June 30, 2022, and “Aa2” and “AA-” from Moody's and Standard & Poor's (S&P) at June 30, 2021, respectively.

Debt Service Coverage – Pursuant to the Amended and Restated Indenture, the Enterprise is required to collect sufficient net revenues each fiscal year, together with any Enterprise funds (except Bond Reserve Funds), which are available for payment of debt service and are not budgeted to be expended, at least

SAN FRANCISCO WATER ENTERPRISE
Management's Discussion and Analysis (Unaudited)
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

equal to 1.25 times annual debt service for said fiscal year. During fiscal years 2022 and 2021, the Enterprise's net revenues, together with fund balances available to pay debt service and not budgeted to be expended, were sufficient to meet the rate covenant requirements under the Enterprise's Amended and Restated Indenture (see Note 8).

Debt Authorization – Pursuant to the Charter Section 8B.124, the Enterprise can incur indebtedness upon two-thirds vote of the Board of Supervisors, as approved by voters in Proposition E in November 2002. As of June 30, 2022, the Board of Supervisors has authorized the issuance of \$4,617,099 in revenue bonds under Proposition E, with \$3,898,744 issued against this authorization. The Enterprise can also incur indebtedness of up to \$1,628,000 for improvements to the water system pursuant to Proposition A that was approved by the voters in November 2002. As of June 30, 2022, \$1,499,230 of the \$1,628,000 Proposition A authorized bonds were issued. The Enterprise is also authorized to issue up to \$500,000 in commercial paper.

Cost of Debt Capital – The Enterprise's outstanding long-term debt has coupon interest rates ranging from 0.3% to 7.0% as of June 30, 2022 and 2021. The Enterprise's short-term debt has interest rates ranging from 0.1% to 2.0% during fiscal year 2022, and 0.1% to 0.3% during fiscal year 2021.

Rates and Charges

Rate Setting Process

Retail Customers

Proposition E, as approved by the voters in November 2002, amended the City Charter by adding the new Article VIII B, entitled "Public Utilities," which changed the Commission's ability to issue new revenue bonds and set retail water rates. For the retail water rate setting, the Commission is required to:

- Establish rates, fees, and charges based on cost of service;
- Retain an independent rate consultant to conduct cost of service studies at least every five years;
- Consider establishing new connection fees;
- Consider conservation incentives and lifeline rates;
- Adopt a rolling five-year forecast annually; and
- Establish a Rate Fairness Board.

Pursuant to the City and County of San Francisco Charter Section 8B.125, an independent rate study is performed at least once every five years. In compliance with City Charter section 8B.125, a rate study was completed in April 2018 and resulted in an approved four-year retail rate increase. The Commission adopted retail rates effective for four fiscal years from July 1, 2018 through June 30, 2022. The rates effective July 1, 2021 for fiscal year 2022 will remain unchanged for fiscal year 2023, which are effective July 1, 2022. These rates exclude those changed by the Consumer Price Index from the Controller's Office of the City and County of San Francisco, as well as rates adjusted by the 20-City Average Construction Index (CCI) published by Engineering News-Record (ENR) Magazine. SFPUC Rates Schedules and Fees is available at <https://sfpuc.org/accounts-services/water-power-and-sewer-rates>.

Wholesale Customers

The WSA prescribes the rate setting process for the wholesale water rates, and has a 25-year term, beginning on July 1, 2009, with two 5-year extension options. The WSA was amended and restated on December 11, 2018 by the SFPUC. The contract changed the rate basis by which the capital cost recovery

SAN FRANCISCO WATER ENTERPRISE
Management's Discussion and Analysis (Unaudited)
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

is determined from a "utility basis" to a "cash basis," resulting in the repayment of the cost of capital over the life of the debt funding of those assets rather than the life of the asset. The WSA requires the rate be calculated and set annually and include a reconciliation between prior year revenues and expenses. Refer to Note 10 of the notes to financial statements for further discussion on the balancing account of the wholesale customers.

The following table is the Enterprise's ten-year average percent rate adjustments:

Ten-year Average Rate Adjustments		
Effective Date:	Retail	Wholesale ⁵
July 1, 2013	6.5 ¹	(16.4)
July 1, 2014	12.0 ²	19.6
July 1, 2015	12.0 ²	28.0
July 1, 2016	10.0 ²	9.3
July 1, 2017	7.0 ²	-
July 1, 2018	9.0 ³	-
July 1, 2019	8.0 ³	-
July 1, 2020	7.0 ³	-
July 1, 2021	7.0 ³	-
July 1, 2022	- ⁴	15.9

¹ Five-year retail rate increases adopted and effective July 1, 2009.

² Four-year retail rate increases adopted and effective July 1, 2014.

³ Four-year retail rate increases adopted and effective July 1, 2018.

⁴ No retail rate increase adopted and effective July 1, 2022.

⁵ Wholesale rates adopted annually; no increase for wholesale rates effective July 1, 2017 to June 30, 2022.

Request for Information

This report is designed to provide our citizens, customers, investors, and creditors with an overview of the Enterprise's finances and to demonstrate the Enterprise's accountability for the money it receives. Questions regarding any of the information provided in this report or requests for additional financial information should be addressed to San Francisco Public Utilities Commission, Chief Financial Officer, 525 Golden Gate Avenue, 13th Floor, San Francisco, CA 94102. This report is available at <https://sfpuc.org/about-us/reports/audited-financial-statements-reports>.

June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

(1) Description of Reporting Entity

The San Francisco Water Enterprise (the Enterprise) was established in 1930 under the provisions of the Charter of the City and County of San Francisco (the City). The Enterprise acquired the fully developed, mature water works for San Francisco on March 3, 1930. Since then, the City has operated and maintained the water works as the San Francisco Water Enterprise. The Board of Supervisors of the City has adopted resolutions (the Water Resolutions) providing for the issuance of various water revenue and refunding bond series. The Water Resolutions require the City to keep separate books of records and accounts of the Enterprise. The Enterprise, which consists of a system of reservoirs, storage tanks, water treatment plants, pump stations, and pipelines, is engaged in the distribution of water to San Francisco and certain suburban areas. In fiscal year 2022, the Enterprise sold approximately 66,005 million gallons, i.e., about 181 million gallons per day of water, to approximately 2.7 million people within San Francisco and certain suburban areas.

The San Francisco Public Utilities Commission (SFPUC or the Commission), established in 1932, is responsible for providing operational oversight of the public utility enterprises of the City, which include the Enterprise along with the City's power and sewer utilities (i.e., Hetch Hetchy Water and Power and CleanPowerSF, of which the Power Enterprise is a component, and the San Francisco Wastewater Enterprise). The Commission is responsible for determining such matters as the rates and charges for services, approval of contracts, and organizational policy.

Until August 1, 2008, the Commission consisted of five members, all appointed by the Mayor. Proposition E, a City Charter SEC. 4.112 amendment approved by the voters in the June 3, 2008 election, terminated the terms of all five existing members of the Commission, changed the process for appointing new members, and set qualifications for all members. Under the amended Charter, the Mayor continues to nominate candidates to the Commission, but nominees do not take office until the Board of Supervisors votes to approve their appointments by a majority (at least six members). The amended Charter provides for staggered four-year terms for the Commission members and requires them to meet the following qualifications:

- Seat 1 must have experience in environmental policy and an understanding of environmental justice issues.
- Seat 2 must have experience in ratepayer or consumer advocacy.
- Seat 3 must have experience in project finance.
- Seat 4 must have expertise in water systems, power systems, or public utility management.
- Seat 5 is an at-large member.

The SFPUC is a department of the City, and as such, the financial operations of the Enterprise, Hetch Hetchy Water and Power and CleanPowerSF, and the Wastewater Enterprises are included in the Annual Comprehensive Financial Report of the City as enterprise funds. These financial statements are intended to present only the financial position, and the changes in financial position and cash flows of only that portion of the City that is attributable to the transactions of the Enterprise. They do not purport to, and do not, present fairly the financial position of the City as of June 30, 2022 and 2021, the changes in its financial position, or, where applicable, the cash flows for the years then ended, in conformity with U.S. generally accepted accounting principles (GAAP).

SAN FRANCISCO WATER ENTERPRISE

(Dollars in thousands, unless otherwise stated)

(2) Significant Accounting Policies

(a) *Basis of Accounting and Measurement Focus*

The accounts of the Enterprise are organized on the basis of a proprietary fund type and are included as an enterprise fund of the City. The activities of this Enterprise are accounted for with a separate set of self-balancing accounts that comprise the Enterprise's assets, deferred outflows, liabilities, deferred inflows, net position, revenues, and expenses. Enterprise funds account for activities (i) that are financed with debt that is secured solely by a pledge of the net revenues from fees and charges of the activity; or (ii) that are required by laws or regulations that the activity's costs of providing services, including capital costs (such as depreciation or debt service), be recovered with fees and charges, rather than with taxes or similar revenues; or (iii) that the pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation or debt service).

The financial activities of the Enterprise are accounted for on a flow of economic resources measurement focus, using the accrual basis of accounting in accordance with U.S. GAAP. Under this method, all assets and liabilities associated with its operations are included on the statement of net position; revenues are recognized when earned, and expenses are recognized when liabilities are incurred. Operating revenues are defined as charges to customers, rental income, and capacity fees.

The Enterprise applies all applicable Governmental Accounting Standards Board (GASB) pronouncements.

(b) *Cash and Cash Equivalents*

The Enterprise considers its pooled cash and investments held with the City Treasury to be demand deposits and, therefore, cash and cash equivalents for financial reporting. The City Treasury also holds non-pooled cash and investments for the Enterprise. Non-pooled restricted deposits and investments held outside the City Treasury with original maturities of three months or less are also considered to be cash equivalents.

(c) *Investments*

Money market funds are carried at cost, which approximates fair value. All other investments are stated at fair value based on quoted market prices. Changes in fair value are recognized as investment gains or losses and are recorded as a component of non-operating revenues.

(d) *Inventory*

Inventory consists primarily of construction materials and maintenance supplies and is valued at average cost. Inventory is expensed as it is consumed.

(e) *Capital Assets*

Capital assets are defined as assets with an initial individual cost of more than \$5 and an estimated useful life in excess of one year. Capital assets with an original acquisition date prior to July 1, 1977 are recorded in the financial statements at estimated cost, as determined by an independent professional appraisal, or at cost, if known. All subsequent acquisitions have been recorded at cost. All donated capital assets are valued at estimated fair value at the time of donation. Depreciation and amortization are computed using the straight-line method over the

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

estimated useful lives of the related assets, which range from 1 to 100 years for equipment and 1 to 200 years for buildings, structures, and improvements. No depreciation or amortization is recorded in the year of acquisition, and depreciation or amortization is recorded in the year of disposal.

(f) *Intangible Assets*

Under GASB Statement No. 51, *Accounting and Financial Reporting for Intangible Assets*, intangible assets are defined as identifiable, non-financial assets capable of being separated, sold, transferred, or licensed, and include contractual or legal rights. Examples of intangible assets include rights-of-way easements, land use rights, water rights, licenses, and permits. The accounting pronouncement also provides guidance on the capitalization of internally generated intangible assets, such as the development and installation of computer software by or on behalf of the reporting entity.

According to the standard, the Enterprise is required to capitalize intangible assets with a useful life extending beyond one reporting period. The Enterprise has established a capitalization threshold of \$100. GASB Statement No. 51 also requires amortization of intangible assets over the benefit period, except for certain assets having an indefinite useful life. Assets with an indefinite useful life generally provide a benefit that is not constrained by legal or contractual limitations or any other external factor and, therefore, are not amortized (see Note 4).

(g) *Construction Work in Progress*

The cost of acquisition and construction of major plant and equipment is recorded as construction work in progress. Costs of discontinued construction projects are recorded as an expense in the year in which the decision is made to discontinue such projects.

(h) *Capitalization of Interest*

A portion of the interest cost incurred on capital projects is capitalized on assets that require a period of time for construction or to otherwise prepare them for their intended use. Such amounts are amortized over the useful lives of the assets (see Note 4). Per the implementation of GASB No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*, no interest was capitalized to capital assets in fiscal year 2022.

(i) *Bond Discount, Premium, and Issuance Costs*

Bond issuance costs related to prepaid insurance costs are capitalized and amortized using the effective interest method. Other bond issuance costs are expensed when incurred. Original issue bond discount or premium is offset against the related debt and is also amortized using the effective interest method.

(j) *Accrued Vacation and Sick Leave*

Accrued vacation pay, which may be accumulated up to 10 weeks per employee, is charged to expense as earned. Sick leave earned subsequent to December 6, 1978 is non-vesting and may be accumulated up to six months per employee.

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

(k) Workers' Compensation

The Enterprise is self-insured for workers' compensation claims and accrues the estimated cost of those claims, including the estimated cost of incurred but not reported claims (see Note 13(b)).

(l) General Liability

The Enterprise is self-insured for general liability and uninsurable property damage claims. Commercially uninsurable property includes assets that are underground or provide transmission and distribution. Maintained commercial coverage does not cover claims attributed to loss from earthquake, contamination, pollution remediation efforts, and other specific naturally occurring contaminants such as mold. The liability represents an estimate of the cost of all outstanding claims, including adverse loss development and estimated incurred but not reported claims (see Note 13(a)).

(m) Arbitrage Rebate Payable

Certain bonds are subject to arbitrage rebate requirements in accordance with regulations issued by the U.S. Treasury Department. The requirements generally stipulate that earnings from the investment of the tax-exempt bond proceeds that exceed related interest costs on the bonds must be remitted to the federal government on every fifth anniversary of each bond issue. The arbitrage rebate liability was \$0 at June 30, 2022 and 2021.

(n) Refunding of Debt

Gains or losses occurring from refunding of debt prior to maturity are reported as deferred outflows and deferred inflows of resources from refunding of debt. Deferred outflows and deferred inflows of resources are recognized as a component of interest expense using the effective interest method over the remaining life of the old debt or the life of the new debt, whichever is shorter.

(o) Income Taxes

As a department of a government agency, the Enterprise is exempt from both federal income taxes and California state franchise taxes.

(p) Revenue Recognition

Water service charges are based on water usage as determined by the Enterprise. Effective July 2013, the majority of residential and non-residential customers are billed on a monthly basis except for building and contractor customers, which are billed on a bi-monthly basis. Revenues earned but unbilled are accrued as charges for services and reflected as a receivable on the statements of net position. The unbilled amounts for the fiscal years ending June 30, 2022 and 2021 were \$29,774 and \$30,277, respectively.

(q) Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(r) Accounting and Financial Reporting for Pollution Remediation Obligations

According to GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*, a government would have to estimate its expected outlays for pollution remediation if it knows a site is polluted, and any of the following recognition triggers occur:

- Pollution poses an imminent danger to the public or environment and a government has little or no discretion to avoid fixing the problem;
- A government has violated a pollution prevention-related permit or license;
- A regulator has identified (or evidence indicates it will identify) a government as responsible (or potentially responsible) for cleaning up pollution, or for paying all or some of the cost of the cleanup;
- A government is named (or evidence indicates that it will be named) in a lawsuit to compel it to address the pollution; or
- A government begins or legally obligates itself to begin cleanup or post-cleanup activities (limited to amounts the government is legally required to complete).

As a part of ongoing operations, situations may occur requiring the removal of pollution or other hazardous material. These situations typically arise in the process of acquiring an asset, preparing an asset for its intended use, or during the design phase of projects under review by the project managers. Other times, pollution may arise during the implementation and construction of a major or minor capital project. Examples of pollution may include, but are not limited to: asbestos or lead paint removal, leaking of sewage in underground pipes or neighboring areas, chemical spills, removal and disposal of known toxic waste, harmful biological and chemical pollution of water, or contamination of surrounding soils by underground storage tanks (see Note 14(d)).

(s) Leases

Leases are defined as a contract that conveys control of the right to use another entity's underlying asset for a specified period. The Enterprise is a lessee and lessor for various noncancellable leases of land, building, equipment, vehicles, easement, etc.

Short-term Leases

For leases with a maximum possible term of 12 months or less at commencement, the Enterprise recognizes lease revenue if the Enterprise executes a lessor lease or lease expense if the Enterprise executes a lessee lease based on the provisions of the lease contract. Liabilities are only recognized if payments are received in advance, and receivables are only recognized if payments are received subsequent to the reporting period.

Leases Other Than Short-term

For all other leases (i.e. those that are not short-term) the Enterprise recognizes a lease liability and intangible right-to-use lease asset for the Enterprise as lessee leases, or lease receivable and deferred inflow of resources for the Enterprise as lessor leases.

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

Measurement of Lease Amounts (Lessee)

The Enterprise's lease liability is recorded at the present value of future minimum lease payments as of the date of inception. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, less lease payments made at or before the lease commencement date, plus any initial direct costs ancillary to placing the underlying asset into service, less any lease incentives received at or before the lease commencement date. Subsequently, the lease asset is amortized into depreciation and amortization expense on a straight-line basis over the shorter of the lease term or the useful life of the underlying asset. If the Enterprise is reasonably certain of exercising a purchase option contained in a lease, the lease asset will be amortized over the useful life of the underlying asset.

Measurement of Lease Amounts (Lessor)

The Enterprise's lease receivable is measured at the present value of payments expected to be received during the lease term, reduced by any provision of estimated uncollectible amounts. Subsequently, the lease receivable is reduced by the principal portion of lease payments collected. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, less any lease incentives paid to, or on behalf of, the lessee at or before the commencement of the lease term, plus lease payments received from the lease at or before the commencement of the lease term that related to future periods. Subsequently, the deferred inflow of resources as lease revenue is on a straight-line basis over the lease term.

Key Estimates and Judgements

Key estimates and judgements include how the Enterprise determines (a) the discount rate it uses to calculate the present value of the expected lease payments, (b) lease terms, (c) lease payments, and (d) materiality threshold for equipment.

- The Enterprise generally uses its estimated incremental borrowing rate as the discount rate for leases unless the rate implicit in the lease. The City's incremental borrowing rate (IBR) is established using the average of Municipal Market Data (MMD) AAA benchmark interest rate index by maturity date (year 1 to 30+), plus the average credit spread based on City's Aa/AA, COP, Tax-exempt to generate the yield curve and discount rate table. The City's incremental borrowing rate for leases is based on the rate of interest it would need to pay if it issued general obligation bonds to borrow an amount equal to the lease payments under similar terms at the commencement or remeasurement date.
- The lease term includes the noncancellable period of the lease, plus any additional periods covered by either lessee or lessor unilateral option to (1) extend for which it is reasonably certain to be exercised, or (2) terminate for which it is reasonably certain not to be exercised. Periods in which both the lessee and lessor have an option to terminate (or if both parties have to agree to extend) are excluded from the lease term.
- Payments are evaluated by the Enterprise to determine if they should be included in the measurement of the lease receivables or lease liabilities, including those payments that require a determination of whether they are reasonably certain of being made, such as residual value guarantees, purchase options, payments for termination penalties, and other payments.
- Equipment and other leases have a capitalization threshold of \$100. 70% below market rent and/or ground leases are determined to be below market rent (BMR), excluded from lease capitalization.

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

Remeasurement of Lease

The Enterprise monitors changes in circumstances that may require remeasurement of a lease. When certain changes occur that are expected to significantly affect the amount of the lease receivable or lease liability, the receivable or liability is remeasured and a corresponding adjustment is made to the deferred inflow of resources or lease asset, respectively.

Presentation in Statement of Net Position

Lease assets are reported with non-current assets, lease liabilities are reported with current and long-term liabilities in the statement of net position.

(t) Other Post-Employment Benefits Other Than Pensions (OPEB)

As prescribed under GASB 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions*, net OPEB liability, deferred outflows/inflows of resources related to OPEB, and OPEB expense are actuarially determined on a citywide basis. Net OPEB liability is measured as the portion of the present value of projected benefit payments to be provided to current active and inactive employees attributed to those employees' past service, less the amount of the Retiree Healthcare Trust Fund investments measured at fair value (see Note 11(b)).

(u) New Accounting Standards Adopted in Fiscal Year 2022

1) In June 2017, the GASB issued Statement No. 87, *Leases*. GASB Statement No. 87 establishes a single model for lease accounting and requires reporting of certain lease liabilities that currently are not reported. The new standard is effective for periods beginning after June 15, 2021. The Enterprise adopted the provisions of Statement No. 87 in fiscal year 2022. As a result of adoption, the cumulative effect of applying this Statement is recorded as beginning balances for the following accounts as of July 1, 2020:

	FY2021 Beginning Balance	FY2021 Activities	Total
Lease Receivable - Current	\$ 7,293	\$ (4,004)	\$ 3,289
Lease Receivable - Long Term	43,419	2,402	45,821
Interest Receivable - GASB 87		859	859
Right-to-use Assets	5,399	247	5,646
Accumulated Amortization	-	(1,409)	(1,409)
Deferred Inflows - Leases	(50,712)	2,602	(48,110)
Accrued Int Payable - Current	-	(5)	(5)
Lease Liability - Current	(1,467)	86	(1,381)
Lease Liability - Long Term	(3,932)	1,069	(2,863)
Revenues	-	(1,859)	(1,859)
Expenses	-	12	12
Change to Net Position	\$ -	\$ (1,847)	\$ (1,847)

2) In June 2018, the GASB issued Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*. GASB Statement No. 89 establishes accounting requirements for interest cost incurred before the end of construction period. The new

SAN FRANCISCO WATER ENTERPRISE

Notes to Financial Statements

June 30, 2022 and 2021

(Dollars in thousands, unless otherwise stated)

standard is effective for periods beginning after December 15, 2020. The Enterprise adopted the provisions of Statement No. 89 in fiscal year 2022.

- 3) In January 2020, the GASB issued Statement No. 92, *Omnibus 2020*. GASB Statement No. 92 addresses practice issues that have been identified during implementation and application of certain GASB Statements. The new standard is effective for periods beginning after June 15, 2021. The Enterprise adopted the provisions of Statement No. 92 in fiscal year 2022, which did not have a significant effect on its financial statements.
- 4) In March 2020, the GASB issued Statement No. 93, *Replacement of Interbank Offered Rates (IBOR)*. The objective of this Statement is to address those and other accounting and financial reporting implications that result from the replacement of an IBOR. The new standard is effective for periods beginning after June 15, 2021. The Enterprise adopted the provisions of Statement No. 93 in fiscal year 2022, which did not have a significant effect on its financial statements.

(v) *GASB Statements Implemented in Fiscal Year 2021*

- 1) In January 2017, the GASB issued Statement No. 84, *Fiduciary Activities*. GASB Statement No. 84 establishes criteria for state and local governments to identify fiduciary activities and how those activities should be reported. The new standard is effective for periods beginning after December 15, 2019. The Enterprise adopted the provisions of this Statement in fiscal year 2021, which did not have a significant effect on its financial statements.
- 2) In August 2018, the GASB issued Statement No. 90, *Accounting and Financial Reporting for Majority Equity Interests*. GASB Statement No. 90 provides clarification when a government should report a majority equity interest in a legally separate organization as either a component unit or an investment. The new standard is effective for periods beginning after December 15, 2019. The Enterprise adopted the provisions of this Statement in fiscal year 2021, which did not have a significant effect on its financial statements.
- 3) In June 2020, the GASB issued Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32*. GASB Statement No. 97 clarifies the criteria used in determining whether a fiduciary component unit exists and clarifies financial reporting for Internal Revenue Code section 457 deferred compensation plans. The new standard is effective for periods beginning after June 15, 2021. The Enterprise adopted early the provision of Statement No. 97 in fiscal year 2021, which did not have a significant effect on its financial statements.
- 4) In October 2021, the GASB issued Statement No. 98, *The Annual Comprehensive Financial Report*. GASB Statement No. 98 updates existing accounting standards by changing the name of the Comprehensive Annual Financial Report to the Annual Comprehensive Financial Report. The new standard is effective for periods ending after December 15, 2021. The Enterprise adopted the provisions of this Statement in fiscal year 2021, which did not have a significant effect on its financial statements.

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

(w) Future Implementation of New Accounting Standards

- 1) In May 2019, the GASB issued Statement No. 91, *Conduit Debt Obligations*. GASB Statement No. 91 enhances the compatibility and consistency of conduit debt obligation reporting and reporting of related transactions by State and local government issuers. The new standard is effective for periods beginning after December 15, 2021. The Enterprise will implement the provisions of Statement No. 91 in fiscal year 2023.
- 2) In March 2020, the GASB issued Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*. The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). The new standard is effective for periods beginning after June 15, 2022. The Enterprise will implement the provisions of Statement No. 94 in fiscal year 2023.
- 3) In May 2020, the GASB issued Statement No. 96, *Subscription-Based Information Technology Arrangements*. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) by a government. The new standard is effective for periods beginning after June 15, 2022. The Enterprise will implement the provisions of Statement No. 96 in fiscal year 2023.
- 4) In April 2022, the GASB issued Statement No. 99, *Omnibus 2022*. This Statement enhances comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The new standard is effective for periods beginning after June 15, 2023. The Enterprise will implement the provisions of Statement No. 99 in fiscal year 2024.
- 5) In June 2022, the GASB issued Statement No. 100, *Accounting Changes and Error Corrections*. This Statement enhances accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The new standard is effective for periods beginning after June 15, 2023. The Enterprise will implement the provisions of Statement No. 100 in fiscal year 2024.
- 6) In June 2022, the GASB issued Statement No. 101, *Compensated Absences*. This Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. The new standard is effective for periods beginning after December 15, 2023. The Enterprise will implement the provisions of Statement No. 101 in fiscal year 2025.

(x) Reclassifications

The Enterprise has reclassified certain amounts relating to the prior period to conform to its current period presentation. These reclassifications had no effect on previously reported changes in net position.

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

(3) Cash, Cash Equivalents, and Investments

The Enterprise's cash, cash equivalents, and investments with the City Treasury are invested in an unrated City pool pursuant to investment policy guidelines established by the City Treasurer. The objectives of the policy guidelines are, in order of priority, preservation of capital, liquidity, and yield. The policy addresses soundness of financial institutions in which the City will deposit funds, types of investment instruments as permitted by the California Government Code, and the percentage of the portfolio that may be invested in certain instruments with longer terms to maturity. The City Treasurer allocates income from the investment of pooled cash at month-end in proportion to the Enterprise's average daily cash balances. The primary objectives of the Enterprise's investment policy are consistent with the City's policy.

Restricted assets are held by an independent trustee outside the City's investment pool. The assets are held for the purpose of paying future interest and principal on the bonds and for eligible capital project expenditures. The current balances as of June 30, 2022 and 2021 were \$75,957 and \$122,853, respectively. The Enterprise held all investments in guaranteed investment contracts, treasury and government obligations, commercial paper, corporate bonds, and notes, as well as money market mutual funds consisting of Treasury and Government Obligations.

Funds held by the trustee established under the 2002 Amended and Restated Indentures agreements are invested in "Permitted Investments," as defined in the agreement, which includes money market funds and investment agreements. The agreement permits investment in money market funds registered under the Federal Investment Company Act of 1940 whose shares are registered under the Federal Securities Act of 1933 and have a rating by S&P of "AAAm-G," "AAAm," or "AAm," and a rating by Moody's of "Aaa," "Aa1," or "Aa2". The credit ratings of the money market funds invested in as of June 30, 2022 were "Aaa-mf" and "P-1" by Moody's, and "AAAm" and "A-1+" by S&P. The credit ratings of the money market funds invested in as of June 30, 2021 were "Aaa-mf" and "P-1" by Moody's, and "AAAm" and "A-1+" by S&P. Investment agreements must be with a U.S. bank or trust company that have a rating by Moody's and S&P of "A" or higher, or are guaranteed by any entity with a rating of "A" or higher, at the time the agreement is entered.

The Enterprise categorizes its fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure fair value of the assets. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. The inputs and techniques used for valuing securities are not necessarily an indication of risk associated with investing in those securities.

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

The following tables present the restricted and unrestricted cash and investments outside City Treasury as of June 30, 2022 and 2021:

Cash and Investments outside City Treasury					Fair Value Measurements Using		
Investments	Credit Ratings (S&P/Moody's)	June 30, 2022		Investments exempt from fair value	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Unobservable Inputs (Level 3)
		Maturities	Fair Value				
U.S. Treasury Money Market Funds	AAAm/Aaa-mf	< 90 days	62,854	62,854	-	-	-

Commercial paper is valued using a variety of techniques such as matrix pricing; market corroborated pricing inputs such as yield curve, indices, and other market related data. Commercial paper, money market investments, and cash and cash equivalents are exempt from fair value treatment under GASB Statement No. 72.

The restricted cash and investments outside City Treasury as of June 30, 2022 and 2021 included an unrealized gain due to changes in fair value on commercial paper of \$0.

Additional cash outside of the investment pool included revolving fund and cash in transit. The revolving fund has a balance of \$28 as of June 30, 2022 and 2021, respectively, which is held in a commercial bank in non-interest bearing checking accounts covered by Federal Deposit Insurance Corporation depository insurance. These accounts were established as provided by the City's Administrative Code for revolving fund needs. The cash in transit was \$290 and \$273 as of June 30, 2022 and 2021, respectively.

Notes to Financial Statements
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

The Enterprise's cash, cash equivalents, and investments are shown on the accompanying statements of net position as follows:

	2022	2021
Current assets:		
Cash and investments with City Treasury	\$ 460,954	483,827
Cash and investments outside City Treasury	318	301
Restricted cash and investments outside City Treasury	11,063	57,165
Non-current assets:		
Restricted cash and investments with City Treasury	9,299	—
Restricted cash and investments outside City Treasury	64,894	65,688
Total cash, cash equivalents, and investments	\$ 546,528	606,981

The following table shows the percentage distribution of the City's pooled investments by maturity:

Fiscal years ended June 30	Investment maturities (in months)			
	Under 1	1 to less than 6	6 to less than 12	12 to 60
2022	20.2%	14.0%	14.9%	50.9%
2021	14.5%	27.6%	29.7%	28.2%

(4) Capital Assets

Capital assets with a useful life of 50 years or greater include buildings and structures, reservoirs, dams, treatment plants, pump stations, certain water mains and pipelines, sewer systems, tunnels, and bridges.

Capital assets as of June 30, 2022 and 2021 consist of the following:

	2021	Increases	Decreases	2022
Capital assets not being depreciated and amortized:				
Land	\$ 104,248	9,193	—	113,441
Intangible assets	679	—	—	679
Construction work in progress	532,602	175,191	(263,539) *	444,254
Total capital assets not being depreciated and amortized	637,529	184,384	(263,539)	558,374
Capital assets being depreciated and amortized:				
Facilities and improvements	6,413,238	247,453	—	6,660,691

* Per the implementation of GASB No 89, *Accounting for Interest Cost Incurred Before the End of a Construction Period*, no interest was capitalized to construction work in progress beginning in fiscal year 2022.

** Restated per implementation of GASB 87 - Leases

(5) Restricted Assets

Pursuant to the Indentures, all revenues of the Enterprise (except amounts on deposit in the rebate fund) are irrevocably pledged to the punctual payment of debt service on the Water Revenue and Refunding Bonds. Accordingly, the revenues of the Enterprise shall not be used for any other purpose while any of its Water Revenue and Refunding Bonds are outstanding, except as expressly permitted by the Indentures. Further, all revenues shall be deposited by the City Treasurer, by instruction of the Enterprise, in special funds designated as the Water Enterprise Revenue Fund (the Water Revenue Fund), which must be maintained in the City Treasury. These funds, held at the City Treasury, are recorded in the statement of net position of the Enterprise as cash and investments. Deposits in the

SAN FRANCISCO WATER ENTERPRISE

(Dollars in thousands, unless otherwise stated)

Water Revenue Fund, including earnings thereon, shall be appropriated, transferred, expended, or used for the following purposes pertaining to the financing, maintenance, and operation of the Enterprise in accordance with the following priority:

1. The payment of operation and maintenance expenses for such utility and related facilities;
2. The payment of pension charges and proportionate payments to such compensation and other insurance or outside reserve funds as the Enterprise may establish or the Board of Supervisors may require with respect to employees of the Enterprise;
3. The payment of principal, interest, reserve, sinking fund, and other mandatory funds created to secure Revenue Bonds and parity State revolving fund loans issued by the Enterprise for the acquisition, construction, or extension of facilities owned, operated, or controlled by the Enterprise;
4. The payment of principal and interest on General Obligation Bonds issued by the City for the Enterprise's purposes;
5. Reconstruction and replacement as determined by the Enterprise or as required by any of the Enterprise's Revenue Bond ordinances duly adopted and approved; and
6. The acquisition of land, real property, or interest in real property for, and the acquisition, construction, enlargement, and improvement of, new and existing buildings, structures, facilities, equipment, appliances, and other property necessary or convenient to the development or improvement of such utility owned, controlled, or operated by the Enterprise; and for any other lawful purpose of the Enterprise, including the transfer of surplus funds pursuant to the Charter.

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

In accordance with the Indenture, the bond financing program maintains that certain restricted cash and investment balances be held in trust. Restricted assets held in trust consisted of the following as of June 30, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Cash and investments with City Treasury:		
Water revenue bond construction fund	\$ 9,299	—
Cash and investments outside City Treasury:		
2010B Water revenue bond fund	21,386	21,492
2010D Water revenue bond fund	1	—
2010E Water revenue bond fund	16,304	16,299
2010G Water revenue bond fund	17,703	17,698
2011B Water revenue bond fund	—	670
2011C Water revenue bond fund	—	140
2012A Water revenue bond fund	1	1
2020A Water revenue bond fund	86	7,370
2020B Water revenue bond fund	34	3,097
2020C Water revenue bond fund	54	3,463
2020D Water revenue bond fund	38	1,513
2020F Water revenue refunding bond fund	12	12
2020G Water revenue refunding bond fund	22	22
2020H Water revenue refunding bond fund	7	7
2009C Certificates of participation - 525 Golden Gate	1,638	1,638
2009D Certificates of participation - 525 Golden Gate	5,567	6,551
Commercial Paper - Tax Exempt	14	29,793
Commercial Paper - Taxable	37	34
Habitat reserve endowment fund	13,053	13,053
Total cash and investments outside City Treasury	\$ <u>75,957</u>	<u>122,853</u>
Interest and other receivables:		
Water bond construction fund including capacity fee receivables	4,146	3,987
Due from other government for State Revolving Fund	7,553	49,546
Total restricted assets	\$ <u><u>96,955</u></u>	<u><u>176,386</u></u>

Restricted assets listed above as cash and investments with City Treasury are held in fund accounts within the Water Revenue Fund of the City Treasury.

(6) Short-Term Debt

The Commission and the Board of Supervisors have authorized the issuance of up to \$500,000 in commercial paper pursuant to the voter-approved 2002 Proposition E. As of June 30, 2022 and 2021, amounts outstanding under Proposition E were \$206,297 and \$105,862, respectively. Commercial paper interest rates ranged from 0.1% to 2.0%.

With maturities up to 270 days, the Enterprise intends to maintain the program by remarketing the commercial paper upon maturity over the near-to-medium term, at which time outstanding commercial paper will likely be refunded with revenue bonds. This is being done to take advantage of the continued low interest rate environment. If the commercial paper interest rates rise to a level that exceeds these benefits, the Enterprise will refinance the commercial paper with the long-term, fixed-rate debt.

SAN FRANCISCO WATER ENTERPRISE

Notes to Financial Statements

June 30, 2022 and 2021

(Dollars in thousands, unless otherwise stated)

In accordance with GASB Statement No. 88, *Certain Disclosures Related to Debt, Including Direct Borrowing and Direct Placements*, the Enterprise had \$293,703 and \$394,138 in unused authorization as of June 30, 2022 and 2021, respectively. Significant Events of default as specified in the Reimbursement Agreements, or Revolving Credit Agreement include 1) payment defaults 2) material breach of warranty, representation, or other non-remedied breach of covenants as specified in the respective agreements (not cured within applicable grace periods) and 3) bankruptcy and insolvency events, which may result in all outstanding obligations to be immediately due and payable (unless waived by the respective Bank, if applicable); or issuance of a No-Issuance Notice, reduction in credit to outstanding amount plus interest coverage, and/or termination of the respective agreement. As of June 30, 2022, there were no such events describe herein.

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

The payments of principal and interest amounts on various bonds are secured by net revenues of the Enterprise.

(a) Water Revenue Bonds 2010 Series B

The 2010 Series B Bonds in the par amount of \$417,720 were issued as taxable Build America Bonds (with Direct Pay Subsidy) to provide \$364,757 in new money for WSIP capital projects and pay financing costs. The 2010 Series B bonds were issued as serial and term bonds with coupons ranging from 4.0% to 6.0% and have a final maturity of 2040. The Series B bonds have a true interest cost (net of federal subsidy) of 3.9%. As of June 30, 2022 and 2021, the principal amount outstanding was \$349,170 and \$361,500, respectively.

(b) Water Revenue Bonds 2010 Series DE

In July 2010, the Enterprise issued revenue bonds 2010 Series DE in the combined principal amount of \$446,925. The purpose of the bonds is to advance refund \$31,570 of outstanding 2002 Series A revenue bonds and to provide \$372,689 in new money for WSIP capital projects, with the balance applied to financing costs and a cash-funded debt service reserve fund. The bonds were rated "AA-" and "Aa2" from S&P and Moody's, respectively. The bonds included serial and term bonds with interest rates ranging from 3.0% to 6.0%.

The 2010 Series D Bonds in the par amount of \$102,725 were issued as tax-exempt bonds to provide \$72,243 in new money for WSIP capital projects and \$35,080 to advance refund a portion of outstanding 2002 Series A revenue bonds. The Series D bonds were issued as serial bonds with coupons ranging from 3.0% to 5.0% and have a final maturity of 2021. The Series D bonds have a true interest cost of 2.5%.

On February 27, 2013, the Wholesale Water Customers BAWSCA made an early repayment of \$356,139 to the Enterprise. \$12,360 of the repayment proceeds were deposited with the trustee, acting as escrow agent under the irrevocable Escrow Agreement, dated February 27, 2013, to refund and legally defease a portion of the outstanding 2010 Series D bonds. BAWSCA repayment funds were combined with \$165 from the 2010 Series D Capitalized Interest Account. This deposit, together with certain other available monies, was held by the escrow agent under the Escrow Agreement and invested in non-callable Federal Securities consisting of United States Treasury Securities - SLGS. The principal and interest on monies held by the escrow agent will be sufficient to partially defease a portion of the 2010 Series D bonds maturing November 1, 2015 through 2017. A portion of the proceeds from 2020 Series E and 2020 Series G refunding bonds was deposited with the trustee, acting as escrow agent under the irrevocable Escrow Agreements, dated October 1, 2020, to refund and legally defease the outstanding 2010 Series D bonds. These deposits, together with certain other available monies were held by the escrow agent under the Escrow Agreement and invested in non-callable Federal Securities. The principal and interest on monies held by the escrow agent will be sufficient to refund and legally defease all of the maturities of the 2010 Series D bonds starting on November 1, 2021. As of June 30, 2022 and 2021, the principal amount of 2010 Series D bonds outstanding was \$0.

The 2010 Series E Bonds in the par amount of \$344,200 were issued as taxable Build America Bonds (with Direct Pay Subsidy) to provide \$300,446 in new money proceeds for WSIP capital projects. The Series E bonds were issued as serial and term bonds with coupons ranging from 4.9% to 6.0% and have a final maturity of 2040. The Series E bonds have a true interest cost

(net of federal subsidy) of 3.8%. As of June 30, 2022 and 2021, the principal amount of 2010 Series E bonds outstanding was \$344,200.

(c) Water Revenue Bonds 2010 Series FG

In December 2010, the Enterprise issued revenue bonds 2010 Series FG in the combined principal amount of \$532,430. The purpose of the bonds is to provide \$437,980 in new money for WSIP capital projects, with the balance applied to financing costs and a cash-funded debt service reserve. The bonds were rated "AA-" and "Aa2" from S&P and Moody's, respectively. The bonds included serial and term bonds with interest rates ranging from 3.0% to 7.0%.

The \$180,960 Series F bonds were issued as tax-exempt bonds to provide \$149,728 in new money for WSIP capital projects. The Series F bonds were issued as serial and term bonds with coupons ranging from 3.0% to 5.5% and have a final maturity of 2030. The Series F bonds have a true interest cost of 4.8%.

On February 27, 2013, the Wholesale Water Customers BAWSCA made an early repayment of \$356,139 to the Enterprise. \$3,646 of the repayment proceeds were deposited with the trustee, acting as escrow agent under the irrevocable Escrow Agreement, dated February 27, 2013, to refund and legally defease a portion of the outstanding 2010 Series F bonds. BAWSCA repayment funds were combined with \$131 from the 2010 Series F Capitalized Interest Account. This deposit, together with certain other available monies, was held by the escrow agent under the Escrow Agreement and invested in non-callable Federal Securities consisting of United States Treasury Securities - SLGS. The principal and interest on monies held by the escrow agent will be sufficient to partially defease a portion of the 2010 Series F bonds maturing November 1, 2017 and 2018.

A portion of the proceeds of the 2016 Series A refunding bonds and 2019 Series A refunding bonds was deposited with the trustee, acting as escrow agent under the irrevocable Escrow Agreements, dated October 1, 2016 and December 1, 2019, respectively, to refund and legally defease a portion of the outstanding 2010 Series F bonds. These deposits, together with certain other available monies were held by the escrow agent under the Escrow Agreement and invested in non-callable Federal Securities. The principal and interest on monies held by the escrow agent will be sufficient to refund and legally defease all of the maturities of the 2010 Series F bonds starting on November 1, 2020 and thereafter. As of June 30, 2022 and 2021, the principal amount of 2010 Series F bonds outstanding was \$0.

The \$351,470 Series G bonds were issued as taxable Build America Bonds (with Direct Pay Subsidy) to provide \$288,252 in new money for WSIP capital projects. The Series G bonds were issued as term bonds with a coupon of 7.0% and have a final maturity of 2050. The Series G bonds have a true interest cost (net of federal subsidy) of 4.5%. As of June 30, 2022 and 2021, the principal amount of 2010 Series G bonds outstanding was \$351,470.

(d) Water Revenue Bonds 2011 Series ABCD

In August 2011, the Enterprise issued revenue bonds, 2011 Series ABCD in the combined principal amount of \$720,750. The purpose of the bonds is to provide new money for WSIP capital projects, to finance Hetch Hetchy Water Improvements, and to finance the Local Water Main Replacement Projects, as well as refund \$56,670 of outstanding 2001 Series A and 2002 Series A revenue bonds, with the balance applied to financing costs and a cash-funded debt

(Dollars in thousands, unless otherwise stated)

maturity in 2035. The Series DEFG bonds have a true interest cost of 2.9%. The refunding resulted in the recognition of a deferred accounting loss of \$34,275, gross debt service savings of \$68,942, and an economic gain of \$51,698 or 10.7% of refunded principal. As of June 30, 2022 and 2021, the principal amount of 2017 Series DEFG bonds outstanding was \$436,350 and \$438,095 respectively.

(k) *Water Revenue Refunding Bonds 2019 Series ABC*

In January 2020, the Enterprise issued taxable revenue bonds, 2019 Series ABC refunding bonds in the aggregate amount of \$656,955. The 2019 Series A (WSIP, Green) bonds were issued for the purpose of refunding a portion of the outstanding 2010 Series F (WSIP) bonds maturing on and after November 1, 2020, a portion of the outstanding 2011 Series A (WSIP) bonds maturing on and after November 1, 2020, and a portion of the outstanding 2012 Series A (WSIP) bonds maturing on and after November 1, 2035.

The 2019 Series B (Hetch Hetchy Water) bonds were issued for the purpose of refunding a portion of the outstanding 2011 Series B bonds maturing on or after November 1, 2032.

The 2019 Series C (Local) bonds were issued for the purpose of refunding a portion of the outstanding 2011 Series C bonds maturing on or after November 1, 2032.

The bonds carried "Aa2" and "AA-" ratings from Moody's and S&P, respectively. The 2019 Series ABC bonds include serial bonds with interest rates varying from 1.8% to 3.5% and have a final maturity in 2043. The Series ABC bonds have a true interest cost of 3.3%. The refunding resulted in the recognition of a deferred accounting loss of \$17,329, gross debt service savings of \$119,827, and an economic gain of \$92,556 or 14.0% of refunded principal. As of June 30, 2022 and 2021, the principal amount of 2019 Series ABC bonds outstanding was \$625,555 and \$650,100, respectively.

(l) *Water Revenue Bonds 2020 Series ABCD*

In September 2020, the Enterprise issued tax-exempt revenue bonds, 2020 Series ABCD in the aggregate amount of \$346,760. The purpose of the 2020 Series ABCD Bonds was to refund approximately \$229,770 aggregate principal amount of commercial paper notes and to provide \$164,632 new money for various capital projects of the Water Enterprise, and capital projects of Hetch Hetchy Water. The bonds carried "Aa2" and "AA-" ratings from Moody's and S&P, respectively. The 2020 Series ABCD bonds include term bonds with coupons of 3.0% to 5.0% and final maturities from 2045 to 2050.

The \$150,895 2020 Series A bonds were issued as tax-exempt Green Bonds to refund approximately \$180,000 of commercial paper notes for WSIP capital projects. The Series A bonds were issued as term bonds with coupons of 4.0% and 5.0% and a final maturity of 2050. The 2020 Series A bonds have a true interest cost of 3.3%. As of June 30, 2022 and 2021, the principal amount of 2020 Series A bonds outstanding was \$150,895.

The \$61,330 Series B bonds were issued as tax-exempt bonds to provide \$69,644 in new money for Water Enterprise capital projects (non-WSIP, Regional). The Series B bonds were issued as term bonds with coupons of 5.0% and have a final maturity of 2050. The Series B bonds have a true interest cost of 3.7%. As of June 30, 2022 and 2021, the principal amount of 2020 Series B bonds outstanding was \$61,330.

SAN FRANCISCO WATER ENTERPRISE

Notes to Financial Statements

June 30, 2022 and 2021

(Dollars in thousands, unless otherwise stated)

The \$85,335 Series C bonds were issued as tax-exempt bonds to provide \$94,948 in new money for Water Enterprise capital projects (non-WSIP, Local). The Series C bonds were issued as term bonds with coupons of 4.0% and have a final maturity of 2050. The Series C bonds have a true interest cost of 3.0%. As of June 30, 2022 and 2021, the principal amount of 2020 Series C bonds outstanding was \$85,335.

The \$49,200 Series D bonds were issued as tax-exempt bonds to refund approximately \$49,761 of commercial paper notes for Hetch Hetchy Water capital projects. The Series D bonds were issued as term bonds with coupons of 3.0% and a final maturity of 2050. The 2020 Series D bonds have a true interest cost of 2.7%. As of June 30, 2022 and 2021, the principal amount of 2020 Series D bonds outstanding was \$49,200.

(m) Water Revenue Refunding Bonds 2020 Series EFGH

In October 2020, the Enterprise issued taxable revenue bonds, 2020 Series EFGH refunding bonds in the aggregate amount of \$664,395. The 2020 Series E (WSIP, Green) bonds were issued for the purpose of refunding a portion of the outstanding 2010 Series D (WSIP) bonds maturing on and after November 1, 2020, a portion of the outstanding 2012 Series A (WSIP) bonds maturing on and after November 1, 2038, and a portion of the outstanding 2017 Series A (WSIP) bonds maturing on and after November 1, 2030.

The 2020 Series F (non-WSIP, Regional) bonds were issued for the purpose of refunding a portion of the outstanding 2017 Series B bonds maturing on or after November 1, 2030.

The 2020 Series G (non-WSIP, Local) bonds were issued for the purpose of refunding a portion of the outstanding 2010 Series D bonds maturing on or after November 1, 2020, a portion of the 2011 Series D bonds maturing on or after November 1, 2022, a portion of 2012 Series B bonds maturing on or after November 1, 2031, and a portion of 2012 Series C bonds maturing on or after November 1, 2025.

The 2020 Series H (Hetch Hetchy Water) bonds issued for the purpose of refunding a portion of the outstanding 2017 Series C bonds maturing on or after November 1, 2030.

The bonds carried "Aa2" and "AA-" ratings from Moody's and S&P, respectively. The 2020 Series EFGH bonds include serial bonds and term bonds with interest rates varying from 0.3% to 3.1% and have a final maturity in 2047. The Series EFGH bonds have a true interest cost of 2.7%. The refunding resulted in the recognition of a deferred accounting loss of \$27,010, gross debt service savings of \$117,114, and an economic gain of \$75,212 or 12.0% of refunded principal. As of June 30, 2022 and 2021, the principal amount of 2020 Series EFGH bonds outstanding was \$650,570 and \$664,395, respectively.

(n) Future Annual Debt Service of Revenue Bonds

The following table presents the future annual debt service relating to the revenue and refunding bonds outstanding as of June 30, 2022. The federal interest subsidy amounts represent 35.0%, excluding sequestration, of the interest for the revenue bond 2010 Series B, E, and G.

* The SFPUC received an IRS notice dated June 2, 2022 that the federal interest subsidies on the 2010 Series B bonds, 2010 Series E bonds, and 2010 Series G bonds are reduced by 5.7%, or a total reduction of \$18,776, due to sequestration over the remaining life of the bonds assuming the sequestration rate will remain the same after fiscal year 2023.

As defined in the Indentures, the principal and interest of the Enterprise's revenue and refunding bonds are payable from its revenues, as well as monies deposited in certain funds and accounts pledged thereto (see Note 5).

(o) Clean Water State Revolving Fund (CWSRF) Loan and Grant

In September 2017, the SFPUC entered into an Installment Sale Agreement with the State Water Resources Control Board for a Clean Water State Revolving Fund (CWSRF) Loan and Grant to fund the Enterprise's SF Westside Recycled Water Project. The CWSRF loan is in the amount of \$186,220, which includes \$15,000 of principal forgiveness, or a grant. It will bear an interest rate of 1.0% for a 30-year term, with loan repayment beginning one year after substantial completion of project construction. The CWSRF loan is secured on a parity lien basis with the Enterprise's outstanding revenue bonds. The principal outstanding as of June 30, 2022 and 2021 were \$121,761 and \$107,407, respectively. In addition, there was \$15,000 of principal forgiveness.

(p) Drinking Water State Revolving Fund (DWSRF) Loan

In April 2022, the SFPUC entered into an Installment Sale Agreement with the State Water Resources Control Board for a Drinking Water State Revolving Fund (DWSRF) Loan to fund the Enterprise's Mountain Tunnel Improvement Project. The DWSRF loan is in the amount of \$238,219. It will bear an interest rate of 1.1% for a 30-year term, with interest payments beginning annually after the initial loan proceed draw occurs and loan principal repayment beginning one year after substantial completion of project construction. Power Enterprise is responsible for repayment for its share of SRF Loan debt service costs representing up to its allocable share of the cost of the Mountain Tunnel Project by a Memorandum of Understanding that will be executed with the Water Enterprise. The DWSRF loan is secured on a parity lien basis with the Enterprise's outstanding revenue bonds. The principal outstanding as of June 30, 2022 was \$0.

(q) Proposition A

On November 5, 2002, the San Francisco voters passed Proposition A, which provides for the issuance of revenue bonds and/or other forms of indebtedness by the Commission in a principal amount not to exceed \$1,628,000 to finance the acquisition and construction of improvements to the City's Water System. As of June 30, 2022, there was no commercial paper outstanding pursuant to this authorization and \$1,499,230 of bonds had been issued in fiscal years 2006, 2010, 2012, 2021 against Prop A. The total authorization against Prop A was \$1,499,230 as of June 30, 2022.

(r) Proposition E

On November 5, 2002, the San Francisco voters passed Proposition E, which authorizes the Board of Supervisors' approval of the issuance of revenue bonds and/or other forms of indebtedness by the Commission to finance costs for the Commission's capital programs, including WSIP. As of June 30, 2022, the Board of Supervisors authorized the issuance of \$4,617,099 in revenue bonds with \$3,898,744 issued against this authorization; in September 2017, the SFPUC entered into an Installment Sale Agreement with the State Water Resources Control Board for a Clean Water State Revolving Fund (CWSRF) Loan and Grant to fund the Enterprise's SF Westside Recycled Water Project in the amount of \$186,220 (which includes a

SAN FRANCISCO WATER ENTERPRISE

Notes to Financial Statements

(Dollars in thousands, unless otherwise stated)

\$15,000 grant) and in April 2022, the SFPUC entered in to an Installment Sale Agreement with the State Water Resources Control Board for a Drinking Water State Revolving Fund (DWSRF) Loan to fund the Mountain Tunnel Improvement Project in the amount of \$238,219. Additionally, \$206,297 and \$105,862 in commercial paper was outstanding pursuant to this authorization as of June 30, 2022 and 2021, respectively.

(s) Certificates of Participation Issued for the 525 Golden Gate Avenue Headquarters Building

In October 2009, the City issued \$167,670 in certificates of participation to fund the headquarters building of the SFPUC at 525 Golden Gate Avenue. The 2009 Series C were issued for \$38,120 and 2009 Series D for \$129,550 as “Build America Bonds” on a taxable basis under the 2009 American Recovery and Reinvestment Act. The 2009 Series C certificates carry interest rates ranging from 2.0% to 5.0% and mature on November 1, 2022. The 2009 Series D certificates carry interest rates ranging from 6.4% to 6.5% and mature on November 1, 2041, after adjusting for the federal interest subsidy, the true interest cost averages 3.4% and 4.3% for Series C and Series D, respectively.

Under the terms of a memorandum of understanding (MOU) between the City and the SFPUC dated October 1, 2009, the City conveyed the real property to the Trustee, the Bank of New York Mellon Trust Company, N.A., which was replaced by U.S. Bank in March 2014 under a property lease in exchange for the proceeds of the sale of the certificates. The Trustee has leased the property back to the City for the City’s use under a project lease. The City is obligated under the project lease to pay base rental payments and other payments to the Trustee each year during the 32-year term of the project lease. The Commission makes annual base rental payments to the City for the building equal to annual debt service on the certificates. It is anticipated these lease costs will be offset with reductions in costs associated with current office rental expense. There are no events of default stated in the MOU.

Each of the three Enterprises has an ownership interest in the building equal to their projected usage of space as follows: Water (73%), Wastewater (15%), and Power (12%). Similarly, each Enterprise is responsible for a portion of the annual base rental payment based on their ownership percentages less contributed equity. The percentage share of base rental payments for the Enterprises is as follows: Water (71.4%), Wastewater (18.9%), and Power (9.7%).

The future annual debt services relating to the certificates of participation 2009 Series C and D outstanding as of June 30, 2022 are as follows:

<u>Certificates of Participation 2009 Series C (Tax-Exempt)</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>

* The SFPUC received an IRS notice dated June 2, 2022 that the federal interest subsidy on the 2009 Series D bonds is reduced by 5.7%, or a total reduction of \$1,402, due to sequestration over the remaining life of the bonds assuming the sequestration rate will remain the same after fiscal year 2023.

(t) Events of Default and Remedies

In accordance with GASB Statement No. 88, *Certain Disclosures Related to Debt, Including Direct Borrowing and Direct Placements*. Significant Events of default as specified in the Water Enterprise Indenture (applicable to Water Revenue Bonds, and SRF Loan) include 1) Non-payment 2) material breach of warranty, representation or indenture covenants (not cured within applicable grace periods) and 3) bankruptcy and insolvency events, which may result in the Trustee (upon written request by the majority of the owners (by aggregate amount of the bond obligations or of a credit provider), declaring the principal and the interest accrued thereon, to be due and payable immediately. As of June 30, 2022, there were no such events describe herein.

(8) Revenue Pledge

The Enterprise has pledged future revenues to repay various revenue bonds and State Revolving Fund loans. Proceeds from the revenue bonds and State Revolving Fund loans provided financing for various capital construction projects, and to refund previously issued bonds. The bonds and State Revolving Fund loans are payable solely from revenues of the Enterprise through the fiscal year ending 2051.

The original amount of revenue bonds and State Revolving Funds loan issued, total principal and interest remaining, principal and interest paid during fiscal years 2022 and 2021, applicable net revenues and funds available for debt service are as follows:

	<u>2022</u>	<u>2021</u>
Bonds issued with revenue pledge	\$ 4,891,480	4,891,480
Principal and interest remaining due at the end of the year	7,472,962	7,771,993
Clean Water State Revolving Fund (CWSRF) loans with revenue pledge	121,761	107,407
Principal and interest paid during the year	279,352	248,427
Net revenues for the year ended June 30	306,918	339,046
Funds available for debt service	410,424	467,738

Variable lease payments

Variable lease payments, other than those payments that depend on an index or rate or are fixed in substance, are excluded from the measurement of the lease liability. Such amounts are recognized as lease expenses in the period in which the obligation for those payments is incurred.

Certain equipment or facility rental leases require the Enterprise to make variable lease payments that based on usage, related to the property taxes levied on the lessor, and insurance payments made by the lessor; these amounts are generally determined annually. The amounts recognized as expense for variable lease payments not included in the measurement of the lease liability were \$34 and \$0 during the year ended June 30, 2022 and 2021, respectively.

Notes to Financial Statements
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

Water Enterprise as Lessor

The Enterprise has leased facilities, easements, communication site and equipment to various tenants. The terms and conditions for these leases vary, which range between 1- 65 years.

Variable payments include percentage of sales, payments depended on an index made by the lessee; these amounts are generally determined periodically. The Enterprise did not incur revenue related to residual value guarantees or lease termination penalties. The total amounts for lease revenue, interest revenue, and other lease-related revenues recognized during the year ended June 30, 2022 and 2021 were \$2,332 and \$2,976, respectively.

Principal and interest requirements to maturity for the lease receivable at June 30, 2022 and 2021 are as follows:

Year ended June 30	Principal	Interest	Total

(10) Wholesale Balancing Account

Water Supply Agreement

From 1984-2009, the Enterprise provided water service pursuant to the terms of the 1984 Water Settlement Agreement and Master Water Sales Contract, which established the basis for water rates to be charged to those customers (Wholesale Customers). The Master Water Sales Contract expired on June 30, 2009. The Commission and the Wholesale Customers approved a Water Supply Agreement (WSA) effective July 1, 2009 (the contract was restated and amended by the SFPUC on December 11, 2018). The WSA has a 25-year term from July 1, 2009 with two options for five-year extensions. The existing 184 million gallons per day (mgd) Supply Assurance continues under the WSA and no increase in the Supply Assurance will be considered before December 31, 2028. During the period from 2009 to 2028, the WSA limits the quantity of water delivered to Retail Customers and Wholesale Customers from the watersheds to 265 mgd. Under the WSA, annual operating expenses, including debt service on bonds sold to finance regional system improvements and regional capital projects funded from revenues, will be allocated between Retail Customers and Wholesale Customers on the basis of proportionate annual water use. The original WSA stated the Wholesale Customers' share of net book value of existing regional assets as of June 30, 2009 would be recovered on level annual payment over the 25-year term of the WSA at an interest rate of 5.13%. The 25-year term repayment obligation was settled in February 2013. The Wholesale Customers made an early repayment to the Enterprise of the outstanding balance of \$356,139 as discussed further in the "BAWSCA Early Repayment" Section 5.03 of the WSA. The WSA continues much of the rate setting, accounting, and dispute resolution provisions contained in the expired contract, and has emergency and drought-pricing adjustment provisions.

SAN FRANCISCO WATER ENTERPRISE

Notes to Financial Statements

June 30, 2022 and 2021

(Dollars in thousands, unless otherwise stated)

Pursuant to the terms of the WSA, the Enterprise is required to establish water rates applicable to the Wholesale Customers annually. The wholesale water rates are based on an estimate of the level of revenues necessary to recoup the cost of distributing water to the Wholesale Customers in accordance with the methodology outlined in Article V of the WSA (the Wholesale Revenue Requirement (WRR), previously known as the Suburban Revenue Requirement). During fiscal years ending in 2022 and 2021, the WRR, net of adjustments, charged to such wholesale customers was \$289,828 and \$245,743 respectively. Such amounts are subject to final review by the Wholesale Customers, along with a trailing wholesale balancing account compliance audit of the WRR calculation.

Pursuant to Article VII, Section 7.02 of the WSA, the Enterprise is required to re-compute the WRR after the close of each fiscal year based on the actual costs incurred in the delivery of water to the Wholesale Customers. The difference between the wholesale revenues earned during the year and the “actual” WRR is recorded in a separate account (the Balancing Account) and represents the cumulative amount that is either owed to the Wholesale Customers (if the wholesale revenues exceed the WRR) or owed to the City (if the WRR exceeds the wholesale revenues paid). In accordance with Article VI of the WSA, the amount recorded in the Balancing Account shall earn interest at a rate equal to the average rate received by the City during the year on the invested pooled funds of the City Treasury, and shall be taken into consideration in the determination of subsequent wholesale water rates. The Enterprise owed the Wholesale Customers \$79,150 and \$60,864 for the years ended June 30, 2022 and 2021, respectively, an increase of \$18,286. Refer to the compliance audit report for the final balancing account available at <https://sfpuc.org/about-us/reports/audited-financial-statements-annual-financial-reports>.

In addition to advancing funds to acquire the pre-2009 assets as discussed previously, the Enterprise has also previously appropriated funds, advanced through rates charged to Retail Customers, for construction of capital projects that were not yet placed into service as of June 30, 2009. Wholesale Customers’ share of these construction work in progress costs is calculated in accordance with the provisions in the WSA, including a 10-year repayment term and payment of annual principal and interest rate calculated at 4.0% annually. The total obligation of the Wholesale Customers to the Enterprise is estimated at \$9,532, and the level annual payment including principal and interest is approximately \$1,159. The Wholesale Customers made the first annual payment as of June 30, 2015 and will end on June 30, 2024.

(11) Employee Benefits

(a) Pension Plan

The Enterprise participates in a cost-sharing multiple-employer defined benefit pension Plan (the Plan). The Plan is administered by the San Francisco City and County Employees’ Retirement System (SFERS). For purposes of measuring the net pension liability, deferred outflows/inflows of resources related to pensions, pension expense, information about the fiduciary net position of the SFERS Plan, and additions to/deductions from the SFERS Plan’s fiduciary net position have been determined on the same basis as they are reported by the SFERS Plan. Contributions are recognized in the period in which they are due pursuant to legal requirements. Benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

SAN FRANCISCO WATER ENTERPRISE

Notes to Financial Statements

June 30, 2022 and 2021

(Dollars in thousands, unless otherwise stated)

Replacement Benefits Plan – The Replacement Benefits Plan (RBP) is a qualified excess benefit plan established in October 1989. Internal Revenue Code Section 415(m) provides for excess benefit arrangements that legally permit benefit payments above the Section 415 limits, provided that the payments are not paid from the SFERS Plan. The RBP allows the City to pay SFERS retirees any portion of the Charter-mandated retirement allowance that exceeds the annual Section 415(b) limit. The RBP plan does not meet the criteria of a qualified trust under GASB Statement No. 73 because RBP assets are subject to the claims of the employer’s general creditors under federal and state law in the event of insolvency.

GASB Statements No. 68 and 73 require that the SFERS Plan and RBP reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used:

Fiscal year 2022	
Valuation Date (VD)	June 30, 2020 updated to June 30, 2021
Measurement Date (MD)	June 30, 2021
Measurement Period (MP)	July 1, 2020 to June 30, 2021

Fiscal year 2021	
Valuation Date (VD)	June 30, 2019 updated to June 30, 2020
Measurement Date (MD)	June 30, 2020
Measurement Period (MP)	July 1, 2019 to June 30, 2020

The City is an employer of the plan with a proportionate share of 94.64% as of June 30, 2021 (measurement date), and 94.39% as of June 30, 2020 (measurement date), 0.25% increase from prior year. The Enterprise’s allocation percentage was determined based on the Enterprise’s employer contributions divided by the City’s total employer contributions for fiscal years 2021 and 2020. The Enterprise’s net pension liability/(assets), deferred outflows/inflows of resources related to pensions, amortization of deferred outflows/inflows, and pension expense is based on the Enterprise’s allocated percentage. The Enterprise’s allocation of the City’s proportionate share was 4.27% as of June 30, 2021, and 4.21% as of June 30, 2020 (measurement dates).

Replacement Benefits Plan – The Enterprise’s allocation percentage was determined based on the Enterprise’s headcount (both active members and retirees) divided by the City’s total headcount for fiscal year 2021. The Enterprise’s total pension liability/(assets), deferred outflows/inflows of resources related to pensions, amortization of deferred outflows/inflows and pension expense is based on the Enterprise’s allocated percentage. The Enterprise’s allocation of the City’s proportionate share was 1.85% as of June 30, 2021, and 0.64% as of June 30, 2020 (measurement dates).

SFERS Plan Description – The Plan provides basic service retirement, disability, and death benefits based on specified percentages of defined final average monthly salary and provides annual cost-of-living adjustments after retirement. The Plan also provides pension continuation benefits to qualified survivors. The San Francisco City and County Charter and the Administrative Code are the authorities which establish and amend the benefit provisions and employer obligations of the Plan. The Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for the Plan. That report may be obtained on the Retirement System’s website or by writing to the San Francisco City and County Employees’ Retirement System, 1145 Market Street, 5th Floor, San Francisco, CA 94103 or by calling (415) 487-7000.

SAN FRANCISCO WATER ENTERPRISE

Notes to Financial Statements

June 30, 2022 and 2021

(Dollars in thousands, unless otherwise stated)

SFERS Benefits – Retirement System provides service retirement, disability and death benefits based on specified percentages of defined final average monthly salary and annual cost of living adjustments (COLA) after retirement. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan. The Retirement System pays benefits according to the category of employment and the type of benefit coverage provided by the City and County. The four main categories of Plan members are:

- a) Miscellaneous Non-Safety Members – staff, operational, supervisory, and all other eligible employees who are not in special membership categories.
- b) Sheriff's Department and Miscellaneous Safety Members – sheriffs assuming office on and after January 7, 2012, and undersheriffs, deputized personnel of the sheriff's department, and miscellaneous safety employees hired on and after January 7, 2012.
- c) Firefighter Members – firefighters and other employees whose principal duties are in fire prevention and suppression work or who occupy positions designated by law as firefighter member positions.
- d) Police Members – police officers and other employees whose principal duties are in active law enforcement or who occupy positions designated by law as police member positions.

The membership groups and the related service retirement benefits are included in the Notes to the Basic Financial Statements of San Francisco Employees' Retirement System.

All members are eligible to apply for a disability retirement benefit, regardless of age, when they have 10 or more years of credited service and they sustain an injury or illness that prevents them from performing their duties. Safety members are eligible to apply for an industrial disability retirement benefit from their first day on the job if their disability is caused by an illness or injury that they receive while performing their duties.

All retired members receive a benefit adjustment each July 1, which is the Basic COLA. The majority of adjustments are determined by changes in CPI with increases capped at 2%. The Plan provides for a Supplemental COLA in years when there are sufficient "excess" investment earnings in the Plan. The maximum benefit adjustment each July 1 is 3.5% including the Basic COLA. Effective July 1, 2012, voters approved changes in the criteria for payment of the Supplemental COLA benefit, so that Supplemental COLAs would only be paid when the Plan is also fully funded on a market value of assets basis. Certain provisions of this voter-approved proposition were challenged in the Courts. A decision by the California Courts modified the interpretation of the proposition. Effective July 1, 2012, members who retired before November 6, 1996 will receive a Supplemental COLA only when the Plan is also fully funded on a market value of assets basis. However, the "full funding" requirement does not apply to members who retired on or after November 6, 1996 and were hired before January 7, 2012. For all members hired before January 7, 2012, all Supplemental COLAs paid to them in retirement benefits will continue into the future even where an additional Supplemental COLA is not payable in any given year. For members hired on and after January 7, 2012, a Supplemental COLA will only be paid to retirees when the Plan is fully funded on a market value of asset basis and in addition for these members, Supplemental COLAs will not be permanent adjustments to retirement benefits. That is, in years when a Supplemental COLA is not paid, all previously paid Supplemental COLAs will expire.

Funding and Contribution Policy

SFERS Plan – Contributions are made by both the City and the participating employees. Employee contributions are mandatory as required by the Charter. Employee contribution rates

SAN FRANCISCO WATER ENTERPRISE

Notes to Financial Statements

June 30, 2022 and 2021

(Dollars in thousands, unless otherwise stated)

varied from 7.5% to 13.0% as a percentage of gross covered salary in fiscal years 2022 and 2021. Most employee groups agreed through collective bargaining for employees to contribute the full amount of the employee contributions on a pretax basis. The City is required to contribute at an actuarially determined rate. Based on the July 1, 2020 actuarial report, the required employer contribution rate for fiscal year 2022 was 19.91% to 24.41%. Based on the July 1, 2019 actuarial report, the required employer contribution rate for fiscal year 2021 was 22.40% to 26.90%.

Employer contributions and employee contributions made by the employer to the Plan are recognized when due and the employer has made a formal commitment to provide the contributions. The City's proportionate share of employer contributions recognized by the Retirement System in fiscal year ended June 30, 2021 and 2020 (measurement period) were \$791,736 and \$701,307, respectively. The Enterprise's allocation of employer contributions for fiscal year 2021 and 2020 (measurement period) were \$33,367 and \$29,647, respectively.

For the year ended June 30, 2022, the City's actuarial determined contribution was \$729,578. Water's share was \$31,151 for fiscal year 2022 and will be recognized as a reduction of the net pension liability in the subsequent fiscal period.

Replacement Benefits Plan – The RBP is and will remain unfunded and the rights of any participant and beneficiary are limited to those specified in the RBP. The RBP constitutes an unsecured promise by the City to make benefit payments in the future to the extent funded by the City. The City paid \$4,097 replacement benefits in the year ended June 30, 2022.

Pension Liabilities/(Asset), Pension Expenses, and Deferred Outflows and Inflows of Resources Related to Pensions

Fiscal Year 2022

As of June 30, 2022, the City reported net pension assets (NPA) for its proportionate share of the net pension (asset) of the SFERS Plan and net pension liability of RBP of \$2,227 million. The City's net pension asset for the SFERS Plan is measured as the proportionate share of the net pension asset. The net pension (asset) of the SFERS Plan is measured as of June 30, 2021 (measurement date), and the total pension asset for the SFERS Plan and RBP used to calculate the net pension (asset) was determined by an actuarial valuation as of June 30, 2020 rolled forward to June 30, 2021 using standard update procedures. The City's proportion of the net pension (asset) for the SFERS Plan was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. The Enterprise's allocation of the City's proportionate share of the net pension (asset) for the SFERS Plan and RBP as of June 30, 2022 (reporting year) was (\$100,407). The Enterprise's allocation of total pension liability for the RBP as of June 30, 2022 was \$4,056.

For the year ended June 30, 2022, the City's recognized pension (benefit) was (\$922,979) including amortization of deferred outflow/inflow related pension items. The Enterprise's allocation of pension (benefit) including amortization of deferred outflow/inflow related pension items was (\$29,908). Pension (benefit) increased from the prior year, largely due to the amortization of deferrals

As of June 30, 2022, the Enterprise reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

Fiscal Year 2022 Schedule of Deferred Outflows and Inflows of Resources				
	SFERS Plan		Replacement Benefits Plan	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contribution subsequent to measurement date	\$ 31,151	—	—	—
Differences between expected and actual experience	9,593	343	552	—

Net difference between projected and actual earnings on pension plan investments	—	226,935	—	—
Change in employer's proportion	3,531	1,706	200	1,381
Total	\$ 51,343	247,323	1,509	1,381

Amounts reported as deferred outflows, exclusive of contributions made after the measurement date, and deferred inflows of resources will be amortized annually and recognized in pension expense as follows:

Fiscal years	SFERS Plan	Replacement Benefits Plan
2023	\$ (57,166)	247
2024	(51,954)	52
2025	(54,608)	1
2026	(63,403)	(172)
Total	\$ (227,131)	128

Fiscal Year 2021

The City reported net pension liabilities for its proportionate share of the pension liability of the Plan and RBP of \$5,292,473 as of June 30, 2021. The City's net pension liability for the SFERS Plan is measured as the proportionate share of the net pension liability. The net pension liability of the SFERS Plan is measured as of June 30, 2020 (measurement date), and the total pension liability for the SFERS Plan and RBP used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2019 rolled forward to June 30, 2020 using standard update procedures. The City's proportion of the net pension liability for the SFERS Plan was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. The Enterprise's allocation of the City's proportionate share of the net pension liability for the Plan as of June 30, 2021 was \$215,240. The Enterprise's allocation of the total pension liability for the RBP as of June 30, 2021 was \$1,177.

For the year ended June 30, 2021, the City's recognized pension expense was \$962,576 including amortization of deferred outflow/inflow related pension items. The Enterprise's allocation of pension expense including amortization of deferred outflow/inflow related pension items was \$43,929. Pension expense increased from the prior year, largely due to the amortization of deferrals.

As of June 30, 2021, the Enterprise's reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

(Dollars in thousands, unless otherwise stated)

Discount Rate

Fiscal Year 2022

SFERS Plan – The beginning and end of year measurements are based on different assumptions and contribution methods that may result in different discount rates. The discount rate was 7.40% as of June 30, 2021 (measurement date) and June 30, 2020 (measurement date).

The discount rate used to measure the Total Pension Liability as of June 30, 2021 was 7.40%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will continue to be made at the rates specified in the Charter. Employer contributions were assumed to be made in accordance with the contribution policy in effect for July 1, 2020 actuarial valuation. That policy includes contributions equal to the employer portion of the entry age normal costs for members as of the valuation date, a payment for the expected administrative expenses, and an amortization payment on the unfunded actuarial liability.

The amortization payment is based on closed periods that vary in length depending on the source. Charter amendments prior to July 1, 2014 are amortized over 20 years. After July 1, 2014, any Charter changes to active member benefits are amortized over 15 years and changes to inactive member benefits, including Supplemental COLAs, are amortized over 5 years. The remaining unfunded actuarial liability not attributable to Charter amendments as of July 1, 2013 is amortized over a 19-year period commencing July 1, 2014. Experience gains and losses and assumption or method changes on or after July 1, 2014 are amortized over 20 years. The full amortization payment for the 2015 assumption changes is phased in over a period of 5 years. For the July 1, 2016 valuation, the increase in the unfunded actuarial liability attributable to the Supplemental COLAs granted on July 1, 2013 and July 1, 2014 are amortized over 17-years and 5-years respectively. All amortization schedules are established as a level percentage of payroll so payments increase 3.25% each year. The unfunded actuarial liability is based on an actuarial value of assets that smooths investment gains and losses over five years and a measurement of the actuarial liability that excludes the value of any future Supplemental COLAs.

While the contributions and measure of actuarial liability in the funding valuation do not anticipate any future Supplemental COLAs, the projected contributions for the determination of the discount rate include the anticipated future amortization payments on future Supplemental COLAs for current members when they are expected to be granted. For members who worked after November 6, 1996 and before Proposition C passed (Post 97 Retirees), a Supplemental COLA is granted if the actual investment earnings during the year exceed the expected investment earnings on the actuarial value of assets. For members who did not work after November 6, 1996 and before Proposition C passed, the market value of assets must also exceed the actuarial liability at the beginning of the year for a Supplemental COLA to be granted. When a Supplemental COLA is granted, the amount depends on the amount of excess earnings and the basic COLA amount for each membership group. The large majority of members receive a 1.50% Supplemental COLA when granted.

Because the probability of a Supplemental COLA depends on the current funded level of the Retirement System for certain members, an assumption was developed as of June 30, 2021 for the probability and amount of Supplemental COLA for each future year. A full Supplemental COLA will be paid to all retired members, and their beneficiaries, who were retired effective July 1, 2021. The table below shows the net assumed Supplemental COLA for members with a 2.00% Basic COLA for sample years.

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

Assumed Supplemental COLA for Members with a 2.00% Basic COLA

<u>Fiscal years</u>	<u>96 - Prop C</u>	<u>Before 11/6/96 or After Prop C</u>
2023	0.75 %	0.70 %
2025	0.75	0.70
2027	0.75	0.60
2029	0.75	0.60
2031	0.75	0.60
2033+	0.75	0.50

The projection of benefit payments to current members for determining the discount rate includes the payment of anticipated future Supplemental COLAs.

Based on these assumptions, the Retirement System's fiduciary net position was projected to be available to make projected future benefit payments for current members for all future years. Projected benefit payments are discounted at the long-term expected return on assets of 7.40% to the extent the fiduciary net position is available to make the payments and at the municipal bond rate of 2.16% to the extent they are not available. The single equivalent rate used to determine the Total Pension Liability as of June 30, 2021 is 7.40%.

The long-term expected rate of return on pension plan investments was 7.40%. It was set by the Retirement Board after consideration of both expected future returns and historical returns experienced by the Retirement System. Expected future returns were determined by using a building-block method in which best-estimate ranges of expected future real rates of return were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Target allocation and best estimates of geometric long-term expected real rates of return (net of pension plan investment expense and inflation) for each major asset class are summarized in the following table.

Long-Term Expected Real Rates of Return

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Global Equity	37.0 %	4.2 %
Private Equity	23.0	7.9
Private Credit	10.0	5.1
Real Assets	10.0	5.1
Hedge Funds/Absolute Return	10.0	2.9
Treasuries	8.0	0.0
Liquid Credit	5.0	2.3
Leverage	-3.0	0.1
Total	<u>100.0</u>	

Replacement Benefits Plan – The beginning and end of year measurements are based on different assumptions that result in different discount rates. The discount rate was 2.16% as of June 30, 2021. This reflects the yield for a 20-year, tax-exempt general obligation municipal bond with an average rating of AA/Aa or higher. The Municipal Bond Yields are the Bond Buyer 20-Year GO Index as of June 25, 2020 and June 24, 2021. These are the rates used to determine the total pension liability as of June 30, 2021.

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

The inflation assumption of 2.50% compounded annually was used for projecting the annual IRC Section 415(b) limitations. However, the actual IRC Section 415(b) limitations published by the IRS of \$230 for 2021 was used for the 2021 measurement date.

The SFERS assumptions about Basic and Supplemental COLA previously discussed also apply to the Replacement Benefits Plan, including the impact of the State Appeals Court determination that the full funding requirement for payment of Supplemental COLA included in Proposition C was unconstitutional and the impact is accounted for as a change in benefits.

On June 30, 2022, City's membership in the RBP had a total of 350 active members and 135 retirees and beneficiaries currently receiving benefits. The Enterprise has 9 active members and 3 retirees and beneficiary currently receiving benefits.

Fiscal Year 2021

SFERS Plan – The beginning and end of year measurements are based on different assumptions and contribution methods that may result in different discount rates. The discount rate was 7.40% as of June 30, 2020 (measurement date) and June 30, 2019 (measurement date).

The discount rate used to measure the Total Pension Liability as of June 30, 2020 was 7.40%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will continue to be made at the rates specified in the Charter. Employer contributions were assumed to be made in accordance with the contribution policy in effect for July 1, 2019 actuarial valuation. That policy includes contributions equal to the employer portion of the entry age normal costs for members as of the valuation date, a payment for the expected administrative expenses, and an amortization payment on the unfunded actuarial liability.

The amortization payment is based on closed periods that vary in length depending on the source. Charter amendments prior to July 1, 2014 are amortized over 20 years. (b) Other Post-Employment Benefits

The Enterprise participates in a single-employer defined benefit other postemployment benefits plan (the Plan). The Plan is maintained by the City and is administered through the City's Health Service System. It provides postemployment medical, dental and vision insurance benefits to eligible employees, retired employees, surviving spouses, and domestic partners. Health benefit provisions are established and may be amended through negotiations between the City and the respective bargaining units. The City does not issue a separate report on its other postemployment benefit plan.

GASB Statement No. 75 requires that reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used.

San Francisco Health Service System Retiree Plan - Single-Employer

Fiscal year 2022	
Valuation Date (VD)	June 30 2020, updated to June 30, 2021
Measurement Date (MD)	June 30, 2021
Measurement Period (MP)	July 1, 2020 to June 30, 2021
Fiscal year 2021	
Valuation Date (VD)	June 30, 2020
Measurement Date (MD)	June 30, 2020
Measurement Period (MP)	July 1, 2019 to June 30, 2020

The Enterprise's proportionate share percentage of the Plan was determined based on its percentage of citywide "pay-as-you-go" contributions for the year ended June 30, 2021 and June 30, 2020. The Enterprise's net OPEB liability, deferred outflows/inflows of resources related to OPEB, amortization of deferred outflows/inflows and OPEB expense to each department is based on the Enterprise's allocated percentage. The Enterprise's proportionate share of the City's OPEB elements as of June 30, 2021 and 2020 measurement dates were 3.90% and 3.89%, respectively.

Benefits

Permanent full-time and elected employees are eligible to retire and receive postretirement health insurance benefits when they are eligible for retirement benefits from the City and County of San Francisco’s Retirement System. The eligibility requirements are as follows:

Normal Retirement	Miscellaneous	Age 50 with 20 years of credited service ¹ Age 60 with 10 years of credited service
	Safety	Age 50 with 5 years of credited service
Disabled Retirement ²		Any age with 10 years of credited service
Terminated Vested		5 years of credited service at separation

¹ Age 53 with 20 years of credited service, age 60 with 10 years of credited service, or age 65 for Miscellaneous members hired on or after January 7, 2012.

² No service requirement for Safety members retiring under the industrial disability benefit or for surviving spouses / domestic partners of those killed in the line of duty.

Retiree healthcare benefits are administered by the San Francisco Health Service System and include the following:

Medical:	PPO – City Health Plan (self-insured) and UHC Medicare Advantage (fully-insured) HMO – Kaiser (fully-insured) and Blue Shield (flex-funded)
Dental:	Delta Dental, DeltaCare USA and UnitedHealthcare Dental
Vision:	Vision benefits are provided under the medical insurance plans and are administered by Vision Service Plan.

Projections of the sharing of benefit related costs are based on an established pattern of practice.

Contributions

Benefits provided under the Plan are currently paid through “pay as you go” funding. Additionally, under the City Charter, active officers and employees of the City who commenced employment on or after January 10, 2009, shall contribute to the Retiree Health Care Trust Fund (Trust Fund) a percentage of compensation not to exceed 2% of pre-tax compensation. The City shall contribute 1% of compensation for officers and employees who commenced employment on or after January 10, 2009 until the City’s GASB Actuary has determined that the City’s portion of the Trust Fund is fully funded. At that time, the City’s 1% contribution shall cease, and officers and employees will each contribute 50% of the maximum 2% of pre-tax compensation.

Starting July 1, 2016, active officers and employees of the City who commenced employment on or before January 9, 2009, shall contribute 0.25% of pre-tax compensation into the Trust Fund. Beginning on July 1st of each subsequent year, the active officers and employees of the City who commenced employment on or before January 9, 2009, shall contribute an additional 0.25% of pre-tax compensation up to a maximum of 1%. Starting July 1, 2016, the City shall contribute 0.25% of compensation into the Trust Fund for each officer and employee who commenced employment on or before January 9, 2009. Beginning on July 1st of each subsequent year, the City shall contribute an additional 0.25% of compensation, up to a maximum of 1% for each officer and employee who commenced employment on or before

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

January 9, 2009. When the City’s actuary has determined that the City’s portion of the Trust Fund is fully funded, the City’s 1% contribution shall cease, and officers and employees will each contribute 50% of the maximum 1% of pre-tax compensation.

Additional or existing contribution requirements may be established or modified by amendment to the City’s Charter.

For the fiscal years ending June 30, 2022 and 2021, funding was based on “pay-as-you-go” plus a contribution of \$41,841 and \$39,555 to the Retiree Healthcare Trust Fund, respectively. The “pay-as-you-go” portion paid by the City was \$211,025 for a total contribution of \$252,866 for the fiscal year ending June 30, 2022, and \$206,439 for a total contribution of \$245,994 for the fiscal year ending June 30, 2021. The Enterprise’s proportionate share of the City’s contributions for fiscal year 2022 was \$9,873, and for fiscal year 2021 was \$9,572, and will be recognized as a reduction of the net OPEB liability in the subsequent fiscal period.

OPEB liabilities, OPEB Expenses and Deferred Outflows/Inflows of Resources Related to OPEB

Fiscal Year 2022

As of June 30, 2022, the City reported net OPEB liabilities related to the Plan of \$3,691,122. The Enterprise’s proportionate share of the City’s net OPEB liability as of June 30, 2022 was \$144,115.

For the year ended June 30, 2022, the City’s recognized OPEB expense was \$272,001. Amortization of the City’s deferred outflows and inflows is included as a component of OPEB expense. The Enterprise’s proportionate share of the City’s OPEB expense was \$14,566.

As of June 30, 2022, the Enterprise reported its proportionate share of the City’s deferred outflows/inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Contributions subsequent to measurement date	\$ 9,873	\$ -
Differences between expected and actual experience	4,330	22,191
Changes in assumptions	6,091	-
Net difference between projected and actual earnings on plan investments	-	2,728
Change in Proportion	12,151	429
Total	\$ 32,445	\$ 25,348

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

Amounts reported as deferred outflows, exclusive of contributions made after the measurement date, and deferred inflows of resources will be amortized annually and recognized in OPEB expense as follows:

Year ended June 30:		
2023	\$	(313)
2024		(324)
2025		(286)
2026		(263)
2027		(669)
Thereafter		(921)
Total	\$	<u>(2,776)</u>

Fiscal Year 2021

As of June 30, 2021, the City reported net OPEB liabilities related to the Plan of \$3,823,334. The Enterprise's proportionate share of the City's net OPEB liability as of June 30, 2021 was \$148,771.

For the year ended June 30, 2021, the City's recognized OPEB expense was \$320,684. Amortization of the City's deferred outflows and inflows is included as a component of OPEB expense. The Enterprise's proportionate share of the City's OPEB expense was a credit of \$5,978.

As of June 30, 2021, the Enterprise reported its proportionate share of the City's deferred outflows/inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Contributions subsequent to measurement date	\$ 9,572	\$ -
Differences between expected and actual experience	5,394	21,315
Changes in assumptions	7,531	-

Fiscal Year 2022

Employer	-1.00%	Healthcare Trend	1.00%
Water	\$ 122,667	\$ 144,115	\$ 170,851

Fiscal Year 2021

Employer	-1.00%	Healthcare Trend	1.00%
Water	\$ 128,633	\$ 148,771	\$ 175,020

Discount Rate

Fiscal Year 2022

The discount rate used to measure the Total OPEB Liability as of June 30, 2021 was 7.0%. Based on the assumption that plan member contributions will continue to be made at the rates specified in the Charter, it was determined that the Plan's projected fiduciary net position will be greater than or equal to the benefit payments projected for each future period. As such, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

The long-term expected rate of return on OPEB plan investments was 7.0% based on expected future returns and historical returns experienced by the Trust Fund. Expected future returns were determined based on 10-year and 20-year capital market assumptions for the Trust Fund's asset allocation. Target allocation for each major asset class and best estimates of geometric real rates of return are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Real Rate of Return
Equities		
U.S. Large Cap	28.0%	8.2%
U.S. Small Cap	3.0%	9.5%
Developed Market Equity (non-U.S.)	15.0%	8.9%
Emerging Market Equity	13.0%	11.0%

The City issues a publicly available financial report that includes the complete note disclosures and required supplementary information related to the City's postemployment health care obligations. The report may be obtained by writing to the City and County of San Francisco, Office of the Controller, 1 Dr. Carlton B. Goodlett Place, Room 316, San Francisco, California 94102, or by calling (415) 554-7500.

(12) Related Parties

Various common costs incurred by the Commission are allocated among the Enterprise, Hetch Hetchy Water and Power and CleanPowerSF Enterprise, and the Wastewater Enterprise. The allocations are based on the Commission management's best estimate and may change from year to year depending on the activities incurred by each Enterprise and the information available. The administrative costs including COVID-19 Project expenses of \$52,769 or 49.2% and \$48,374 or 49.4% were allocated to the Enterprise for the years ended June 30, 2022 and 2021, respectively.

The City performs certain administrative services such as maintenance of accounting records and investment of cash for all fund groups within the City. The various funds are charged for these services based on the City's indirect cost allocation plan.

The Enterprise purchases water from Hetch Hetchy Water. The amounts, totaling \$45,815 and \$44,149 for the years ended June 30, 2022 and 2021, respectively, have been included in the services provided by other departments in the accompanying financial statements.

The Enterprise purchases electricity from Hetch Hetchy Power at market rates. The amounts, totaling \$11,394 and \$9,790 for the years ended June 30, 2022 and 2021, respectively, have been included in services provided by other departments in the accompanying financial statements.

The Enterprise sold water to the Wastewater Enterprise at retail rates. This amount, totaling \$1,819 and \$1,308 for the years ended June 30, 2022 and 2021, respectively, has been included in charges for services in the accompanying financial statements.

Since fiscal year 2008, the Enterprise has charged City departments for water usage except for fire hydrants, which are used for general public safety. In fiscal years 2022 and 2021, the Enterprise delivered water for fire hydrant purposes totaling \$8 and \$7, respectively, based on metered usage and applicable water rates, and the amount has been excluded from operating revenues in the accompanying financial statements.

A variety of City departments provide services such as engineering, purchasing, legal, data processing, telecommunications, and human resources to the Enterprise and charge amounts designed to recover those departments' costs. These charges, totaling \$15,951 and \$16,239 for the years ended June 30, 2022 and 2021, respectively, have been included in services provided by other departments in the accompanying financial statements.

SAN FRANCISCO WATER ENTERPRISE

Notes to Financial Statements

June 30, 2022 and 2021

(Dollars in thousands, unless otherwise stated)

During the fiscal year ended June 30, 2022, the Enterprise transferred \$30,000 to Hetch Hetchy Water to fund various Mountain Tunnel projects, \$500 to the Department of Public Works for the UN Plaza Large Alternative Water Source project and purchase of capital assets, \$134 to the Arts Commission for arts enrichment fund for the new CDD Headquarters, and \$32 to the Office of the City Administrator for the Enterprise's contribution to the Surety Bond Program. The Enterprise received \$15,030 for the Earthquake Safety and Emergency Response program, and \$5 from the General Fund for low income assistance programs.

As of June 30, 2022, the Enterprise had interfund receivables of \$102 from DPW relating to custom work projects and \$69 from Academy of Sciences for unpaid interdepartmental services. As of June 30, 2021, the Enterprise had \$248 due from DPW for custom work projects.

The Enterprise had receivables due from the Treasure Island Development Authority for capacity fees of \$195 and from the Office of Community Investment and Infrastructure for custom work projects of \$7 for the year ended June 30, 2022. As of June 30, 2021, the Enterprise had no receivables due from component units.

SFPUC's 75-year lease agreement with the San Francisco Recreation and Park Department, for the use of parking spaces for its fleet of vehicles at the Civic Center Garage, commenced on February 1, 2011. The total payment under this agreement is \$6,274, which was fully made as of fiscal year 2015. The expenses and prepayments among the three SFPUC Enterprises are based on 525 Golden Gate occupancy. As of June 30, 2022, the Enterprise's allocable shares of expenses and prepayment were \$44 and \$3,265, respectively; and at June 30, 2021, the Enterprise's allocable shares of expenses and prepayment were \$45 and \$3,309, respectively.

(13) Risk Management

The Enterprise's Risk Management program includes both self-insured (i.e., self-retention) and insured exposures at risk. Risk assessments and purchasing of insurance coverage are collaboratively coordinated by SFPUC Risk Management and the City's Office of Risk Management. With certain exceptions, the City and the Enterprise's general approach is to first evaluate the exposure at risk for self-insurance. Based on this analysis, internal mitigation strategies and financing through a self-retention mechanism is generally more economical as the SFPUC in coordination with the City Attorney's Office, administers, adjusts, settles, defends, and pays claims from budgeted resources (i.e., pay-as-you-go fund). When economically more viable or when required by debt financing covenants, the Enterprise obtains commercial insurance. At least annually, the City actuarially determines general liability and workers' compensation risk exposures. The Enterprise does not maintain commercial earthquake coverage, with certain minor exceptions, such as a sub-limit for fire-sprinkler leakage due to earthquake under the SFPUC Property Insurance program. In the past three years, there was no settlements that exceeded insurance coverage.

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

<u>Risk</u>	<u>Coverage Approach</u>
(a) General liability	Self-Insured
(b) Workers' compensation	Self-Insured through Citywide Pool
(c) Property	Purchased Insurance and Self-Insured
(d) Public officials liability	Purchased Insurance
(e) Employment practices liability	Purchased Insurance
(f) Cyber Liability	Purchased Insurance
(g) Crime	Purchased Insurance
(h) Electronic data processing	Purchased Insurance and Self-Insured
(i) Surety bonds	Purchased and Contractual Risk Transfer
(j) Errors and omissions	Purchased and Contractual Risk Transfer
(k) Builders' risk	Contractual Risk Transfer

(a) General Liability

Through coordination with the Controller Office and the City Attorney's Office, the general liability risk exposure is actuarially determined and is addressed through pay-as-you-go funding as part of the budgetary process. Associated costs and estimates are recorded as expenses as required under GAAP for financial statement purposes for both the Enterprise and the City and County of San Francisco's Annual Comprehensive Financial Report. The claim expense allocations are determined based on actuarially determined anticipated claim payments and the projected timing of disbursement.

The changes for the general liability (damage claims) for the years ended June 30, 2022 and 2021 are as follows:

<u>Fiscal years</u>	<u>Beginning of year</u>	<u>Claims and changes in estimates</u>	<u>Claims paid</u>	<u>End of year</u>
2022	\$ 36,723	452	(1,106)	36,069
2021	10,767	27,643	(1,687)	36,723

(b) Workers' Compensation

The City actuarially determines and allocates workers' compensation costs to the Enterprise according to a formula based on the following: (i) the dollar amount of claims; (ii) yearly projections of payments based on historical experience; and (iii) the size of the Enterprise's payroll. The administration of workers' compensation claims and payouts are handled by the Workers' Compensation Division of the City's Department of Human Resources. Statewide workers' compensation reforms have resulted in budgetary savings in recent years. The City continues to develop and implement improved programs, such as return-to-work programs, to lower or mitigate the growth of workers' compensation costs. Programs include accident prevention, investigation, and duty modification for injured employees with medical restrictions so return to work can occur as soon as possible.

The changes in the liabilities for workers' compensation for the years ended June 30, 2022 and 2021 are as follows:

<u>Fiscal years</u>	<u>Beginning of year</u>	<u>Claims and changes in estimates</u>	<u>Claims paid</u>	<u>End of year</u>
2022	\$ 8,828	2,793	(2,648)	8,973
2021	9,174	1,912	(2,258)	8,828

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

(c) Property

The Enterprise's property risk management approach varies depending on whether the facility is currently under construction, the property is part of revenue-generating operations, the property is of high value, or is mission-critical in nature. During the course of construction, the Enterprise requires each contractor to provide its own insurance, while ensuring the full scope of work be covered with satisfactory levels to limit the Enterprise's risk exposure. Once construction is complete, the Enterprise performs an assessment to determine whether liability/loss coverage will be obtained through the commercial property policy or self-insurance. The majority of property scheduled in the insurance program is for either: (1) revenue generating facilities, (2) debt-financed facilities, (3) mandated coverage to meet statutory requirements for bonding of various public officials, or (4) high-value, mission-critical property or equipment.

(d) Public Officials Liability

All Enterprise public officials with financial oversight responsibilities are provided coverage through a commercial Public Officials Liability Policy.

(e) Employment Practices Liability

A Policy is retained to protect against employment-related claims and liabilities.

(f) Cyber Liability

A Policy is retained to protect against cyber-related claims and liabilities.

(g) Crime

The Enterprise also retains a Commercial Crime Policy, in lieu of bonding its employees, to provide coverage against liabilities or losses due to third-party crime or employee fraud.

(h) Electronic Data Processing

The Electronic Data Processing policy protects selected high-value electronic property in case of damage or loss.

(i) Surety Bonds

Bonds are required in most phases of the public utilities construction contracting process for such phases as bid, performance, and payment or maintenance. Additionally, bonds may be required in other contracts where goods or services are provided to ensure compliance with applicable terms and conditions such as warranty.

(j) Errors and Omissions

Errors and omissions, also known as Professional Liability, are commonly transferred through contract to the contracted professional, or retained through self-insurance on a case-by-case basis depending on the size, complexity, or scope of construction or professional service contracts. Examples of such contracts are inclusive of services provided by engineers, architects, design professionals, and other licensed or certified professional service providers.

SAN FRANCISCO WATER ENTERPRISE
Notes to Financial Statements
June 30, 2022 and 2021
(Dollars in thousands, unless otherwise stated)

(k) Builders' Risk

Builders' risk policies of insurance are required to be provided by the contractor on all construction projects for the full value of construction.

(14) Commitments and Litigation

(a) Commitments

As of June 30, 2022 and 2021, the Enterprise has outstanding commitments with third parties of \$322,132 and \$185,161, respectively, for various capital projects and other purchase agreements for materials and services.

(b) Grants

Grants that the Enterprise receives are subject to audit and final acceptance by the granting agency. Current and prior year costs of such grants are subject to adjustment upon audit.

(c) Litigation

The Enterprise is a defendant in various legal actions and claims that arise during the normal course of business. The final disposition of those legal actions and claims is not determinable. However, in the opinion of management, the outcome of any litigation of these matters will not have a material effect on the financial position or changes in net position of the Enterprise.

(d) Environmental Issue

As of June 30, 2022 and 2021, the pollution remediation liability of \$1,271 related to the Pacific Rod & Gun Club site.

(15) Subsequent Events

(a) Extension Moratorium on Shutoffs

On September 13, 2022, the Commission approved to extend moratorium on shutoff of water service for residents in the City through June 30, 2023 and granted the General Manager discretion to restart severance and liens processes to multifamily residential accounts carrying balances greater than \$25 which are 90 days or more past due.

Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

The Honorable Mayor and Board of Supervisors

City and County of San Francisco: We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of San Francisco Water Enterprise (the Enterprise), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Enterprise's basic financial statements, and have issued our report thereon dated January 27, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Enterprise's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Enterprise's internal control. Accordingly, we do not express an opinion on the effectiveness of the Enterprise's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Enterprise's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Enterprise's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
