NOTES FROM PARTICIPANTS + BOARDS

Overall Site Plan Board:

- Note from Tai – PE teachers would like to keep the long jump. Consider if it can be re-located to the south of the existing play structure in the upper yard.
- Less basketball courts
- Better basketball courts
- Redo ground at volleyball court
- Remove old pavement - hurts when falling
- Adjustable poles at volleyball courts
- Swing area
- Less pavement
- More gardens (2x)
- More grass area
- Like the soccer field (3x)
- More trees and shade (2x)
- Space to eat in the shade
- Like the new seating
- More seating in upper yard
- More spaces to eat and more activity areas
- Ponding issues at stage – this area is underutilized
- Pollinator garden should move away from people where they are eating
- I like the project
- “Pretty good”

- Add a lake?
- Pool 2x

Artificial Turf Focus Board:

- Like the play slopes (9x)
- Love the soccer and turf (3x)
- More trees and shade (3x)
- Shaded seating (2x)
- More play structures (3x)
- Not all basketball courts are used
- Potential for benches between courts?
- Existing pollinator garden should remain
- Like the existing play structure
- Current play structures aren't that fun
- Ground is really rough
- Drainage problems in walkway below middle yard
- Slide, swings, and monkey bars
- Swing set

Yard Entrance and Community Zone Board:

- Really like the chess tables
- Current lunch tables/seating is not comfy and could improve
- More flexible seating would be useful
- Art, posters around new areas
- More art - mural
- More trees and benches
- More trees
- "Pretty good"
- Really cool
- Water fountains
- More sport areas (other than basketball)
- More sport areas, more court areas, less gravel areas (slip and fall)
- No soccer field since we have soccer next to the school
