

San Francisco
Water Power Sewer

Services of the San Francisco Public Utilities Commission

Geary Boulevard Sewer and Water Improvements Phase 2

32nd Avenue to Stanyan Street

July 10, 2024

Project Purpose and Objective

Purpose

- Rehabilitate or replace existing sewer and water mains and laterals that have exceeded their useful life

Objective

- Maintain critical utility services
- Increase stormwater conveyance
- Avoid disruptive emergency repairs
- Upsize pipelines to improve water flows for firefighting

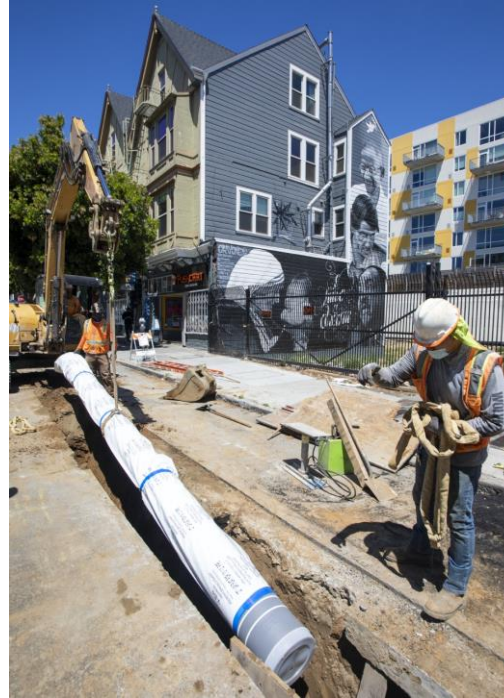

Project Scope

Sewer

Approximately
1.4 miles of sewer
main rehabilitation or
replacement

Water

Approximately
6.7 miles of water
main replacement

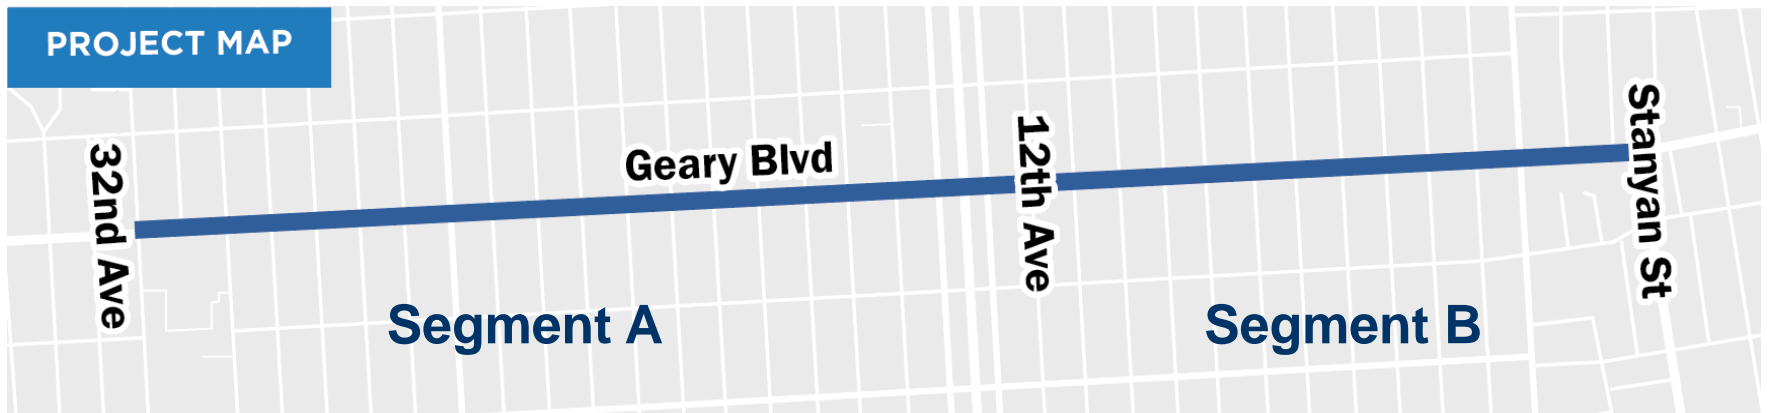

Fiber

1.5 miles of fiber optic
conduit upgrades

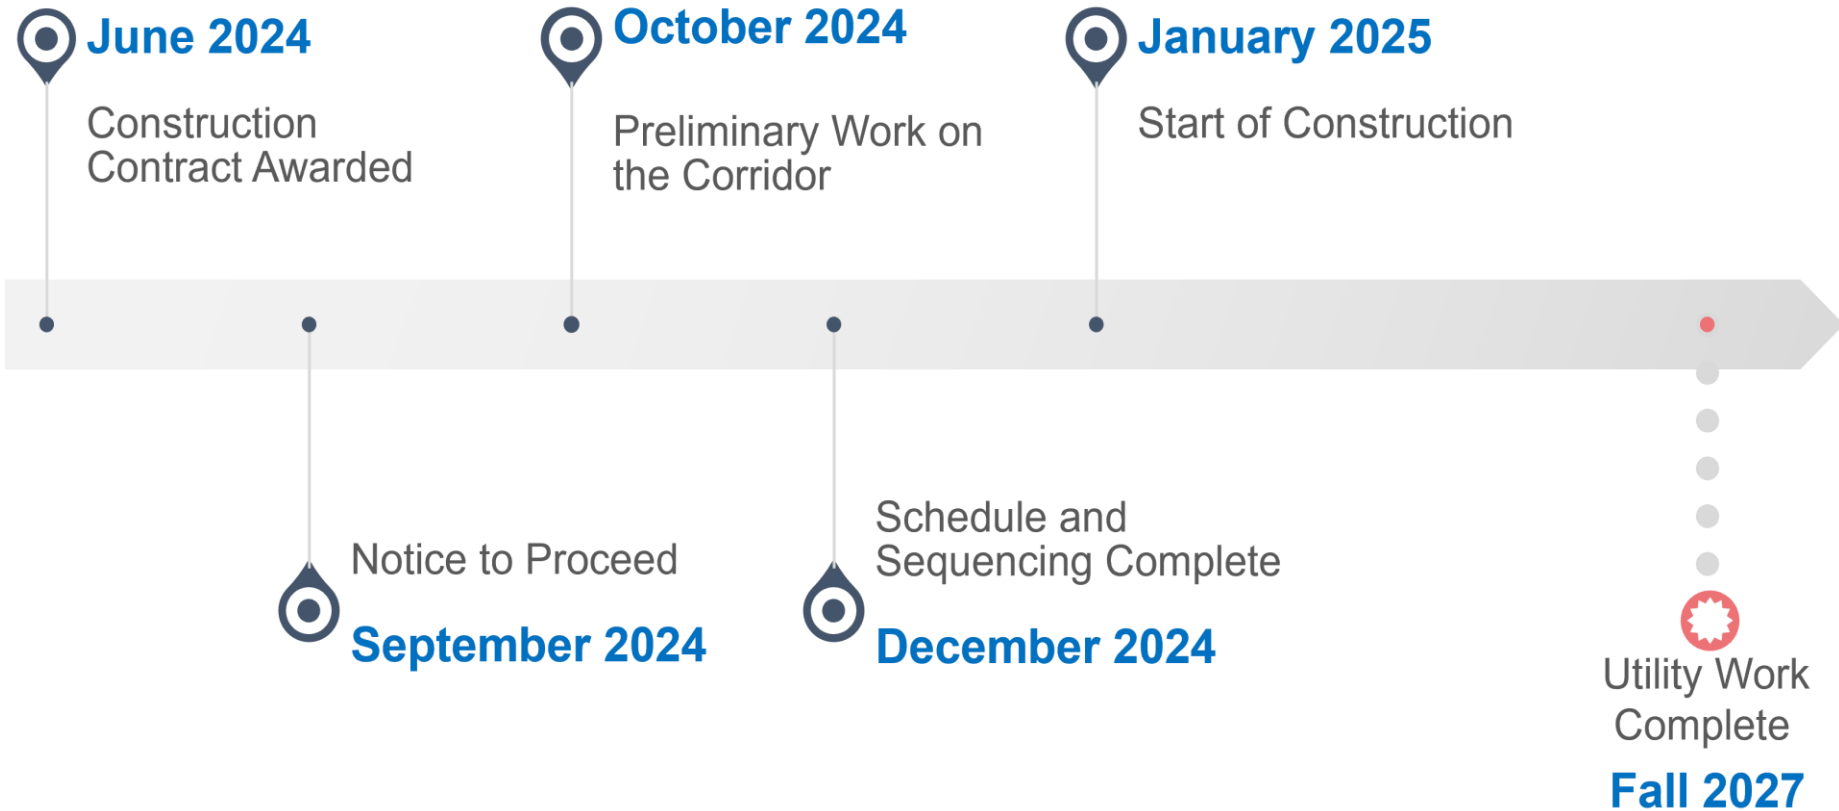

Work Segments

Segment A: 32nd Avenue to 12th Avenue

Segment B: 12th Avenue to Stanyan Street

Utility Work Project Timeline

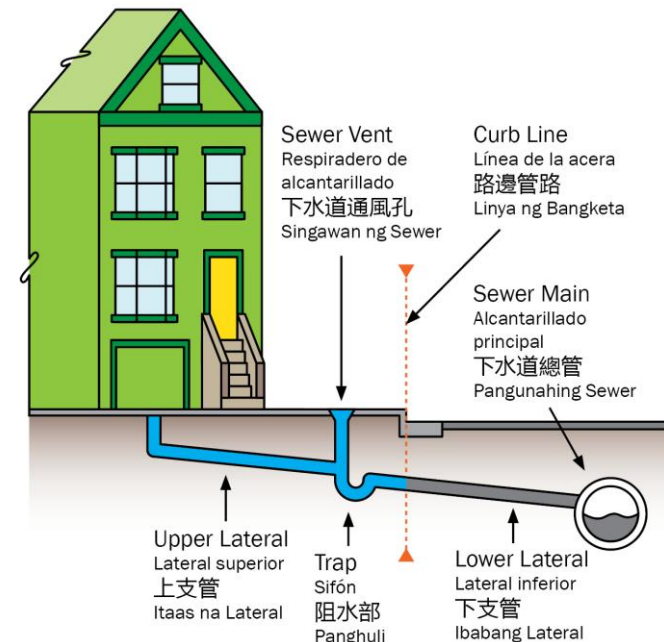

Potholing

- Identify locations of underground utility lines
- Reduces accidental damage during excavation
- No major excavation required

Sewer Lateral Inspections

- Lower laterals inspected where sewer mains will not be rehabilitated or replaced
- May require minor excavation in the parking strip and/or sidewalk
- Ensure sewer infrastructure along the entire project corridor in state of good repair

Upcoming Outreach

Small Business Working Group

- Venue for merchants and the Project Team to share updates, explore challenges, discuss ways to reduce impacts and encourage business in the area during construction
- Member recruitment in summer 2024; kickoff in October 2024

Community webinar

- Held virtually in early Fall

Community events

- Richmond District Night Market
- Autumn Moon Festival
