

## SFPUC Green Infrastructure Grants for Homes

### Interested Residential Contractor List

The SFPUC has generated an Interested Residential Contractor List to serve as a resource for participants in the Residential Green Infrastructure Grant Program. The vendors included below offer a variety of services, including design, project management, construction, and ongoing operations and maintenance. By providing this sample list of current technologies and companies, the San Francisco Public Utilities Commission does not endorse, warrant, or make representations or endorsements as to the accuracy, quality or completeness of the listed information, or the competency or effectiveness of listed technologies and companies. The City and County of San Francisco will not be responsible for any loss, damage, cost or expense the user might incur as a result of the use of, or reliance upon, the information and companies listed.

Contractors denoted with an asterisk (\*) have previously worked on projects for the Green Infrastructure Grants for Homes program.

Contractor	Contact Information and GI Certifications	Project Related Services	GI Types
