Commercial High-Efficiency Washer Rebate Terms

The San Francisco Public Utilities Commission is offering a rebate of up to \$5000 per qualifying commercial-grade high-efficiency clothes washer installed in a Laundromat, commercial property, or in the common area of a multi-family building with at least 10 dwelling units. Commercial clothes washing machines are intended for settings that require constant, daily use by many people and large capacities of laundry. The SFPUC's commercial washer rebate program is not for single-family homes or small multi-family properties. The SFPUC's [residential washer rebate program](#) serves small residential properties.
